GERMANY MUST PAY THIRTY BILLIONS

Riots in Derry and Ireland's Death List Is Swelled by Four

Disturbances in Londonderry Again To-day After Two Nights of Fighting; Many Individual Combats in Streets; Soldiers and Police on Guard.

London, May 17.—The killing of a former soldier in Londonderry last night brought up to four the deaths by violence reported in Ireland on Saturday night and Sunday, a police sergeant and a young man having been killed in Londonderry Saturday night and a clerk murdered in Limerick the same night.

The victim in Limerick was James Dalton, who was waylaid in a downtown street by a party of nine men and riddled with revolver shots.

Londonderry, May 17.—Londonderry, after two nights of rioting, was again the scene of riotous demonstrations to-day.

The city was in a state of high tension and hundreds of men remained away from their work, walking about the streets, where many individual encounters occurred between Sinn Feiners and Unionists. There was stone throwing by the crowds to some extent, and at one point Sinn Feiners, the police reported, fired at two Unionists, ex-soldiers, but missed their mark.

Hundreds of the militia, with machine guns, and police, with rifles, were ordered to the usual danger point—between Bridge and Fountain Streets.

Last Night.

Londonderry, May 17. — Rioting here last night between Nationalist and Unionist mobs was even fiercer than Saturday's fighting. Bottles, bricks and pistols were again freely employed by the combatants and many more shop windows were broken.

Groups of men and women in the Unionist quarters of Fountain Street followed an exchange of party cries with stone and bottle throwing. Then more than 100 revolver shots followed. In addition to the killing of a former soldier named Doherty, three men were wounded.

When the fighting started, the police in the disturbed area were withdrawn and for a few hours mob law was supreme. Doherty was passing along Orchard Street when a shot rang out. He ran some distance and then fell and was carried into a nearby house by some girls. As the last rites of the church were administered, the crowd outside knelt and repeated the prayers.

Held Bridge.

Armed and masked men who held Carlisle Bridge as a sort of "No Man's Land" Saturday night took possession again Sunday night and there was indiscriminate revolver shooting. Nationalists who previously had used the bridge to reach Waterside were compelled to use rowboats.

Left Infirmary.

London, May 17.—Thirty-four Sinn Fein hunger strikers recently released from Wormwood Scrubbs prison, who have since been undergoing treatment at the Maryleborne Infirmary in London, left there Sunday afternoon after a protest against an alleged shortage of rations, and have not returned.

According to The Mail, the ordinary rations failed, owing to the illness of the steward and the admission of several new patients, and the Sinn Feiners refused to partake of the improvised rations.

(Concluded on page 4.)

BUDGET SPEECH AT OTTAWA TUESDAY

Debate May Last a Month; Discussion of Minister at Washington

Ottawa, May 17.—The members of the Commons are facing a busy week. The budget will be brought down to-morrow and indications are that the debate will last from three weeks to a month. Whatever may be in the mind of the Government and the Finance Minister in the way of taxation proposals, the secret is being well guarded.

This evening at 8 o'clock the House is to go into committee of supply.

It has been intimated that the subject for discussion to-morrow evening will be the arrangements for the appointment of a Canadian Minister-Plenipotentiary at Washington. There has been complaint among the Liberals that this decision was reached without any consultation with Parliament and they hold that the House should be asked for its opinion before any such important step is decided upon.

MEMORIAL DAY.

Paris, May 17.—Eighty thousand American flags are being sent out by the American Memorial Day committee here to the various cemeteries so that there will be ample supply available for the ceremonies May 30. Wreaths and flowers are to decorate the graves of 22,000 American soldiers.

IRISH ASSEMBLY NEW PLAN URGED

Lord Hugh Cecil Suggests Elected Body to Prepare a Government Bill

London, May 17. — Lord Hugh Cecil, in a letter to The London Times, suggests that the Government should set up a Constituent Assembly in Ireland for the purpose of devising and formulating a bill for the better government of Ireland. The Assembly would be elected by the whole of Ireland on the principle of proportional representation.

The Assembly, he thinks, should be allowed to present any plan it might choose, including one for making Ireland an independent republic.

No Waste of Time.

In the meantime, the writer suggests, the Irish government should not waste its time "in measures against sedition or treasonable language, whether within or spoken, or against any demonstration falling short of violence."

Lord Hugh does not anticipate that the Assembly would present a bill which Parliament would be able to accept, but suggests that the Assembly be kept in being until some plan acceptible to Great Britain was evolved.

ROBERT B. GLENN DIES IN WINNIPEG

Member of International Commission; Ex-Governor of North Carolina

Winnipeg, May 17.—R. B. Glenn, former Governor of North Carolina, a member of the International Joint Commission of Waterways, died of heart failure at a local hotel at 8 o'clock last night. A trained nurse who had been a constant attendant on Mr. Glenn for the last year was the only person with him when he died.

Premonition.

Winston Salem, N. C., May 17.—Former Governor Robert Glenn, who died last night in Winnipeg, had been in ill-health for some time. In letters received by members of his family Saturday, he intimated a fear that he would not return alive from Winnipeg, and expressed a desire to "die in harness."

VESSEL WRECKED; CREW WAS SAVED

London, May 17.—The American steamship Lake Grafton, of 1,610 tons, bound from Swansea for Copenhagen, was wrecked off Mounts Bay, Cornwall, Saturday. The crew was landed safely.

A WINNIPEG DEATH.

Winnipeg, May 17.—The death occurred here Saturday of Mrs. Grisdale, wife of the former Bishop of Qu'Appelle.

MANY MENNONITES WILL LEAVE CHURCH; STAY IN CANADA

Winnipeg, May 17. — The decision to leave Canada is causing a decided split among the Mennonites, both in Manitoba and Saskatchewan, according to reports reaching here. It is said that many will break away from the church and retain their holdings in this country and conform to the laws like other citizens.

German Reds Said to Be Planning New Uprising

Berlin, May 16.—According to a news agency, the German Government has been informed of the existence of a widely ramified Communistic plot, hatched in a Berlin suburb, for sabotage during the elections for the Reichstag by organized attacks on the polling booths and destruction of ballot boxes and ballots.

Should the plans miscarry, with the result that the elections favor the bourgeoisie, the news agency says, a rising has been planned by the plotters to break out, not in Berlin, but in the central provinces, with a view to establishing soviets throughout Germany.

The Government, says the agency, while taking necessary protective action, is keeping close watch for any developments.

The Morgenpost says that a warrant for the arrest of General von Luettwitz, leader of the military arm of the Kapp revolutionary dictatorship, on a charge of high treason, has been issued by the examining judge of the Leipzic supreme court.

The Government views the seizure of Sangerhausen Friday by Communists as simply a criminal thieving raid, not inspired by political motives. The Communists, after breaking into stores, the bank and post office with grenades and plastering the town with proclamations signed with the name of Max Holz, the Communist leader who recently was apprehended in Czecho-Slovakia, decamped with their loot in automobiles. They were pursued by citizens ,but only two were caught.

BOLSHEVIKI TRY TO RECAPTURE KIEV

Moscow Report Tells of a Battle Ten Miles From the City

London, May 17.—Russian Bolshevik forces are striking back at the Polish and Ukrainian troops which captured Kiev about ten days ago, according to an official statement issued in Moscow yesterday and received here by wireless. The statement said Soviet troops had started an advance and were engaged about ten miles northeast of Kiev.

"In the Borizov region fighting of a local character occurred," the statement continued. "Our airmen engaged successfully the Polish airmen and downed a Polish aeroplane. The aviator was taken prisoner.

Claim Successes.

"In the Cherkast region, we have occupied a village west of that town. In the Vapaniarka region our troops are conducting a successful fight ten miles north of the Vapaniarka station.

"In the Crimea, west of Perekop Isthmus, enemy ships several times bombarded coast villages.

"In the Sea of Azov, there have been encounters with enemy ships fourteen miles west of Berdianst. The enemy ships were forced to retire."

(Concluded on page 4.)

SEIZURE MADE OFF COAST OF FLORIDA

Tampa, Fla., May 17.—Government authorities captured seventeen Chinese, six quarts of some liquid thought to be an opiate, 1,000 quarts of whisky, 1,500 quarts of cognac, fourteen five-gallon demijohns of Aguardiente and five demijohns of Cuban wine on board the Cuban schooner Reemplazo off the coast of Tarpon Springs and brought the lot into Tampa yesterday.

Swiss Vote Is in Favor of League Membership

Berne, May 16.—Via London, May 17.—Switzerland, in a referendum to-day on the question of accepting or rejecting membership in the League of Nations, voted in favor of the proposition.

The vote was a narrow one, eleven and one-half of the five cantonal votes being in favor of membership and ten and one-half against. The popular vote in favor of the League apparently was 400,000, and against it, 300,000.

The German-speaking cantons polled a majority of 10,000 against the League.

Washington, May 17.—A Rome dispatch says delegates of the League of Nations will request President Wilson, who is to issue the formal call for the next meeting, to designate some European city as the place of the meeting rather than Washington as was originally planned

MERCHANTS RETURN HIGHLY PLEASED

Island Progress Was Eye-opener to Wholesalers; Welcomed Everywhere

"The development and spirit displayed by the up-Island communities was a surprise to all of us who had not been through the districts for the past couple of years. In this manner was expressed the opinions of R. G. Strachan, of the National Drug Company, and one of the party of wholesale merchants which spent the whole of last week on a tour of the Island as a deputation from the wholesale section of the Victoria Board of Trade, the idea behind the trip being the promotion of a get-together feeling between the Victoria wholesalers, and the merchants doing business in the various Island communities.

Alive to Fingertips.

The point which struck L. W. Slade as most remarkable was the manner in which the communities have developed in the course of the past two years, the changes being almost incredible to those members of the party who have not been up the Island for some time. Others of the party were impressed with the spirit pervading the settlements. "The folks settling the Island are alive to their fingertips," was the way one of the tourists put it.

The party returned to Victoria yesterday evening, after being absent since last Monday afternoon. The trip was made by road, four automobiles being required for the party, which reports the highway conditions throughout as being very fair. Those who took part in the excursion were: Chas. Gardiner, of Simon Leiser & Co., Ltd., L. W. Slade, of A. P. Slade & Co.; H. Goulding Wilson, of Wilson Bros.; R. G. Strachan, of the National Drug Co., Ltd.; L. H. Hardie, of the B. Wilson Co., Ltd.; Angus McLean, of R. P. Rithet & Co.; R. H. Brenchley, of F. R. Stewart & Co.; H. L. Whittaker, of the Kelly, Douglas Co.; J. R. McIntyre, of Oppenheimer Bros.; Carl Pendray represented his firm as far as Ladysmith, the balance of the trip being taken by H. Pendray, F. Elworthy, of the Board of Trade also returning on a sudden call when the party arrived at Ladysmith

(Concluded on page 4.)

PARADE OF STRIKERS SEEN IN CHICAGO

Idle Railroad Switchmen Walked in Streets Yesterday; Strike at Spokane

Chicago, May 17.—Several thousand striking railroad switchmen paraded through downtown streets yesterday. The procession was led by John Grunau, president of the Chicago Yardmen's Association. According to participants, it was a protest against the refusal of the Railroad Labor Board to consider their demands.

At Spokane.

Spokane, May 17.—The entire day switchmen's force of the Chicago, Milwaukee & St. Paul Railroad here failed to report for duty to-day and it was stated that none of the night crew had been on duty last night.

TO HELP POLES.

Washington, May 17.—The American Legation at Warsaw is strongly urging the War Department here to allow the American army sanitary unit to remain in Poland for some time instead of leaving June 30

THROWN FROM HORSE, BUT WAS NOT HURT; PRINCE OF WALES

Christchurch, N.Z., May 17.—The Prince of Wales was thrown by his horse yesterday at the race course at Riccarlon, after the racing events of the day had been concluded. He was not injured.

After taking several jumps, the horse refused three times in an attempt at a bush fence, and on the last occasion spilled the Prince from his saddle. The Prince, however, remounted and seemed none the worse for his tumble.

AGAINST TAX.

Winnipeg, May 17.—Members of the prairie province division of the Canadian Manufacturers' Association are protesting to Ottawa against the re-enactment of the business profit war tax act, the Winnipeg office states.

MEXICAN CONGRESS TO BE CONVENED

General Gonztles Refused to Recognize Plan of Agua Prieta

Washington, May 17. — General Pablo Gonzales has refused to recognize "the plan of Agua Prieta," under which the entire Carranza regime would be repudiated, according to the Mexico City newspaper reports received to-day by the State Department. General Gonzales agreed, however, to permit Governor de la Huerta of Sonora to convene the Mexican Congress or the permanent Commission of Congress in extra session to name a Provisional President. Steps have been taken to carry out the agreement.

The agreement was reached at a conference of General Gonzales and Obregon and other generals in Mexico City May 12 and under it Governor de la Huerta assumes command of the "Liberal Constitutional Army" under General Obregon and the "Liberal revolutionary army" under General Gonzales.

Technical.

General Gonzales's objections to the "plan of Agua Prieta" were regarded by officials and the de facto Government agents here as little more than technical.

The Mexico City newspapers of May 11 reported measures to obtain taxes due from oil companies and the agreement of chambers of commerce in the capital to pay their taxes in advance.

Pursue Carranza.

Vera Cruz, May 17.—(Associated Press).—Mexican revolutionary forces commanded by Generals Sanchez and Aguilar, are pursuing President Carranza and the troops which fled with him from the battlefield near San Marcos on Friday.

Government troops numbering 3,500 were captured by the revolution-

(Concluded on page 4.)

JAMES P. WATSON PUT IN PRISON

Los Angeles, May 17.—James P. (Bluebeard) Watson will be taken to San Quentin prison to-day, Sheriff Cline said early to-day. It was said three guards would accompany him instead of a single custodian.

Russo-Tartar Force of 50,000 Against Georgian Republic

London, May 17.—A dispatch to The Times from Athens says it is reported from a good source in the Greek capital that Enver Pasha, former Turkish Minister of War, has arrived at Baku, Trans-Caucasia.

The same correspondent says that a mixed Russo-Tartar force of approximately 50,000 men is concentrating against Georgia and Batum and effecting a junction with Mustapha Kemal Pasha, the Turkish Nationalist leader.

DE NAVA MAY BE ABLE TO FORM CABINET IN ITALY

Rome, May 17.—Signor Bonomi, Minister of War in the retiring Cabinet, has abandoned his attempt to form a Cabinet because the Popular Party in Parliament has declined to participate. King Victor Emmanuel has again consulted former Premier Nitti, and as a result has summoned Signor De Nava, Minister of Public Works and Transport in the Nitti Government.

NO FRENCH TROOPS IN FRANKFORT NOW

Forces Evacuated Cities on East Bank of Rhine This Morning

Mayence, May 17.—(Associated Press)—The French troops which have been in occupation of Frankfort, Darmstadt and other cities on the east bank of the Rhine, evacuated those cities this morning, it is announced here.

The Germans were informed of the departure of the French forces through a Marconi communication issued by General de Goutte, posted in the various cities, which read: "The French keep their word."

The evacuation proceeded in an orderly way and amid quiet.

Germans Know.

Berlin, May 17. — (Associated Press)—The French and Belgian troops which had been occupying Frankfort and Hanau evacuated those cities this morning. No untoward incident has been reported.

FRANCE WILL GET COAL FROM BRITAIN

London, May 17.—The Central News says that an agreement was reached on the coal question at the Franco-British conference in Hythe by which France will receive forty-five per cent. of the coal exported from the United Kingdom. The rate will remain unchanged, the Central News adds, but by a scheme of rearrangement of freightage certain economies will be affected.

NO RULING.

Washington, May 17.—The United States Supreme Court failed again to-day to decide the validity of the probition amendment and the enforcement act and recessed until June 1.

MR. LOYD GEORGE TAKING A REST

Prolongs Stay at Lympne, Near Hythe, Over This Week

Hythe, Eng., May 17.—Premier Lloyd George will prolong his stay at Lympne, near here, for the whole of the present week, under medical advice, to make his cure as complete as possible.

It is said that the projected conference between the Belgian Premier and Mr. Lloyd George has been abandoned, and that the Belgian Mission will proceed direct to London to confer with Earl Curzon, Secretary for foreign Affairs.

The Mission expects to settle details of exports.

$16,500,000,000 Will be France's Share of Germany's Payment

Report Says Lloyd George and Millerand Agreed at Hythe Total Amount Germany Must Pay Will Be $30,000,000,000; Conference Postponed.

Paris, May 17.—It is understood in official circles here that the Anglo-French conference at Hythe, which closed yesterday, decided that the total sum which Germany should pay as reparation would be fixed at 120,000,000,000 marks gold (approximately $30,000,000,000).

It also is understood that it was decided Germany would be permitted to issue bonds covering her indebtedness to the Allies, payable in annual instalments.

Such action, it is pointed out, would enable France to discount a part of her claim on Germany and permit her to settle her debts to the United States and the Allies.

The decisions reached are favorable to France. While the total amount to be paid as reparation is much lower than the figure France desired, and is still further short of the actual sum declared to be required to restore the devastated regions and pay for other damage, it is pointed out that 66,000,000,000 marks in gold, which is figured as France's share, would be equivalent at the present rate of exchange to nearly 240,000,000,000 francs in French paper money. This, it is felt, could hardly fail to satisfy French public opinion.

These decisions, together with the action taken postponing the Spa conference with the Germans to June 21, comprise the definite conclusions reached by the French and British Premiers, according to the understanding here. All the other details of the arrangements remain to be settled by the financial delegates, who are still at work.

Conference At Ostend.

A special conference of the Allies will be held at Ostend to consider financial questions among the Allies, it is said. This meeting will be independent of the League of Nations conference at Brussels. The dates of these conferences remain to be fixed.

Back in France.

Boulogne, May 17.—Premier Millerand arrived here from Hythe at 4.45 o'clock yesterday afternoon. He said France and Great Britain had agreed upon fundamental principles, and experts would meet in London to fix the amount of indemnity, details concerning execution of the payments and present their report to the conference. The latter, he added, after final execution, will adopt definite conclusions which will be presented to the Germans at the Spa conference.

Newspaper Comment.

London, May 17.—Postponement of the conference between Allied and German representatives at Spa was approved generally by this morning's newspapers in commenting on the Premiers' meeting at Hythe. They also approved of steps taken regarding German disarmament, and were mainly agreed respecting the financial arrangements agreed upon by Premiers Lloyd George and Millerand.

(Concluded on page 4.)

SOLDIERS WIN OUT ON FRUIT FARMS

Creston Men Have Inside Track Supplying Strawberries to Prairies

Returned soldiers, placed on the land by the British Columbia Government in the Creston district last Summer, will soon be a big factor in supplying the prairie cities with small Canadian-grown fruits, according to the Hon. E. D. Barrow, Minister of Agriculture, who is back in Victoria to-day after a ten days' tour of inspection in the interior.

One hundred returned men with their families, many of them already living in their own houses on their own allotments, are busy developing the area so that they will be in a position to take advantage of all the profits that will be offering as soon as the farms are producing.

Strawberries, Hon. Mr. Barrow explained, picked one day and shipped from the Creston station at noon will be on the market early the following morning in Calgary and Creston. This proximity of the famouse Creston fruit area to the prairier markets gives the district an advantage over all other fruit-producing areas of the West.

Keen to Succeed.

This is one of the reasons why returned soldiers who are placed on the Creston settlement are so optimistic and keen to get actual production started. Others hearing of the success of the Creston experiment are crowding in with their applications to be admitted, but so far it has not been possible to find room for them.

Direction at the settlement, Hon. Mr. Barrow found, is also another reason for the district's success. Capt. Rowberry is now superintendent at Creston. Hon. Mr. Barrow declared that he found Capt. Rowberry to be an efficient, resourceful and practical man who is making the most of the Creston possibilities and the determination of the men themselves to succeed.

(Concluded on page 4.)

COST OF PRODUCING BREAD IN CANADA

Ottawa, May 17. — (Canadian Press)—Average cost to Canadian bakers of producing bread during the month of March increased one-fifth of one cent per pound and a half loaf, due to an increase in the cost of flour of 34 cents a barrel. In publishing its monthly statement on the production and cost of bread, the Board of Commerce states that this item of flour is the only one on which returns showed any particular increase during the month.

British to Move to End Bolshevik Propaganda

London, May 17.—The British representatives on the commission appointed by the Supreme Economic Council to deal with the Russian co-operative societies at meetings here will insist that the Bolsheviki agree to very severe terms before the Allies announce themselves willing to re-open trade relations.

British Foreign Office officials do not disguise their anxiety over the trend of events in the Near East, where things are rapidly getting out of the hands of the Governments with which the British are willing to deal. Consequently, it is declared, one of the terms to be laid down to the co-operative societies' representatives will be that the Bolsheviki cease any activity, either of a military nature or in the way of propaganda, in the Near Eastern countries.

Almost simultaneously with the arrival of the Russian co-operative representatives in London came reports from Baku that the Bolsheviki were not only detaining British subjects, but were forcing them to work.

These latest reports of the treatment of British subjects in Russia, it is said, will make the work of the co-operative representatives in their dealings here more difficult than was at first thought.

The British, it is said, will also insist that the British Government must be given more information than has been forthcoming regarding British prisoners of war and be accorded better facilities for the repatriation of these men.

The British will even insist, it is declared, that definite information be given regarding two British officers who were heard of last in South Russia some time ago.

CALLED STEP OF FIRST IMPORTANCE

London Observer Refers to Representation of Canada at Washington

London, May 17.—(Canadian Associated Press)—Lord Milner's call last week for an Imperial clearing house for ideals and information, forms a leading theme in some of the papers here. The Observer, which supports the plea for a standing consultative committee of home and Dominion Ministers, cites, in relation to this, the new development at Washington. It says:

"The exceptional relation in which Canada stands to a country outside the Empire thus receives exceptional recognition. It is a step of the first importance, one of those significent enlargements of national power, of which Mr. Watt, the Treasurer of the Australian Commonwealth, looked forward to the other day. It will demand from the Ambassador and Minister alike the utmost tact and judgment. It is not required for us to theorize on developments of this kind; it is enough at present to record them.

"They are apt to disturb some minds, but all agree that they bring home the necessity for a complete review of a common problem."

POTATOES SOLD BY DOZEN IN HAMILTON

Hamilton, Ont., May 17.—While some farmers on the market here Saturday asked $7.50 a bag for potatoes, one farmer asked eighty cents a dozen for his potatoes. He sold them at that price.

WILL FIGHT DRUG HABITS VIGOROUSLY

Authorities Will Be More Active Under New Dominion Act

Ottawa, May 17.—(Canadian Press)—The passage of the Opium and Narcotic Drug Act through Parliament marks the beginning of a vigorous campaign in Canada against illicit trade in opium and its derivitations, cocaine, morphine, heroin, etc., which form the basis of the drug habit on this continent. While the registered imports in these drugs have fallen off by several hundred per cent. in the last ten months, in which the activities of the Canadian Health Department has rendered the traffick difficult, there remains much to be done in the way of restricting illicit traffick, which is said to have centred in Canada for this country and the United States for many years.

Smuggled opium to the value of $100,000 is under seizure in Canada. Th high prices of opium sold to addicts in the illicit trade, frequently in adulterated form, makes the illegal value of the quantity under seizure very much higher than this. It is estimated that illicit traders in the drug sometimes make 200 per cent. profit on their sales to drug addicts here and the United States.

SPRING SEEDING ON THE PRAIRIES

Edmonton, May 17.—Generaly fair weather during the last two weeks has brought along seeding with a rush in all parts of Alberta, according to the semi-monthly crop report of the province, issued Saturday night by Crop Statistican James McCraig. In the South, more than sixty per cent. of the wheat seeding is completed, and about thirty per cent. of the oats is sown.

In Central Alberta, progress has not been so rapid and not more than twenty per cent. of the seeding is completed at most points. Rains in the Peace River district have seriously delayed spring operations.

Regina, May 17.—Wheat seeding in the Regina district is about sixty-five per cent. completed, and with the continuance of the present weather should be finished by the end of the week. Growing conditions are ideal.

SYDNEY WORKERS AND PRINCE'S VISIT

Melbourne, Australia, May 16.—Resentment over the decision of the Labor Council of Sydney, N. S. W., not to participate in the welcome to the Prince of Wales on his forthcoming visit to New South Wales was expressed at a meeting of trade unionists Friday. Resolutions were adopted to this affect, and affirmations of loyalty to the Prince and the British Empire were made.

KENTUCKY WOMEN TO VOTE FOR PRESIDENT

Frankfort, Ky., May 17.—Women of Kentucky have been assured of the right to vote for Presidential electors in the coming Presidential election, independently of the ratification of the Federal suffrage amendment by the requisite number of states.

This opinion was given George G. Speer, State Banking Commissioner, by Attorney-General Charles I. Dawson, who holds that an act of the Kentucky Legislature passed this year, to provide for woman suffrage in Presidential elections, is valid and that under its provisions women may participate in the Presidential election.

The Attorney-General said he could find nothing in the act which would conflict with the constitution of the States of Kentucky or of the United States.

TURNED HIS FARM INTO A CEMETERY

Washington, May 17.—In returning his agricultural statistics schedule to the U. S. Census Bureau, a Pennsylvania farmer made no mention of crops. When the Bureau inquired, he gave this explanation:

"The population near and about my farm has a tendency to relieve the owner from the labor of gathering his own crops. This altruistic impulse is so predominent that I have refrained from planting anything for the past twenty years. Am just now turning about forty acres into a cemetery and hope to fill it soon.

THE CANONIZATION OF JOAN OF ARC

Celebrated in Rome Yesterday by Pope; Services in Other Cities

Rome, May 17. — (Associated Press).—The canonization of Joan of Arc, the French national heroine, was celebrated by Pope Benedict yesterday morning in St. Peter's. It was the greatest and most impressive function performed in the historic basilica for several centuries past.

The interior of St. Peter's was lighted by thousands of incandescent lights and the soft radiance of innumerable wax candles, the flickering of which added beauty to the scene.

The enormous pillars of the basilica were decorated with priceless ancient crimson damask and pictures of Joan of Arc were prominently displayed.

In London.

London, May 17.—The whole Roman Catholic world was represented at remarkable scenes of devotion at the celebration yesterday of the canonization of Joan of Arc at Westminster Cathedral. The thousands thronging the cathedral included visitors from China, India, Russia and other distant parts. The shrine of Joan of Arc was decorated with laurel wreaths and the French and British colors.

The culminating point in the celebration was a war pageant organized by the Catholic Women's League in the form of a long procession through the adjacent streets, preceded by the cathedral dignitaries in their robes. British and French officers escorted Joan of Arc, as impersonated by a girl clad in shining armor mounted on a gray horse. There were many bands and banners and French peasant children in the garments of the period, the whole forming a beautiful spectacle which was witnessed by 100,000 persons.

Celebrations were held also in all the French churches in London.

In Paris.

Paris, May 17.—All churches in Paris, from historic Notre Dame to the most humble chapel in the suburbs, yesterday celebrated the canonization of Joan of Arc. Governmental orders forbidding processions and parades caused public demonstration in the streets to be abandoned owing to the strike being effective in Paris. Singly and in groups, elderly gentlemen and women, in mourning, and middle aged men retaining their military bearing in civilian clothes, deposited numerous floral wreaths at the foot of the statue of France's heroine.

WAR RELICS AT SHOW IN LONDON

Objects Recalling Great Struggle Will Be Seen at Crystal Palace

London, April 17. — Sign posts bearing the inscriptions "Hell-Fire Corner," "Piccadilly" and "Haig Avenue," erected by British troops just behind the front lines in France, are among the more than 10,000 exhibits being assembled at the Crystal Palace, London, to form the Imperial War Museum. It will be opened by the King in June and will continue for four years.

Exhibits innumerable have been gathered from every land where the war cast its trail to show the common effort of the Empire during the great conflict. Shortly after the signing of the armistice, the memorable signposts mentioned were found discarded as lumber. In addition to those bear "street" names, which, to many of the men who knew them best had meant so many direction posts to avenues of agony, there was found the rallying trench sign of Verdun with its "no thoroughfare." They were all rescued and are now to be preserved as relics of posterity.

There will be on display the gun that fired the first British shot in the war—from the decks of the destroyer Lance at the mine-layer Koenig Louise; the E Battery gun that opened the military hostilities; the anti-aircraft pom-pom which, mounted at Gresham College, fired the first shot ever directed at a foreign foe from London since the days of the Romans, the occasion being the zeppelin raid in September, 1915, and scores of other entries which have equally vivid associations.

The larger pieces of ordnance, some of which weigh fourteen tons, are being arranged on the floor of the spacious hall, but the galleries will hold displays of equal, if not greater interest. These include war paintings and trench implements, realistic scenic models and conditions which existed in the German army. Some of these are amusing, some tragic.

Strange Dynamo.

There is a cycle with a dynamo attachment for lighting an officer's dug-out upon which two of the worst offenders had to sit in shifts and pedal in order that those within might have illumination while they devised new plans of aggression.

Far less amusing is a specimen of the enemy's 'bear trap." A soldier exploring No-Man's-Land might step into its ugly spikes, concealed in the grass, and escape from their grip was virtually hopeless.

Looking at lifebuoys of Lusitania, a shattered funnel of the Vindictive, a portion of the Zeebrugge Mole and formidable mines that bestrewed the Dardenelles, the exhibit will recall to "those who were there" many chapters of a great epic.

PILES

Do not suffer another day with Itching, Bleeding or Protruding Piles. No surgical operation required. AN AERIAL ROUTE ACROSS THE ANDES

Experienced British Airman Advocates Use of Planes in Peru

London, May 17.—Establishment of an aerial route from the Pacific to the Amazon as a means of surmounting difficulties of road travel among the Andes, is advocated by G. M. Dyott, until recently a squadron commander of the British Air Force.

"There is no serious difficulty in the way, so far as the scheme's practicability is concerned," Mr. Dyott told the Royal Geographical Society. "We have heard of the great height of the Andes, but there are low altitudes at which they may be crossed. One of the Andes ridges can be negotiated at a height of 7,000 feet, but there is another rising to 15,600 feet.

"Peru," he continued, "is peculiarly suitable for aerial traffic. Aerial highways undoubtedly will play a large part in the future development of that country. It is of importance that rapid communication should be established between the interior and the coast, and in order to do this the aeroplane must come to the rescue."

Discussing the difficulty of traveling by road, Mr. Dyott said that it took him five days to travel from one part in the Andes to another, whereas the aeroplane would cover the distance in fifteen minutes, and in another stage of the journey it took him exactly a week to travel a distance which would be negotiated by an aeroplane in thirty minutes.

GEE, I'M HAPPY MY CATARRH ALL GONE

Suffered Like a Boob For Years — Got Relief in Ten Minutes.

Catarrhozone Did Cure

That's the way hundreds of the boys around town are talking since Catarrhozone got into the drug stores. Nothing on earth like Catarrhozone to really cure Catarrh, Colds or Bronchitis.

"Catarrhozone"—it isn't a drug—it's a healing vapor full of pine essences and healing balsams. It spreads over the surfaces that are weak and sore from coughing. Every spot that is congested is healed—irritation is soother away, phlegm and secretions are cleaned out, and all symptoms of cold and Catarrh are cured. Nothing so quick, so sure, so pleasant as Catarrhozone. Beware of dangerous substitutes meant to deceive you for genuine Catarrhozone. All dealers sell Catarrhozone large size which lasts two months price $1.00; small size 50c.; sample size 25c.

HER SON, A THUG, KILLED, AND HER HUSBAND DIED

Chicago, May 17.—Mrs. L. T. Walton, of St. Joseph, Mo., mother of Horace Walton, who was killed in Friday's fight with the police after he had robbed the Illinois Central Railroad of $70,000 and killed Patrolman William Roberts, claimed the body of her son yesterday.

Her husband died on Saturday at Bucklin, Mo., while on his way from St. Joseph with his wife.

AD CLUB MEN ON A LONG TRIP

Seattle, May 17.—Forty-five automobiles, carrying members of the Siwash Division of the Pacific Coast Ad Clubs' British Columbia-Stockton, Cal., caravan, were started on their way from the City-County building here by Mayor Caldwell at 7.30 this morning under ideal weather and road conditions. Governor Louis F. Hart and the members of the Washington Highway Commission headed the caravan, which they will accompany to Portland. An army contingent from Camp Lewis was scheduled to join the party at Tacoma.

A Red Cross ambulance accompanied the caravan, and a service car trailed behind for the benefit of the stragglers.

The British Columbia delegates arrived in Seattle Sunday night and took a prominent place in the caravan.

The schedule calls for the arrival of the travelers in Stockton, 1,300 miles from here, one week hence.

ADVERTISE IN THE TIMES

To All Who Own a Home

Is your home ageing? Is its surface protective coating wearing away and giving rot and rust a chance to get in their destructive work?

When you think that a painted or varnished surface will successfully stand exposure to rain, hail, snow, sun, and the wear of contact, surely the absolute necessity for keeping your surfaces protected is apparent.

Every property owner knows what his property costs him---he knows it stands for money just the same as the figures in his bank book. Would he stand for false figures that cut his balance in the bank? Should he stand for false figuring on the upkeep of his property which saves a few paint dollars and loses many dollars in repairs or replacement?

If you spent a day watching the surfaces in your home and counting the times some of them come in contact with wear---the continuous contact of others with weather---you would write a more convincing message perhaps than we can write to you. Saving the surface of your property is the most common-sense idea in the world. Save the surface and you save all.

THIS ANNOUNCEMENT *is issued by the Canadian Save the Surface Campaign Committee for the purpose of educating the Public in the Preservative and protective value of Paint, Varnish and Allied Products for the Conservation of Property, and has received the approval of the Canadian Trade Commission in the following words:*

"The realization of the above objects will lead to employment during the Reconstruction Period and bears our entire approval."

$15,000,000 FOR RAIL EQUIPMENT

Dominion Government to Raise Loan; Announcement in New York

New York, May 17.—(Canadian Press)—The plan of the Canadian Government for financing the purchase of railroad equipment for the National Railway lines has been announced in detail here by William A. Read & Co., which firm is financing the loan.

It consists of $15,000,000 fifteen-year seven per cent. sinking fund equipment trust gold certificates of the Canadian National Railways. An interesting feature of the new offering is that it gives investors an opportunity to purchase the long-term securities at better than a seven per cent basis, thus giving them the advantage of rates which have only been available on short-term securities, with the seven per cent. coupons. The announcement continues:

"It retains the advantages of the serial equipment trust plan by providing semi-annual payments sufficient to retire the entire issues by the maturity date, May 1, 1935. These payments, instead of being used to retire specific maturities, must be used by the trustee to purchase certificates in the open market or below par if obtainable.

"The fixed rentals may be increased from time to time to buy certificates at a premium if the railway elects. Each payment is held by the purchases of the certificates from holders.

"If the semi-annual payment is not used by the compulsory purchases of the certificates up to par or by the optional purchases at a premium, the payment must be invested in obligations of the Dominion of Canada maturing at or before the maturity daje of the certificates. Certificates can only be retired by purchase in the market, and are not callable."

VOLUNTEER ARMY IN GREAT BRITAIN

King Asks Mayors to Help in Building Up Force

London, May 17.—(Canadian Associated Press) — At Buckingham Palace on Saturday the King received Lord Lieutenants of counties, Lord Mayors and Provosts to whom His Majesty had issued a call for the reconstruction of the Territorial volunteer army.

The King said in part:

"The formation of a volunteer citizen army is indispensable to the safety and freedom of the Empire. No more valuable proof of our peaceful strength and the soundness of our national life and character could be given to the world.

"Setting an example to many nations and giving proof of our confidence and goodwill toward the whole world, we have abandoned the principle of compulsory military service, to which we were forced to resort in the hard times of war, and have returned to the purely voluntary principles.

"The foundations of that voluntary principle must be a territorial army strong enough to enable the regular forces to move about the Empire as circumstances require. It must be strong enough also, if new dangers of a most serious nature confront us, to secure us a breathing space necessary to enable the full strength of all the peoples of the Empire to be organized for its defence."

MOSQUITO AND FLY AS WARRIORS

British Scientist Speaks of Possible Development of Next War

London, May 17.—Mobilization of the mosquito, the house-fly, the louse and various other disease-carrying pests for the dissemination of deady germs in enemy territory is a possibility of "the next war" pictured by Professor Maxwell Lefroy, a scientist.

"I foresee the mosquito from Brazil starting yellow fever in new lands; the house-fly, duly infested with cholera, dysentery or enteric and the typhus-laden louse doing their deadly work much more effectively than spies poisoning wells," said Professor Lefroy in an address.

"This would be part of the work of a War Office of entomologists—the working out of strategic plans for the distribution of these pests by aeroplanes. It seems that the world is intent upon furnishing an aeroplane service for these pests, many of which are now held somewhat in check by natural enemies in their native climes. This will give them just the means of transit they have required. It will be a peace-time danger as well as one that could be used very offensively in war. The danger from these 'winged battalions of death' is more serious than one dare estimate."

SHOOTING AFFRAY IN DOMINION CAPITAL

Ottawa, May 17.—William Collyer, aged twenty-two, and Hazel Evans, aged eighteen, are in a hospital here, both in critical condition, as the result of a shooting affray soon after 11 o'clock last night. The young couple had been keeping company and it is stated that when she refused his offer of marriage, he drew a revolver and shot her through the neck. He then fired at himself, the bullet entering his head.

THIS WOMAN'S RECOVERY

Shows Remarkable Curative Power of Lydia E. Pinkham's Vegetable Compound

Chesley, Ont.—"Before using Lydia E. Pinkham's Vegetable Compound I was a total wreck. I had terrible pains in my sides and was not regular. Finally I got so weak I could not go up stairs without stopping to rest half way up the steps. I tried two doctors, but they did me no good. I saw your medicine advertised in the newspapers and thought I would give it a trial. I took four bottles of the Vegetable Compound and was restored to health. I am married, am the mother of two children, and do all my housework, milk eight cows, and do a hired man's work and enjoy the best of health. I also found Vegetable Compound a great help for my weak back before my babies were born. I recommend it to all my friends who are in need of medicine, and you may print this letter if you wish."—Mrs. Henry Janke, R. R. No 4, Chesley, Ontario.

It hardly seems possible that there is a woman in this country who will continue to suffer without giving Lydia E. Pinkham's Vegetable Compound a trial after all the evidence that is continually being published, proving beyond contradiction that this grand old medicine has relieved more suffering among women than any other medicine in the world.

AZTEC ORNAMENTS NOW IN MUSEUM

University of Pennsylvania Enriched by Collection Bought in Paris

Philadelphia, May 17.—Gold ornaments, idols, crowns, armor and other relics of great historic value which date from the civilizations of the Incas, Aztecs and other Mexican and Central and South American peoples are contained in a collection of 300 specimens which has been placed on view for the first time in the museum of the University of Pennsylvania.

The exhibit was only recently brought to its present completeness by the purchase of objects which had been in possession of a noble French family for generations, but which were sold at Paris because the family was impoverished.

Gold was used by the Aztecs and Incas only for ornaments, religious emblems and attire. These objects, shipped to Spain by Pizzaro, Cortez and others in the 16th and 17th centuries were melted and coined. This explains the rarity of the original golden objects.

A grave recently opened in Colombia proved a rich trove of them. It was apparently the burying place of a princess. Enough golden ornaments were discovered completely to clothe a modern woman for her appearance in a ballroom. There were, besides a crown, a breastplate, girdle, armlets and various other appendages, aside from a great quantity of jewels. Rings and necklaces of amazing beauty are among the objects.

AUSTRALIANS AND TRADE IN EMPIRE

London, May 17. — (Canadian Associated Press)—Hon. W. A. Watt, the Australian Treasurer, now visiting London, had an article in The Sunday Times declaring the Australian conception of the Empire is inseparably interwoven with not only fuller and more independent commercial intercourse between the Mother Country and the Dominions, but a readiness to promote this by fiscal adjustments. Citing the Federal Tariff Act of 1908, Mr. Watt said he personally disliked the word preference and suggested that the idea was to promote reciprocal trade.

HEART SO BAD WAS NOT SAFE TO LEAVE HER ALONE

Miss Eva P. Yateman, Krugersdorf, Ont., writes: "I feel that I must write and tell you of the great benefit I have received from Milburn's Heart and Nerve Pills. About four years ago I was taken terribly bad with my heart, nerves and fainting spells, and was down in bed for about six months. I doctored with two different doctors and seemed to get better, although the fainting spells would not leave me. I would take such terrible falls, wherever I was, that it was not safe to leave me alone at any time. At last I decided to resort to proprietary medicines and took several different kinds, but seemed to receive but little benefit from them. One day noticing the advertisement of Milburn's Heart and Nerve Pills I decided to try them and before I had taken more than two boxes I could see they were helping me. I have taken about ten boxes, and am almost cured of those terrible spells. I sincerely feel that your medicine has proved a blessing to me, and I advise any one troubled with their heart to try them, as I am confident they will find relief."

Milburn's Heart and Nerve Pills are 50c a box at all dealers or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

TRADING WITH RUSSIA.

Little hesitation should mark the imposition of appropriate terms upon the Soviet Government of Russia before the Allied countries agree to re-open trade relations. At the same time the British Government's estimate of the trend of events in the Near East should not be allowed to warp its judgment in the face of a more stable condition that should follow a freer commercial intercourse with the outside world—without too severe a restriction upon the internal policy of the late Czar's former Empire.

It goes without saying, of course, that Lenine's appetite for the expansion of his influence in the Near East must be curbed and curbed effectively. But in applying the remedy to movements which at the moment appear to suggest extremely sinister motives and eventually a challenge to British rule in India it must be remembered that, once the country has been allowed to recover itself sufficiently to conduct its foreign business affairs in a normal fashion, the vast mass of Russia's more ignorant population, as well as the better informed, will quickly seek and find a remedy for Lenine-Trotzky rule. The Moscow Government may even hinder the restoration of normal trade conditions if interference with its present foreign policy is suggested.

But Lenine knows full well, in spite of the fairly generally demonstrated desire to give Soviet rule ample trial, that just as soon as the people discover the beneficial effect of a new association with the outside world his days of dominion and tyranny are numbered. For that reason the British representatives appointed by the Supreme Council to deal with Russian co-operative societies will require to make every move with a due regard for the various dependent circumstances that very probably will eventuate as soon as an interchange of trade is established.

BRING THE BOYS HOME.

It should not be necessary to remind the Dominion authorities that a great injustice will be done to those members of the Canadian Expeditionary Force who have taken their discharge in England, and who now find themselves in difficulties, if their appeals go unheeded by the Government of the country which accepted their services so readily. The excuse that "many of them are undesirables" is altogether too flimsy, and if some of these men have been driven to desperate acts, obviously as a result of their helpless plight, it may be, to use the words of the Agent-General for British Columbia—who has drawn the attention of the Federal Government to many cases coming within his personal purview—because the Government which spared no expense to send them to the firing line has become exclusively economical when it is asked to complete its job.

It is not difficult to understand that many a Canadian boy, in the Motherland for the first time and at a period in the history of the Empire when the sight of a military uniform from any one of the Dominions was the signal for a demonstration of welcome on the part of the normally stolid inhabitant of the tight little isle, conceived the idea that that same feeling could be applied commercially. Nor need he be apprehensive about the perpetual cordiality of individual relationship between the two peoples; but, like Canada, the Motherland has her own problems. She has her own men to rehabilitate in civil life, and the absence of the extra job for the man from the Dominion must be interpreted only as an economic condition and not as any lack of sympathy for him who had decided to make Britain his future home.

Canada must deal generously and sympathetically with her own war-worn warriors. Because the Canadian soldier took his discharge in England the Dominion of Canada is not absolved from its obligation to guarantee his return to civil life under conditions equal to those he willingly left to don khaki.

AFTER GASOLINE, WHAT?

As the result of research and experiment at the University of Manchester it is confidently anticipated that power-alcohol can be made available as motor-fuel on a scale to meet any demand. If this is the case Great Britain's costly dependence upon imported petrol would appear to be nearing an end, while the threatened famine of gasoline in this country may be indefinitely postponed by a practical development of the Manchester formula. Obviously until an alternative fuel has been discovered the future of motor transport and industry on both sides of the Atlantic is precarious. Petrol, like coal, is a wasting asset; the quantity of each in the earth is fixed and it is growing less every day. The present high price of gasoline in Canada, moreover, is beginning to become a factor in the limitation of enterprise, and it must eventually strike at home comfort in many rural districts whose dependence for heat and light is placed solely upon one or other of the petroleum family.

It goes without saying, too, that if the world is to realize the possibilities of the internal combustion engine in transport and industry the supply of fuel must be virtually illimitable. And there is another advantage attaching to alcohol as fuel; it has no attraction for the "ring" or combine for the simple reason that it can be produced cheaply and in any quantity from vegetation. Indeed a few weeks only are required to extract the stuff, according to the Manchester theory, whenever the raw material and plant are available. Government sanction for an enterprise of this kind would be required and special legislation would be necessary in order to avoid a contravention of the various "dry" laws of the country. It is a well known fact, of course, that a good deal of spirit is consumed as a beverage and any increase in the general application of alcoholic liquid must comprehend the necessity to render it as a fuel completely unpalatable as a beverage.

H. C. OF L. STILL HEALTHY.

According to the latest returns from Ottawa the cost of the weekly family budget of staple foods averaged $15.99 at the middle of April, as against $15.98 at the middle of March, $13.35 in April a year ago, and $7.51 in the month of April in 1914. The May issue of The Labor Gazette intimates that the price movement was marked by some seasonal declines in foods; but there were again increases in several lines of foodstuffs and materials, while increases in sugar and potatoes were off-set by decreases in eggs. Fuel was slightly higher in the month under review and the cost of rent advanced in many cities. From the official return, therefore, it is obvious that General High-Cost-of-Living is still exceedingly robust, in spite of his increasing years, and that his advance is fairly general on all fronts.

NOTE AND COMMENT

There is really no need for the Premier of the Province of British Columbia to appear on the platform in defence of the virtual unanimous decision of the Legislature to abolish the Public Utilities Commission. Many more vitally important matters demand his attention. And if what now may be properly alluded to as the "Retallack incident" is given an airing when Mr. Oliver and his Government appeal to the electorate the case for the defence should require no more than two minutes of platform treatment.

To-day marks the commencement of a daily train service between the city of Victoria and intermediate points and Courtenay and Alberni. This is a sign of the times and a striking commentary upon the general advancement, agriculturally and industrially, of this part of British Columbia. By the time the Canadian National system has completed its Island branch the port of Victoria should also be in possession of harbor facilities more befitting her importance. This is where the Dominion Government should take time by the forelock and go after a large share of Oriental business for the people's railway.

At Saturday's meeting of Victoria and Vancouver yachtsman and their cousins from the other side of the international boundary it was decided to restore pre-war conditions in connection with yachting and motor-boating in the waters of the Sound. No better course could be taken to improve the relations between the sportsmen and the people of the two communities than by the cultivntion of friendly rivalry in such a healthy pastime.

The Labor Council of Sydney, N. S. W., after a heated debate, has decided not to participate in the welcome to the Prince of Wales on his forthcoming visit to the state. It would not be unlike His Royal Highness were he to pay a visit to the Labor Temple on his own account.

OTHER NEWSPAPERS' VIEWS

APPEALING TO PATRIOTISM.

(The Ottawa Citizen.)

Canada is torpedoing the United States with booze shells off the coast of Detroit. Which is enough to make every patriotic Detroiter convert any old kind of a craft into a mine sweeper and sally forth to defend his country to the last drop.

POSSIBLY.

(The Moose Jaw News.)

If men and women would "cut out" the demand for "stylish" apparel, ignore the dictates of fashion, and be content with those things which satisfied the fashions of a few months back even, they would not have to descend to overalls and ginghams. The merchants would be ready to sell them the goods required, so long as they have them. As things are, this overall campaign can be regarded as nothing more than a temporary fad which will quickly exhaust itself, as have so many others of a similar character.

THE ALLIES AND THE TREATY.

(The London Daily News.)

The essential fact is not whether Germany has broken the treaty, not whether, if so, France is adopting the best and wisest means of meeting the situation, not even whether the occupation of European towns by black troops can under any circumstances be justified (we confess we regard this proceeding, if the reports are really true, with unqualified disgust and alarm. It is whether, and if so, how, Germany can be set upon her feet again industrially and economically. Unless and until this can be done, France will continue to plunge deeper and deeper into the economic morass in which she has been sinking since the armistice. High prices, with their attendant discontents, will continue in this country. In Germany itself disorganization will decline gradually into sheer anarchy. And the prospect of trouble in the East, grave enough in any case, as Sir Frederick Maurice's recent article showed, will become infinitely graver with the Western barrier against it crumbled into ruin.

RIOTS IN DERRY AND IRELAND'S DEATH LIST IS SWELLED BY FOUR

(Continued from page 1.)

Saturday Night.

Belfast, May 16.—Via London, May 17.—(Associated Press).—Londonderry experienced a night of terror on Saturday, part of the city being for hours at the mercy of riotous mobs. During the disturbances Sergt. Dennis Moreney, chief of the special police department of the city, was shot through the right lung and died within half an hour. Londonderry thus gains the uneviable reputation of being the scene of the first police murder in Ulster since the opening of the Sinn Fein assassination campaign on January 1, 1919.

The oother casualties included James McCafferty, aged eighteen, shot in the chest and killed; District Inspector McDonagh, wounded in the head with a stone while leading a police charge, and John McCallion, a former soldier, wounded in the head with a bayonet.

Missiles and Shots.

After minor disturbances early in the night, the ill-feeling between the Sinn Feiners and loyalists flamed up. About 10 o'clock the air was thick with bottles, stones and other missiles, while revolvers were freely discharged.

When the disturbances were at their height forty-eight policemen, armed with carbines, arrived in command of Inspector McDonagh, who persuaded the loyalists to retire to their quarters, which was accomplished amid singing, cheering and other manifestation on the part of the rival factions.

Volleys.

The Sinn Feiners continued their disorderly demonstrations and the police charged and scattered them into the side streets. Many of them made for the quay near the Great Northern station. It was there that Moroney met his death. Rioters, concealing themselves behind railway wagons, directed volleys of revolver shots pointblank at the police. This led to a hot return fire. Moroney was struck, walked a few yards and collapsed, exclaiming: "Boys, I'm done!"

On Way Home.

A few yards from this scene, McCafferty was found dying on a tramway line. He said he was on his way home from the theatre when shot.

During these happenings a Unionist crowd literally took possession of a thoroughfare in the neighborhood of Carlin Square and stoned persons believed to be of a different political profession. The audience of the Empire Theatre were stoned so furiously when leaving that they had to return, the doors being locked. Shortly before midnight the troops were summoned, and with their aid, matters soon quieted down.

Sunday Evening.

Rioting was renewed in Londonderry Sunday evening, the rival factions exchanging fire frequently in various parts of the city. The police patrols were withdrawn from 10.30 o'clock until after midnight and Unionist ex-soldiers wearing masks took possession of Carlisle Road, driving pedestrans off the streets. A former soldier named Doherty was shot dead.

Troops Sent.

Cork, May 17.—Two thousand troops from England were landed at Bantry on Saturday and were immediately distributed throughout West Cork, where they will be stationed at points five miles apart.

Troops to the number of 150 also arrived at Skibberrean. They commandeered several buildings there, including the Town Hall, which was made their headquarters.

U. S. Not "Free" Enough.

Thomas Johnson, the acting secretary of the Trades Congress, declared at a Labor meeting in the City Hall here yesterday that the workers of Ireland had no intention of establishing such a republic as that in the United States, where the very idea of personal liberty was unknown, he said, and where men and women were sentenced to long terms of imprisonment for daring to say the United States was not a land of freedom.

Plan Land Seizures.

London, May 17.—A dispatch from Ireland says that at a special Sinn Fein conference, at Roscommon, at which seventy persons were present Saturday afternoon, it was decided that where land was not reasonably occupied, it should be taken from the owners by force if necessary. Reasonable compensation, however, would be offered.

Countess Markievicz.

Dublin, May 17.—Countess Georgia Markievicz, Sinn Fein member of Parliament for the St. Patrick's division of Dublin, whose whereabouts have long been a mystery, made a theatrical appearance clad in a commandant's uniform yesterday at an open air meeting in Crooker Park in memory of the members of the "Irish Republican Parliament" who were executed after or killed during the rebellion of 1916.

The Countess delivered an address in which she appealed for support for Irish industries.

MERCHANTS RETURN HIGHLY PLEASED

(Continued from page 1.)

A. W. Morris, of the National Motor Co., was a guest of Mr. Wilson on the trip, and W. Kitchen also went on the trip as the guest of Mr. Slade.

Visit Great Central Lake.

The party spent Monday night at Duncan, occupying the late afternoon and evening in meeting the merchants. Tuesday luncheon time found all the cars in Ladysmith, and after a round of calls the party went out to Cassidy and South Wellington, making Nanaimo their terminus for the evening. All Wednesday morning was spent in the Coal Metropolis, the afternoon being greatly enjoyed as the cars made their way to Port Alberni, where the travelers were given a warm welcome.

Leaving Port Alberni at 11 o'clock on Tuesday, the party paid a visit to the Ark on Great Central Lake for luncheon, the trip being greatly enjoyed. Dinner was awaiting the tourists at Qualicum, the party continuing on to Courtenay for the night, with the exception of those traveling with Mr. Slade, who were held up by auto trouble until the next morning.

Courtenay had arranged a big reception for the Board of Trade delegates, an orchestra, a special supper and warm welcoming speeches making everyone feel in the best of moods.

At Cumberland.

On Friday morning a delegation from the Cumberland Board of Trade arrived at Courtenay to pilot the visitors to their home city, the big hydro-power plant of the Canadian Collieries, which supplies both Cumberland and the mines, being inspected en route.

Cumberland business men proved to be warm hosts, about fifty people sitting down to the excellent luncheon served. The welcoming speeches were led by Mine Superintendent T. Graham, and Messrs. Gardner and Wilson responded for the travelers.

After luncheon the party were escorted through the working and plant of No. 5 mine of the Canadian Collieries, now reputed to be the Island's largest producer. Superintendent Graham took the visitors into every section of the works, and they were highly interested in the system, and impressed with the magnificent mechanical equipment.

Friday night was passed at Courtenay, and the tour virtually came to an end then, some of the party taking the opportunity of visiting Campbell River on Saturday, others were attracted to the fine nine hole golf course of Qualicum, and the remainder going to Cameron Lake for a day's fishing.

Excellent Results.

All of the party have returned to the city convinced that the trip has had excellent results, and that the growth of business between the up-Island points and the wholesale houses of Victoria will eventually be greatly stimulated. As one of the party put it, "We learned a tremendous lot as to what is going on up the Island, and we found that the people there are as anxious to keep in touch with us as we are to be closer to them. The trip was a success from every point of view."

$16,500,000,000 WILL BE FRANCE'S SHARE OF GERMANY'S PAYMENT

(Continued from page 1.)

While rather lukewarm to the whole conference, The Times expressed doubt whether Germany would undertake, without compulsion, the burden of the debt which the Allies must compel her to assume. The newspaper regarded the scheme for the repayment of the French debt to Great Britain as a very large concession to France, and found some obscurity in the announcement of this arrangement. It declared the Government must thoroughly investigate and make quite plain this arrangement before giving it Parliamentary sanction.

Belief that public opinion, both in the United Kingdom and France will cordially assist in the financial arrangement was expressed by The Telegraph, which thought this was the real work of the conference.

BOLSHEVIKI TRY TO RECAPTURE KIEV

(Continued from page 1.)

Made Appeal.

London, May 17.—A Russian Soviet Government wireless communication from Moscow, dated May 16, the first dispatch received here in several days, was picked up yesterday.

It reported fighting on the Polish front of a fierce character and said that entire villages were being destroyed by fire and large quantities of grain burned.

The dispatch also gave the text of an appeal made to Russian citizens and to the proletariat of all countries, denouncing the Polish attack and urging that nothing be done to aid shipping or the sending of arms or ammunition to the Poles or the taking of any action that might assist the Polish attacks.

SOLDIERS WIN OUT ON FRUIT FARMS

(Continued from page 1.)

Apples Without Irrigation.

Land on which clearing work was started last Summer is now being ploughed. It will not be sown in crop this year. It is being prepared for the planting of fruit trees. The old settlement at Creston which adjoins the soldier colony is one of the most prosperous fruit districts in British Columbia.

"I am well satisfied with the progress that is being made at Creston," said Hon. Mr. Barrow to-day. "The land is being cleared economically. There is no question at all of the outcome. The soldiers are working hard, are well satisfied with the outlook and confident that they have a good thing.

"Creston is the district in which apples are successfully produced without irrigation."

Season Late.

Hon. Mr. Barrow, who was accompanied on his tour by Col. Davies of the Land Settlement Board, went through the Arrow Lakes fruit districts. He found the orchards good this year, although the season is late, with more than the usual amount of moisture so far.

At Cranbrook the Minister went over the proposals for the draining of the swamp close to the town and bringing it under cultivation. He also went to Fernie to deal with the settlement area that is being subdivided this season for settlers.

MEXICAN CONGRESS TO BE CONVENED

(Continued from page 1.)

ists following the escape of Carranza.

General Lara Torres, who, was wounded in the fighting on May 13 and was brought to this city, is dead.

To Mountains.

Mexico City, May 16.—Via New York, May 17.—Carranza is fleeing into the mountains of Vera Cruz, by way of Petrote and the revolutionists have captured 2,000 prisoners with twenty-four trains, four pieces of artillery, 200 machine guns, a great quantity of ammunition and gold and silver bars, according to a report from General Guadalupe Sanchez, given out at Obregon headquarters to-day.

Fighting began at 10 a. m. Friday in the vicinity of Rinconada. After three hours' heavy engagement, Carranza and the leading members of his party abandoned their trains and fled in automobiles, escorted by 500 cavalry. He carried off from the trains all minted coins.

The rebel cavalry is pursuing Carranza.

Unconfirmed reports Friday night said Carranza had been captured. General Sanchez promised confirmation of the report later.

HAROLD BURGESS CHARGED IN LONDON

London, May 17.—Harold Burgess, described as manager of the "Worker's Dreadnought," a publication of which Sylvia Pankhurst is editor, was arraigned in Bow Street police court Saturday charged with attempting to cause disaffection against the Irish Guards and with circulating pamphlets entitled "Soviets for the British."

Burgess was arrested Friday night. Miss Pankhurst was present in the rourt room.

The case was adjourned to May 20.

FRANK ADMIRATION FROM SCHOOL PUPILS

Lieut. Helmsing Receives Approbation From Youthful Audience

How many adults would be willing to admit that they understood every word of a lecture That is a claim which would not be lightly expressed by an adult, yet a little boy from Margaret Jenkins School has written to Lieut. H. F. Helmsing, Secretary of the Provincial Branch of the Navy League of Canada in such confident tone after a lecture delivered by Mr. Helmsing at the school recently.

The boy has had his share of experience, too, in the world war, for he goes on to tell the lecturer that he was in three air raids in England, and knew what the dropping of bombs was like.

A rather frank young lady of fourth division standing admits she was rather tired when the lecture started, but not a bit at the end—perhaps in a few years she will reverse the opinion with lecturers. However, she at any rate has the acquisitive interest of childhood in wanting to know results. She asks a question which many adults here could not answer. How did the Belgians get the concrete boats out of the canal after?

A thirteen year old boy is anxious to meet one of the men on the Daffodil, whome he thinks lives here. Perhaps the hero will be glad to meet his admirer!

One small girl expresses the regret that she was not born a boy so that she might grow up to be a sailor. Evidently she believes the age old legend of St. George's Day having some beneficial effect on the fortunes of warring Britishers, for she winds up with the naive comment, "I think because it was on St. George's Day that we succeeded in taking Zeebrugge."

VICTORIA BOYS SCOUTS' ASSOCIATION

Patron, His Majesty the King; Patron for British Columbia, His Honor the Lieutenant-Governor.

Third Troop—Scoutmaster, A. S. M. R. A. Wooton. Headquarters, Willows Camp, meets Friday, 7.30 p.m. Second Class Scout, William Peden, has qualified for cyclist badge.

James Bay Troop—Scoutmaster, C. J. Cherry. Headquarters, corner Douglas and Simcoe Street. Meets every Thursday at 7.30 p.m. Second McMillan has passed his cyclist badge examination.

James Bay Pack—Meets every Friday, at 7 p.m. Cubmaster, C. J. Clerry. Headquarters, same as Troop.

Fairfield (Christ Church Troop)—Headquarters, Cathedral School Room, Quadra Street. Meets every Thursday, at 7.15 p.m. Scoutmaster, G. Frampton. Second Class Scout, C. Clarke has qualified for the swimmer's badge. Asst. S. M., A. W. Gill.

Fairfield (Christ Church Pack)—Headquarters, same as Troop. Cubmaster, G. Frampton. Asst., C. S. Frampton. This Pack now numbers forty-eight Cubs. Meets Thursdays, 4.15 p.m.

Maclean Troop—Scoutmaster, P. A. Trowsdale and S.M., A. MacArtair. Headquarters, 601 Esquimalt Road. Meets every Friday, at 7.30 p.m.

Maclean Pack—Cubmaster, P. A. Trowsdale and A. MacArtair. This Pack now numbers twenty. Another Cubmaster is badly needed as this Pack will soon double in number if the necessary help can be obtained. Headquarters, same as Troop.

Collegiate Troop and Pack—Scoutmaster, G. H. Scarrett. Headquarters, Rockland Avenue. Troop and Pack meets every Wednesday with Band, at 3.30 p.m.

Oak Bay Troop — Scoutmaster, Seymour de P. Greene. Headquarters, corner Mitchell and Granite Streets, Oak Bay. For Women And The Home

Social and Personal

The marriage of Christina B. McGregor, neice of John D. and Mrs. MacGregor, of 1109 King's Road, to William George Milne, son of Mr. and Mrs. W. M. Milne, of Seattle, Wash., took place at the First Baptist Church, Saturday. The bride wore a traveling suit of blue velour suede, a beautiful ermine fur, and a white georgette hat, and carried a bouquet of roses and white lilacs. Miss Kitty Milne, of Seattle, sister of the groom, attended as bridesmaid, wearing a blue poplin suit and maize trimmed hat, and carried a bouquet of sweet peas and maidenhair fern. The groom was supported by his brother, Donald Milne. During the signing of the record, Miss Marie McLaughlin sang very sweetly D'Hardelot's "Because." Friends of the bride had very artistically decorated the church with white lilacs, narcissi and white broom, together with palms and greenery, and the bridal couple stood beneath a beautiful floral arch during the ceremony. The bridal party later left on their wedding trip to Rainier Park and Portland. The officiating minister was the Rev. P. Clifton Parker. The groom gave to the bridesmaid a gold chain and to the best man a pearl scarf pin. A large number of congratularory telegrams and a great many useful and beautiful gifts were received by the couple, including a large cut-glass vase from the choir of First Baptist Church, and a silver-mounted oak serving tray from the Sunday School, in both of which organizations the bride was a prominent member. The Diamond "Z" Club, of Seattle, of which the groom is president, presented a handsome case of Community silverware.

☆ ☆ ☆

St. Mark's Church was the scene of a very pretty wedding Saturday, when Miss Mae Shires was united in marriage to Capt. Rev. F. H. Buck, M.C., late of the 46th Battalion, by the Rev. J. W. Flinton. The bride was given away by her mother, who wore a becoming suit of black taffeta. The bride looked very pretty in a white silk dress and a large picture hat, carrying a beautiful bouquet of Ophelia roses and carnations. Miss Ford Verrinder, maid of honor, was daintily attired in blue taffeta and hat to match. Her bouquet was of pink carnations. The brother of the groom, W. F. Buck, acted as best man. Following the ceremony, the immediate friends of the bridal party proceeded to the home of the bride's parents, Mr. and Mrs. Squire Shires, Marionbree, the Gorge, where heartiest congratulations were extended to the bridal couple. The bride and groom left later for Brentwood, the bride traveling in a smart suit of crea serge. They will spend a short honeymoon at Brentwood prior to leaving for the Yukon, where the groom will resume his duties under Bishop Stringer.

☆ ☆ ☆

Mr. and Mrs. Gordon Farrell, are registered at the Empress Hotel on their honeymoon. The marriage took place quietly Saturday morning in St. Paul's Church, Vancouver, of Kathleen Walters, third daughter of Canon and Mrs. C. R. Davis of Sarnia, to Gordon Farrell, only son of Mr. and Mrs. William Farrell of Vancouver. The bride, who was given away by her brother-in-law, Mr. George Harrison, wore a smart suit of navy blue tricolette, and corsage bouquet of pink roses, and a most becoming hat of navy blue straw. She also wore the gifts of the groom, a diamond barpin set in platinum, and handsome moleskin furs. The bridesmaid, Miss Kathleen Farrell, the groom's sister, wore a dainty frock of flowered georgette, with a large black picture hat. Mr. Homer Adams was the best man. The ceremony was performed by the Rev. Harold King.

☆ ☆ ☆

In order to supplement the milk fund of the Dr. O. M. Jones Chapter, I. O. D. E., a dance has been arranged for Friday night at the Alexandra ball-room by the Students' Welfare League. Part of the proceeds will be devoted to this funds. The patrons of the affairs are Premier Oliver and Mrs. Oliver, Hon. Dr. MacLean and Mrs. MacLean, and the Dr. O. M. Jones Chapter. The chaperons will be Mrs. Frank Andrews, Mrs. Coady-Johnson, Mrs. Margaret Jenkins, Mrs. A. G. Smith, and Miss Henry. Card tables will be provided for those who do not care to dance. Special features in the way of an excellent dance programme, decorations, and lighting, and supper are promised. Chapter members are assisting in the disposal of tickets.

☆ ☆ ☆

Mrs. W. H. Lewthwaite was appointed a delegate to the convention of King's Daughters to be held in Victoria on June 17 and 18 at a meeting of the Dorcas Circle, Vancouver, held at the home of Mrs. W. E. Burton, 1962 Graveley Street, Vancouver, on Friday afternoon. Other members of the circle who will attend the convention are, Mrs. H. A. Urquhart and Mrs. McLaggan. A pleasant feature of the afternoon was a presentation of an appropriate gift to Mrs. Lewthwaite by Mrs. George MacKenzie on behalf of the members of the circle in appreciation of her interest and assistance in the activities of the circle.

☆ ☆ ☆

Madame Sanderson-Mongin will address the Women's Canadian Club to-morrow afternoon at the Empress Hotel at 3.15 o'clock. Her subject will be "The French Women and the Soul of France." This will be the first of a series of lectures on the Allied countries. The executive of the club has decided to open the meeting to children of members upon payment of the usual admission fee. Mrs. J. R. Shearer will sing La Marseillaise, and Miss Clarissa Davis will give a vocal solo.

☆ ☆ ☆

Mr. Albert E. Smythe, late Editor of the "Toronto World," is touring Canada, and is expected to visit Victoria. Mr. Smythe is President of the Canadian Theosophical Society and his visit here is under the auspices of the The Victoria Branch of that Society. As a lucid writer on current and vital topics Mr. Smythe [illegible] these subjects and it is expected that he will give at least one lecture whilst in Victoria.

☆ ☆ ☆

Great interest is being taken in the Dance to be held at the "Criterion" on Tuesday evening, May 18, in aid of the Willows Camp Chapter, I.O.D.E. and the Victoria Boy Scouts. As the number of tickets is strictly limited the members urge intending patrons to secure theirs as soon as possible, from any member of the Chapter, or by 'phoning 1074. Dancing, which will commence at nine o'clock, will continue till one.

☆ ☆ ☆

Mr. and Mrs. I. W. Witchell, 309 Michigan Street, entertained at their home on Friday evening a number of young people in honor of their only daughter (Muriel Edna) coming of age. Miss Witchell was the recipient of many pretty and useful presents. Among the guests present were Miss Muriel Bishop, Miss Adelaide Pearson, Miss Isabel Bailey, Miss Dorothy Locke, Mr. A. R. and J. A. Merrix, Mr. Walter Miles, Mr. C. Price and Mr. W. Westby. A very enjoyable evening was spent.

☆ ☆ ☆

Major and Mrs. Nash have arrived here from Vernon. For several years Major Nash has been in charge of the Allen International Camp here and since the prisoners left he has been engaged in cleaning up the grounds and disposing of the buildings. These have now all been sold and the property has been turned back to the Provincial Government.

☆ ☆ ☆

The United Commercial Travelers, Victoria Council 434, gave a very successful dance in the Knights of Columbus Hall on Saturday night. About 150 couples were present, and the event concluded a pleasant series of social affairs held under the auspices of the Association during the Winter and Spring months. Miss Simpson and Miss Pullen won the "Lukcy Dance" prizes.

☆ ☆ ☆

Lady Kindersley will be the guest of the Women's Canadian Club at a tea in her honor at the Empress Hotel next Friday afternoon from 4 to 6 o'clock. Miss Mona Misner will sing, and other musical numbers are being arranged. Members of the Men's Canadian Club are invited to attend. Tickets will be on sale from 3 o'clock Friday at the Empress Hotel.

OPEN SCHOOL TO TRAIN WOMEN AS PARLIAMENTARIANS

London, May 17.—A large studio at 16 Hallam Street, London, W., has been transformed into a miniature House of Commons where women who aspire to become M.P.s can be trained by Miss Marion McCarthy, sister of Miss Dáil McCarthy, the actress.

The budding Portia will find the school a stepping-stone to the successful pleading at the law, and those who aspire to council chambers or company boardrooms are also provided for.

But special attention will be given to those desiring a parliamentary career, everything, from voice development to the intricacies of parliamentary procedure, being taught.

When pupils have advanced beyond the stage of correct enunciation, they will be taught how to deliver a speech to an audience and to answer "hecklers."

The students will be given lessons in speech writing as well as in speech making, and their efforts will be corrected by a literary coach well versed in past political phrases.

WEST SAANICH INSTITUTE.

The monthly meeting of the West Saanich Women's Institute was held at their rooms, Sluggetts, on Tuesday afternoon, with a good attendance. The Institute listened with pleasure to Mrs. Carter, her address very ably given "on newer nutrition," proved both instructive and interesting. The Institute was disappointed in not having the demonstration on first aid by Mr. MacLachlan, of Victoria, who was not able to be present. It is hoped to have it at some future date. The Institute enjoyed a short visit from Mr. Terry, of the Department of Agriculture. The military 500 held under the auspices of the Institute at their rooms, Wednesday evening, was as usual a most enjoyable affair, those winning first prizes were as follows: Mrs. Large, Thompson, Mrs. A. Pope, C. Hammond and A. Scrup; consolation, Mrs. Geng, Miss Gladys Geng, J. Carrier and F. Richardson. These card parties take place every other Wednesday evening. The Institute will serve refreshments at the dance to be given by the West Saanich School on Tuesday, May 28, Agricultural Hall, Saanichton, the proceeds to pay off the debt on the school piano.

NURSES DEDICATE MEMORIAL WARD

Room at Royal Jubilee Hospital Equipped in Memory of Four Graduates

On Saturday afternoon the memorial ward at the Royal Jubilee Hospital, which has been established by the members of the Victoria Graduate Nurses' Association as a tribute to four Jubilee Hospital graduates who were killed in the great war, was formally dedicated at a largely attended ceremony, the service at the Pemberton Memorial Chapel being presided over by Col. the Rev. G. H. Andrews, and the addresses in the new ward being given by Chairman R. S. Day of the hospital board, Col. E. C. Hart and Col. D. Donald.

The four nurses in whose memory the pretty and comfortable ward has been created are: Nurses Gladys Wake, Christina Campbell, Jessie King and Mabel McDiarmid, and the large number of nurses and physicians who were present to take part in the proceedings was an eloquent tribute to the heroic graduates of the Jubilee Hospital in whose memory the ward has been created.

SQUIRE'S DAUGHTER IN WAR ROMANCE

A Pretty Village Wedding Savours of the "Good Old Days" in England

London, May 17.—Ninety guests traveled by special train from Victoria Station, London, to Midhurst, to attend the wedding of the only daughter of the Squire of Stedham. This was the first time a special train had been chartered by a civilian since the beginning of the war, and it created something of a sensation at Victoria Station, where facetious porters embarrassed the driver by addressing him as Cupid.

The wedding train cost £150, and in addition a fleet of motor cars and motor chars-a-banes had been engaged to convey the guests over the three miles that seperate Midhurst from Stedham, where some of the wedding party had stayed overnight.

The Squire's Daughter

These two old-time Sussex villages had been looking forward to the marriage for weeks. Mr. James Scrimgeour, the father of the bride, is a well-known figure on the Stock Exchange, but in Stedham, where he has been a landowner for many years, he is known only as "the squire."

Everybody in the village takes a sentimental interest in the romantic love affair of the bridal pair. During the war Stedham Hall was used as a military hospital, and it was here that Capt. Arthur Russel, M.C., of the Gordon Highlanders, a member of a well-known Suffolk family, was nursed back to health and strength by Miss Ester Scrimgeour. The captain had lost a leg in the war, and he lost his heart to his young nurse.

The "Good Old Days."

The result was one of the prettiest weddings seen in rural England—a picture wedding of the "good old days" when the villagers assembled to honor the bride and bridegroom, when wedding-bells pealed merrily from the old church tower, and when the school children strewed wild flowers in the path of the bride. There was nothing missing from the idyll of the wedding of the squire's daughter.

There was an eager move by the women and a murmur of admiration from the men when the bride, on the arm of her father, appeared under the archway of the churchyard. A very charming picture she made, framed in the ivy of the old doorway, with the rare April sunlight playing on her wedding-gown of white charmeuse, with its lace veil and orange blossoms. She smiled shyly but happily at the admiring villagers. Behind her came the two young bridesmaids, Miss Joan Robertson, (her cousin) and Miss Wenda Russel, (a niece of the bridegroom). Both were dressed in simple little frocks of white voile, with mop-caps.

The wedding ceremony was performed by Archdeacon Clark (uncle of the bridegroom). Returning from the church the newly married pair were covered with primroses and violets, joyously flung by schoolgirls, whose aprons were filled with the modest wild flower.

Squire's Wedding Gift.

A reception was held in the adjoining Stedham Hall, which, together with the estate, forms the magnificent wedding gift of Mr. James Scrimgeour. Among the numerous presents received were two from the villagers of Stedham, who are to be entertained on a lavish scale within the next few days.

CHILDREN ARE WELCOME.

The directors of the Provincial Arts and Industrial Institute hope that the children of the city's schools will be brought to see the exhibition of pictures, china, lace and other articles now on view in the auditorium of the Provincial Library in the Government buildings. If notice of their coming be given to the secretary at the Provincial Library, some one will be in attendance to meet them who can explain the artistic values and other matters of interest about the exhibits.

TO GIVE BETTER AUTO FERRY SERVICE

Development Association Secures Changes; Sol Duc to Call Every Day After June 1

In order that accommodation for automobiles traveling between Port Angeles and Victoria may be increased, the steamer Sol Duc will make the trip across every day, commencing with June 1, according to assurances which Joshua Green, of the Puget Sound Navigation Company, gave a deputation from the Victoria and Island Development Association on Friday last.

George I. Warren and Commissioner J. G. Thomson represented the Association, and were accompanied on their visit to Mr. Green by Douglas Shelor, of the Western Washington Automobile Association.

Mr. Green stated that while he was willing to do everything possible to accommodate the automobile traffic which is expected this Summer, yet he could not see that a sufficient number of cars would be coming across to make the institution of a special ferry a paying proposition.

He promised that the sailing schedule of the Sol Duc should be amended to provide for a trip from Port Angeles every day of the week, that the present Sunday lay-over should be omitted, and the boat should call at Port Angeles on Mondays, this call having been omitted on the trip from Seattle of late.

Wants Reservations Made.

Mr. Green also stated that he would be able to do much more if travelers desiring to make the trip across were educated as to the necessity of reserving accommodations. He promised that if such a practice became as common as it is with those seeking hotel accommodations, he would have excess reservations, above the capacity of the Sol Duc, brought over from the mainland on another boat which he is operating between Seattle and Port Angeles, whenever there were sufficient to make such action necessary.

The delegation pointed out that the barge ferry which is being considered by the C.P.R. for operation between Vancouver and Nanaimo would strongly attract motorists to that route unless an immediate improvement in the Port Angeles-Victoria service was made, with a resulting loss both to Victoria and the Puget Sound Navigation Company.

BAND CONCERT PLEASED JUBILEE HOSPITAL PATIENTS

The patients of the Jubilee Hospital were yesterday afternoon entertained by the Salvation Army band, which played for nearly two hours on the lawn in front of the main building.

This is the first of a series of Sunday concerts which the Salvation Army band purposes holding throughout the Summer months, and the evident pleasure which the music gave to the patients and the many visitors to the hospital assure the complete success of the innovation.

All the patients whose condition permitted of their being brought into the open air were ranged around the band, and in addition there were large numbers of visitors and friends scattered around.

The repertoire which was rendered consisted mainly of well-remembered themes, and at the conclusion of the concert Secretary Carver thanked Bandmaster Delamont and his musicians, saying that such a service of kindness was appreciated more than he could say.

TUBERCULOSIS MEETINGS.

Preceding the annual meeting of the Canadian Association in Vancouver next month will be held the meeting of the Canadian Association for the Prevention of Tuberculosis on June 21 and 22, at which will be many leading authorities on the subject of tuberculosis. Besides the report of the secretary the programme as outlined contains addresses by Dr. Byers, of Ste. Agathe, P. Q.; Dr. Parfitt, of Gravenhurst; Dr. Stewart, of Manitoba; Dr. Miller, of Nova Scotia, and the president's address by Hon. Dr. Schaffner, which is expected to be of especial interest. An X-Ray demonstration will be given by Dr. Case, of Battle Creek. The public are cordially invited to the meetings, and in view of the deep interest being taken now generally in connection with the disease, a large attendance is expected.

OPINION DIVIDED ON WATER RATE INCREASE

Mayor Wants to Be Shown Necessity Before Favoring Raise

Victoria water rates will not be increased by thirty per cent. without a fight, it was learned at the City Hall to-day.

The proposal that the water rate be raised—as outlined in The Times last Friday—probably will not come before the City Council until it meets in Streets Committee Friday. If it is laid before the Council to-night, in all probability consideration of the matter will be reserved until Friday's meeting in any case.

Discussing the matter this morning Mayor Porter said he would not favor raising the rate by thirty per cent. unless it was made clear to him that such a big increase was absolutely necessary. He was not prepared to admit that a raise as large as that proposed was required at this time.

"We must remember," he pointed out, "that we are putting water in new houses all the time, so that the revenue from the waterworks system should increase. In any case, we must do all we can to encourage the use of water, both from a sanitary point of view and in order to increase the revenue from the waterworks.

"The chief argument for raising the water rate, of course, is that the waterworks system has lost money during the last few years, and that this loss must be made up by direct charges instead of through the general taxes. In this connection, however, it is just as well to make plain that the system did not lose so much money last year as some people seem to think. In the first place, the retirement of $7,000 worth of debentures was charged against the system. This, however, cannot be considered as operating expenses. There were other things also charged against the system which make it look as if it were losing more money than it really is.

"On this account it will be necessary for the Council to discuss the whole question very, very thoroughly before it decides on any increase, or how large, if any, should be made."

Questioned further, the Mayor said he was opposed to any increase in the water rate to vacant lot cultivators, as he considered that production should be encouraged at all costs.

GIVEN SEVERE TERM

F. D. McInnes Sentenced to Six Months in Cash Registry Case.

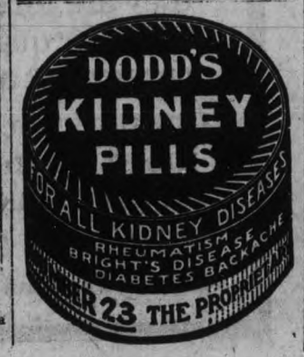
In the county court this morning, before His Honor Judge Lampman, F. D. McInnes was sentenced to six months' imprisonment for obtaining $25 under false pretences.

Accused elected speedy trial and was defended by R. C. Lowe, while J. S. Brandon acted for the Crown.

Mr. Brandon said that McInnes told Parker, a junk dealer that he knew of a man named C. J. Coot who was starting up a grocery store on James Island, and who had a cash registry for sale. This cash registry could be obtained for $25, he alleged, and that it was well worth $45 or $35 as a minimum estimate he claimed.

Accordingly Parker advanced a cheque for the $25 made out on McInnes's request to C. J. Coot. McInnes alias C. J. Coot endorsed the cheque and cashed it. Meeting Parker on subsequent occasions McInnes was still busily negotiating the sale according to his story.

In imposing sentence Judge Lampman stated that if the accused had shown any signs of honest dealing there might be some doubts about the whole transaction but that he did not think that McInnes acted as an honest man would have done, and therefore disallowed counsel's claim for suspended sentence—imposing a term of six months on McInnes.



COURT MOURNS POLICE CLERK

Sudden Demise of Peter Gardner Removes Familiar Figure

The death of Peter Gardner, clerk of the City Police Court, which took place during an operation on Saturday night following a very sudden illness occasioned a great shock to the officials who had been accustomed to his familiar and kindly appearance during the ten years he has held office at the local court.

As a mark of respect for him, Magistrate Jay adjourned the session this morning with the sympathy of all for the widow.

A clever man in legal machinery and the happenings of a police court, Mr. Gardner was universally liked and relied upon by all whose business lay in the realms of justice.

He was a never failing source of information on cases, no matter how long ago they had occurred. He was ever ready with the correct legal work of reference to sustain the arguments of the opposing counsel. His genial attention to the work in hand, and the marvelous speed he attained in transcribing the spoken words of witnesses of all races into written evidence, won for him a unique position in local circles.

Testimony to the esteem and affection in which he was universally held, all police officials and men of the legal profession expressed themselves to-day profoundly shocked at the suddenness of his death, and stated that it seemed impossible to realize that the man had left them forever.

After court on Saturday Mr. Gardner left the buildings with Magistrate Jay, and appeared to be in the best of health and spirits. Towards evening he was in his home, and it was not until nine o'clock that he complained of anything unusual. Rushed to the hospital following an attack of sudden pain, Peter Gardner succumbed while still under the anaesthetic following an operation for functional troubles, death taking place shortly after midnight.

The funeral will take place on Tuesday from the family residence, 1083 Chamberlain Street, the Rev. J. G. Inkster officiating. Interment will take place in Ross Bay Cemetery. He is survived by his widow, a brother in Toronto, and two brothers and one sister in Glasgow. A native of Glasgow, Mr. Gardner succumbed at the age of 59 years, after ten years in this city, coming here from Peterboro, Ontario. The remains are reposing at the Sands Funeral Chapel. The family has requested that no flowers be sent.

BRIEF LOCALS

Retailers Plan Work.—The executive committee of the Retail section of the Board of Trade met at 12.15 this afternoon at the Dominion Hotel, and after lunching together, considered proposals for the year's programme of work.

☆ ☆ ☆

Provincial Police Case.—Before Magistrate Jay in the Provincial Police court session held at 2.30 this afternoon Richard Wylie, of Sidney, was charged with assaulting D. James Anderson, doing him grievously bodily harm.

☆ ☆ ☆

Harbor Marine Veterans.—The Harbor Marine Veterans' Association will hold a dance on Tuesday night from 8 to 12 o'clock in the Alexandra ballroom. There will be good music, with spotlight dancing as a special feature.

☆ ☆ ☆

Kiwanis Luncheon To-morrow.—The usual luncheon of the Kiwanis Club will take place to-morrow at the Dominion Hotel. Entertainment and attendance prizes will be provided by Messrs. Godfree and Dibble respectively.

☆ ☆ ☆

Good Advertising.—Commissioner J. G. Thomson, of the Victoria and Island Development Association, states that the C. P. R. is arranging for display advertising in the Seattle and Tacoma papers of the Hudson's Bay Company's anniversary celebration in Victoria.

☆ ☆ ☆

To Lecture on Ireland.—On Tuesday night in St. Columbia Church schoolroom, corner of Mitchell and Granite Streets, Oak Bay, an illustrated lecture on "Ireland" will be given by J. G. Brown, assisted at the lantern by A. S. Huxtable, and vocally by several of the best artists in the city. A treat is insured for all those who are able to come.

☆ ☆ ☆

Victoria Radio Club.—A meeting of the Victoria Radio Amateur Club was held Saturday evening in the clubroom, 2411 Quadra Street. A very interesting and instructive evening was spent, one of the members giving a short talk on wave length. After all the necessary business of the club had been transacted, the evening was then turned into a social event. G. Rideout presided.

☆ ☆ ☆

Ex-Imperials To Meet.—Sergt.-Major Pearce, D.C.M., is busy to-day completing the details of to-night's meeting of the Imperial Veterans in Canada at the Y. M. C. A. President Crossland of Vancouver, will be here. Major Pearce will give some confidential information on pensions, pay and other military matters, which he has just received from the British War Office, London.

☆ ☆ ☆

Sidney A. A. Dance.—The Sidney Amateur Athletic Association will hold a dance in the Berquist Hall, Sidney, May 19, commencing at nine o'clock. Special arrangements have been made to convey the guests, the stage Flying Line leaving the Douglas Street station at 8 p. m., and will return after the dancing closes, about one o'clock. Miss Thain's orchestra will supply the music, the proceeds to be in aid of the athletic fund.

☆ ☆ ☆

Oppose Closing Stores.—The executive committee of the retail section of the Board of Trade is opposed to Mayor Porter's suggestion that the stores should close to-morrow afternoon for the opening of the ball season, and at its meeting held this afternoon at the Dominion Hotel the executive went on record to that effect, basing this action on the grounds that the following afternoon is a statutory holiday.

☆ ☆ ☆

Masons Gather in Nanaimo.—Large numbers of Royal Arch Masons will gather in Nanaimo Wednesday for a grand re-union. Between sixty and seventy members of the Lodge will go from Victoria, while many more will attend from other Island points.

☆ ☆ ☆

Special Soccer Meeting.—A special meeting of the V. D. F. A. and the B. C. F. A. will be held to-morrow night at 7.30 o'clock in the Y. M. C. A. All delegates are asked to attend as business of importance is to be transacted. The delegates to the recent meeting at Vancouver will present their report.

BE SUSPICIOUS OF TENDER GUMS

Be suspicious of any tenderness or bleeding of the gums. This is usually the first stage of Pyorrhea—an insidious disease of the gums that destroys the teeth and undermines bodily health.

Gradually the gums become spongy. They inflame, then shrink, thus exposing the unenameled tooth-base to the ravages of decay. Tiny openings in the gums form gateways for disease germs to enter the system. Medical science has traced many ills to these infecting germs in the gums weakened by Pyorrhea.

They are now known to be a frequent cause of indigestion, anaemia, rheumatism and other serious conditions.

So watch carefully for that first tenderness or bleeding of the gums. Try Forhan's immediately. It positively prevents Pyorrhea (Riggs' Disease) if used in time and used consistently.

And in preventing Pyorrhea—it guards against other ills.

Forhan's (For the Gums) cleans teeth scientifically as well. Brush your teeth with it. It keeps the teeth white and clean.

If gum-shrinkage has already set in, start using Forhan's and consult a dentist immediately for special treatment.

35c and 60c tubes in Canada and U. S. If your druggist cannot supply you, send price to us direct and we will mail tube postpaid.

FORHAN'S, LTD., Montreal

Forhan's FOR THE GUMS

HOTELMEN COMING.

The Washington State Hotelmen's Association will hold a meeting here, the members arriving at 1.15 on Wednesday.

PLAN IS COMPLETE B. C. HIGHWAY NOW

Hardy Bay Road Included in Work Decided on By the Government

The Provincial Government has now definitely entered on the final part of its policy of completing the Provincial Highway, according to an announcement to-day from the Hon. Dr. J. H. King, Minister of Public Works, as he set out for an inspection tour of the work that is being done on the highway system.

The Minister to-day called for tenders for the completion of the gaps in the Provincial Highway. These sections are included: Rossland to Polson, Thrunis to Brilliant near Nelson the Osoyoos Hill link, Kuskonook to Sirdar, and the Revelstoke west road.

Tenders were also called to-day for the Coal Harbor Road from Hardy Bay on Vancouver Island.

Hon. Dr. King will be away until the end of May. During his trip he will visit East and West Kootenay, Revelstoke, Nelson, Kaslo, Cranbrook, Fernie, Golden and other places on departmental work.

OBITUARY RECORD

The death occurred at St. Joseph's Hospital on May 15, of Joseph Victor Astle, aged twenty-four years. He was born in Liverpool, England, came to this city seventeen years ago and was a veteran of the Great War. He leaves to mourn his loss his mother, Mrs. J. M. Astle, of 68 Burnside Road, one sister, Mrs. E. Wilson, 46 Burnside Road, and one cousin, S. J. Chiverall, of Metchosin. The funeral will be held on Tuesday at 2 p. m., from the parlors of the B. C. Funeral Company, Rev. J. W. Flinton officiating. Interment will take place in Ross Bay Cemetery.

Mrs. Jas. M. Bulger, of 333 Moss Street, has just received news of the death of her father John Muhs, at the age of eighty-seven, which occurred on Sunday morning at Spokane, Wash., after an extended illness.

The funeral took place on Saturday afternoon at 3.30 o'clock from Sands Funeral Chapel, of William Alexander Hamilton, whose death occurred at St. Joseph's Hospital on May 13. Officiating as pallbearers were G. R. Lowry, W. McIlwaine, W. J. Morrow, A. J. Howell, W. Duncan and Davies. The hymns "Jesus Lover of My Soul" and "Nearer My God to Thee" were sung. Interment took place in Ross Bay Cemetery.

RECOVER BODY FROM OFF PARK BEACH

Remains of Man Found on Shore at Beacon Hill Park

The body of an unknown man was found at Beacon Hill Park on the beach line yesterday morning by the Provincial Police.

The body was nearly stripped of clothes, and the head and much of the body itself eaten away. The appearance indicated that the remains had been in the water for a long period. One boot and stocking were all that remained of the garments of the man, decomposition being far advanced. The remains were conveyed to the Thomson Funeral Parlors pending investigation by Coroner Hart. Identification is being sought by the police.

VANCOUVER ISLAND NEWS

Wedded at Comox

Comox.—A very pretty wedding was solemnized at St. Peter's, Comox, on Wednesday afternoon, when Walter Wallace Piercy, second son of Mrs. John Cowie, of Sandwick, was married to Amy Elizabeth, second daughter of John Hawkins, of the Bluffs, Nob Hill. The bride, who was given away by her father, was very charming in a costume of white satin and crepe de chene trimmed with silver lace and she wore a veil crowned with orang blossoms. Miss Ida Hawkins, the bridesmaid, attended her sister in a dress of blue voile with hat to match. The bridegroom was supported by his brother, Mr. Robert Cowie. The bridegroom's gift to the bridesmaid was a brooch and to the best man a pair of cuff links. The church was beautifully decorated with dogwood and Spring flowers. Archdeacon Collison officiated at the ceremony.—Comox Argus.

Gulf Islands' Hospital

Ganges.—The annual general meeting of subscribers of the Lady Minto Gulf Islands Hospital was held recently.

The chief subject discussed at the meeting, recommended by the Doctor, and unanimously accepted by the board and those present, was the desirability of constructing an isolation ward, with sanitary arrangements complete, on the unoccupied portion of the upper story of the building for mildly infectious cases.

The new board elected for the year consisted of: E. Walter, president; Rev. Geo. Aitkens, secretary; W. M. Mouat, treasurer; H. Price, Holmes, Stacey, A. J. Smith, Mrs. James, Mrs. Spalding and Mrs. C. C. Castle, house committee for the year; Mrs. Mouat, chairman; Mrs. Dean, Mrs. Abbot, Mrs. Johnson, Mrs. P. Beech, Mrs. Frank Crofton and Mrs. A. J. Smith, committee. C. C. Castle and E. Walter are the representatives of the Government.

To Divert River Outfall

Nanaimo.—In connection with the dredging next month by the dredge Fruhling of the South Channel into the harbor, the Department of Dredging, it is reported, contemplates diverting the waters of the Nanaimo River into the eastern outlet by Jack's Point to prevent further silting of the harbor by sediment from the west mouth of the river.

Bevan's May Queen

At a meeting held in Bevan, Miss Grace Tyson was voted Queen of the May along with the following girls as Maids of Honor and train bearers: the Misses E. and K. Robertson, N. Cameron, E. Burns, G. Clark, C. Buchanan, S. Bruce and I. Herd. A few of the ladies are busy training the smaller children in the Maypole dance and everything seems to point to a very happy time for the children of Bevan on May 24.

To Improve Street

Cumberland.—At the last meeting of the Cumberland City Council, it was decided to treat the main street from the Post Office to the City Hall, with a mixture called Tarvia. It is estimated that two coats of this preparation will cost five hundred dollars and it will cost twenty-five dollars for a sixty-foot front. It will be put on top of eigth inches of gravel which will be laid after the waste material that is now being taken off and carted to the fotball ground, has been removed. A meeting of ratepayers on Dunsmuir Avenue, after the council confirmed this action.

Tennis Club

Ganges.—The Salt Spring Island Tennis Club has started its season at its usual headquarters on Mr. Heincky's property, at the settlement. Thursday has again been made the club day. The officers appointed for the year are: Mr. Frank Scott, president; Mr. F. Speed, secretary-treasurer; Mrs. Basil Cartwright, Miss Cartwright, Mr. E. H. Streeler and Mr. Reg. Price, committee.

Hydro-Electric Plant.

Ladysmith: At the last meeting of the Ladysmith Council the Council discussed the advisability of installing a hydro-electric plant, so that cheaper and better service be given the municipality and surrounding district, and it was decided to obtain figures as to cost of same and to proceed as early as possible with the plant.

ARCHBISHOP CASEY GAINS STRENGTH

Vancouver, May 17.—Archbishop Casey, suffering from heart trouble, is reported as much improved to-day, and there is now every hope for his recovery.

A LABOR BATTLE.

Nelson, B. C., May 17.—Open war between the International Union of Mill, Mine and Slater Workers and the One Big Union has been declared in the Slocan mining field, where the new scale negotiated by the latter went into effect Saturday.

MOTHER OF FIRST AMERICAN SOLDIER KILLED IN FRANCE

Mrs. Alice Gresham Dodd, First War Mother of the Nation Gives Entire Credit for Recovery of Her Health to the Well-Known Medicine, Tanlac

MRS. ALICE GRESHAM DODD, of Gavin Park, Evansville, Ind.

The following remarkable endorsement of Tanlac was given recently by Mrs. Alice Gresham Dodd, at the Gresham Memorial Home, Gavin Park, Evansville, Ind., which home was presented to her by the patriotic people of Indiana, as evidence of their appreciation of the services rendered to his country by her son, Corporal James B. Gresham, the first American soldier killed in France. Expressions of sympathy were received by Mrs. Dodd from all parts of the United States, and the newspapers of the country carried the story of the first 'war mother.'

The shock of her son's death resulted in the serious breakdonwn of Mrs. Dodd's health, but everyone will learn with interest and pleasure that she is now in splendid health again. When seen at her home recently she made the following statement, giving the entire credit for her recovery to the well-known medicine, Tanlac.

"After my dear boy's death, I had a general breakdown in health," said Mrs. Dodd. "At first it was just indigestion. My food used to upset me and I had to diet myself very carefully, which wasn't much hardship as I lost all desire to eat. Then I had an attack of rheumatism, with severe pains in my shoulders, back and arms. Sometimes I used to suffer a great deal, and my joints would get all swollen up and stiff. I was able to do very little about the house, and at times couldn't even cook a meal. I got very nervous and restless, and at night would lay awake for hours, and lost many a night's sleep as a consequence.

"A friend of mine had received a great deal of help from Tanlac, and it was she who advised me to try it. I am so glad I did for it proved the best medicine I have ever taken. It soon gave me a good appetite and seemed to settle my stomach so that I was no longer troubled with indigestion. I don't know what it is to have rheumatic pains now, the swelling and stiffness has all gone out of my joints and I am able to do the work of the house with the greatest ease. My nerves are now steady and strong, I sleep fine at night, and I feel better in health than ever before in my life. I shall always be grateful for what Tanlac has done for me, and shall recommend it every chance I get."

Tanlac is sold in Victoria by D. E. Campbell, corner Fort and Douglas, and Lang's Drug Store, Esquimalt Road.

11TH MACHINE GUN BRIGADE

Parades For Week.

No. 1 Company will parade at new Drill Hall, Victoria, at 7.30 p.m., on Thursday, May 20. Dress: Drill order. Mechanism, immediate action and swimming.

J. M. CUMMING,
Captain and Adjutant, 11th Canadian Machine Gun Brigade.

LIVES BLASTED

Two Many Eggs Ruined Because of Heavy Dynamite Charges near Victoria.

A closed season on blasting is the latest demand to be made upon the Provincial Government.

Poultrymen on the southern part of Vancouver Island are asking for this because energetic land clearers have been using such heavy charges of dynamite that the life is scared out of incubating eggs. Poultrymen are to see the Minister of Public Works about the trouble. They are now estimating for his enlightenment the number of hundreds of thousands of eggs that have had their future blighted by the blasting near Victoria.

The dates suggested for the closed season on blasting are February 15 to May 30.

LIFE UNDERWRITERS HELD CONVENTION

Island Association, With Guests, Spend Merry Day at Brentwood

On the occasion of their annual convention, the Victoria and Island Life Underwriters' Association last Saturday took advantage of the half holiday and, with their guests made a regular "Day" of it. Frank Kilner, president; Kenneth Ferguson, vice, and H. M. S. Bell, secretary, the local officers, lined up a committee to take care of the guests, which consisted of E. F. Miller, Dominion President of the Life Underwriters' Association, and a large number of the Life Underwriters of the district, who though not members, were invited to attend.

The proceedings opened with a luncheon at the Dominion Hotel, where the party met and transacted the routine order of their business. Leaving in cars for Brentwood, the Life Underwriters spent the afternoon at that place, indulging in boating, swimming, tennis and varied sports.

The main event of the day then took place, which was a banquet at the Brentwood Hotel. Mr. Miller, in a stirring address reviewed the work of the past year, and drew conclusions as to the coming period that were rosy in aspect.

The Life Insurance business was a movement of national thrift, he claimed, and it was daily becoming more realized what a sound business policy it was to carry adequate insurance on one's life and belongings, as a measure of protection that was the right of the dependants. The life underwriters themselves had a high duty to perform, and the honest performance of the underwriters had more than proved their ability to enact that duty, he argued.

One thing that made a serious stricture of the whole insurance fabric of the Dominion, was the increased Government taxation on the companies. This taxation, contended the speaker, did not come out of the pockets of the companies alone, but was virtually a direct strain on the policy-holder, who was thus taxed for his very effort at thrift. What encouragement was it to the average business man to carry insurance when he had yearly to pay more for the privilege and knew that a good proportion of that increase was merely another plum to the government? continued Mr. Miller.

Mr. Miller dealt with the figures of the insurance companies for the past season and argued that the coming period would show a substantial increase, if due regard was taken by the authorities to the adverse working of the taxation on insurances.

The president of the Dominion Life Underwriters' Association spoke for a considerable period and delivered one of the most interesting addresses heard on the subject in this district.

Mr. Kilner, local president, and several of the Island officials also spoke to the point in brief but encouraging speeches.

The conclusion of the proceedings was a musical programme interspersed with "stunts." Frank Kilner and George Swaine sang several songs to the accompaniment of H. H. Holland, while J. B. Warnicker gave the "stunt" of the evening.

Mr. Warnicker's effort was an example of how not to sell life insurance, taking as his "Prospect" Alex Peden. The skit was unbelievably comical and created furores of merriment. After spending the remainder of the evening in a genial smoking concert, the party returned to town at a late hour Saturday night.

EXPLAIN OUSTING OF RETALLACK

Attorney-General and J. S. Cowper Address Big Vancouver Meeting

The Hon. J. W. de B. Farris, Attorney-General, and J. S. Cowper, M. P. P., dealt with the Retallack affair at the big meeting in the ball room of the Hotel Vancouver at the end of the week.

Mr. Cowper said that with the removal of the B. C. Electric and the B. C. Telephone companies from the jurisdiction of the Province there was nothing left for the public utilities department under Major Retallack to deal with except a lot of minor applications.

On learning that Major Retallack had asked for $25,000 for traveling expenses alone and realizing the small character of the work to be performed for a man of diligence and ability of the commissioner, Mr. Cowper said he felt that an adequate return was not possible for the amount of money placed in the estimates for this department.

Better Use For Money.

He had felt that the money could be placed to better advantage in more allowances to soldier settlement, arguing that retention of the department was preventing twenty-five men from being settled on the land. These and other considerations appealed to both sides of the Legislature and also the returned soldier party, resulting in an almost unanimous vote to repeal the legislation by which the Public Utilities Commissioner was appointed.

While he had great sympathy with Major Retallack, and while he believed even now that the former commissioner had a moral claim on the Government for his disappointment—that being a question for the Government to settle—he felt that Major Retallack, since the department had been ended, by his conduct and inuendoes, had shown that he was not fit to retain loyal service.

Voted Out By House.

Hon. Mr. Farris referred to the way the attention of the public was diverted to "nine-day wonders" such as the downfall of Findlay, the first prohibition commissioner, and the "Elliott blow-up" at the closing days of the last session of the Legislature.

"And now there is another," said the speaker, "another nine-day wonder at which the papers are again straining their type. It is the charge made by Major Retallack over the loss of his position. I spoke for an hour in reply to those charges at the Board of Trade. You have all read them. I am not going to deal with the matter further here beyond saying that the official in question lost his position by the almost unanimous vote of the Legislature. The Leader of the Opposition voted for the repeal of the Public Utilities Act and so did the Leader of the Soldiers' party."

Reduced Legal Expenses.

The present administration, when it took office, Hon. Mr. Farris went on, found that the greater portion of the normal income of the Province was required to meet the fixed charges on the debts contracted by its predecessor. Not only had the abnormal revenues of the boom days been absorbed, but the surplus of $9,000,000 which at one time the treasury boasted had been used in extravagances prior to 1916.

He declared that in his department, under the item of "justice expenditures," the average amount expended annually under the previous regime had been $303,000 more than the total of $158,000 on which he, as Attorney-General, had operated for the past year.

"And those were the years of low wages and prices. I ask you if you think the brand of justice handed out under the former administration was worth $1,200,000 more than the present day cost of operation?"

Mrs. Ralph Smith, M. P. P., spoke on Social Legislation.

LETTERS

Letters addressed to the Editor and inter.ded for publication must be short, and legibly written. The longer an article the shorter the chance of insertion. All communications must bear the name and address of the writer, but not for publication unless the owner wishes. The publication or rejection of articles is a matter entirely in the discretion of the Editor. No responsibility is assumed by the paper for MSS. submitted to the Editor.

AMATEUR SWIMMING CLUB.

To the Editor,—May I be allowed to make a few remarks bearing on the report in your last night's issue about the above club, as I think perhaps a wrong impression might be gathered by the public from that report?

Councillor Dooley remarked that the club should prove a benefit to the district in the fact that it would keep the young boys from lying about on the public road in their bathing suits.

Now, as far as I can gather, this club is a private affair and consequently the boys alluded to would not be allowed to bathe from the club's float unless they joined as members.

I believe I am right in saying that the delegation and those they represent are not in any way trying to cast reflections on the swimming club, but we can see in this first grant of the Council to a private club a precedent formed which may affect what we as residents on the Ker Estate consider to be our rights.

I was not a buyer of property here from the original owner and so I have no copy of the agreements, but I am told by the man I bought from that certain rights and privileges were granted to the buyers of lots in that subdivision, and our contention is that if the Council has the right to lease away the foreshore, including the end of the street, to private clubs we may soon see the whole of it let off to similar undertakings.

Our other contention is that we cannot see why any private club has the right to corral off a larger slice of public water for their own convenience.

I think that we at any rate had a right to be consulted before the Council granted a five years' lease to this club.

ROBT. FOX.

2837 Inez Drive.

H. C. OF L.

To the Editor,—It has not been my privilege to trouble you before, but I would like a little space on this high cost of living.

The big kickers are men who did not go overseas, but swore to do their bit by paying for the cost.

A lot of them made money during this period and are doing their utmost to shirk the only responsibility they had.

This war has to be paid for and even we soldiers who went to do our utmost come back and must help the man out who stayed behind by paying on an equality with him.

A man of means who buys a suit of overalls, because of the H. C. L., is not doing the duty he swore to do.

The only part he had to do was to ease the load by paying with dollars, not blood; 50,000 gave their all. Whatever is paid to-day must ease the load our children will have to bear, and their lot will be hard enough. These "kickers" must understand that you cannot fight for right without it costing them something.

EX-SOLDIER.

LORD LEVERHULME WAS STIRRED BY BEAUTY OF VICTORIA

Many of Victoria's visitors, humble and great, poor and rich, have asserted that this city was the scene of more poetic beauty than any other spot on this continent, and a curious, yet unuttered argument along this line of thought comes from England in a little quarterly magazine called "Square Deals," published by Lever Brothers, for circulation among their staff.

In this neat little pamplet, as the leading article, is a short article of intense humanity and enjoyment of the life of the moment, written by Lord Leverhulme, and a footnote remarks that he wrote down the thoughts while visiting this city and mailed the copy over to England for issuance while he was still visiting this Coast.

The following is the article:

"Our Best Days."

"The champion illusion of our childhood was the oft-repeated statement made to us by adults that we were having our best days there and then, and that we should never be so happy again when we grew up. What rubbish to tell a child!

"I don't envy the men or women who look back upon childhood as their "best days," nor anyone who looks back upon any previous period of life, as his "best days." Our "best days" are here and now, but still better days are to come to the very last day of mortal life, and after that still better days in the hereafter. But our happiness all depends on our mental outlook on life. Life is what we make it—we can be happy or miserable at our own sweet will, but not at the will of anyone else. Remember the old lady optimist with only two teeth in her head and her rejoicing—"Thank God they are opposite each other!"

Happiness is from within and not from without. Every outward cause of happiness is a plated counterfeit and not the genuine guinea gold article. Of course we were happy when we were kiddies; why should we not be so? But we are happier to-day; and shall be happier still to-morrow and the days, weeks, months, and years that come after; and 1920 can be made our happiest year, until 1921 comes. Let us set to work to realize this. We alone of all the world can achieve this for ourselves; no other human can do more than help. Equally, we can do no more than help to make others happy—and, although it seems like a paradox yet it is the solid truth, that the more we help to make others happy the more we achieve the fullest and most complete happiness for ourselves.

So here's to 1920—the happiest year of our life—and may we do nothing to prevent or hinder its being so!

Best wishes to all!

LEVERHULME.

Extraordinary Bargains In Voile Blouses At $4.98

Hundreds of beautiful Voile Blouses on Sale to-morrow at this popular price.

No effort has been spared to make these Blouses popular. Quite a few of them would sell at higher prices but have been specially priced to make our $4.98 line most attractive.

No one who sees the Super-quality of the Voile, the dainty laces, the fine pearl buttons, can fail to be impressed with the values we are offering at this price.

About two dozen styles to choose from, either long or short sleeves—and all varieties of neck lines.

Size 34 to 48

Some styles feature the heavily tucked fronts so popular just now in New York.

On Sale To-morrow

Eighteen Stores in Canada — D'Allaird's Blouses — 1016 Government Street

"NEW ATLAS" KNOWS TRUTH ABOUT CITY

When public bodies of Victoria are constantly worried by complaints that people all over this continent and elsewhere are under the delusion that Victoria is a sort of suburb of Vancouver, it is cheering to the Victoria Rotary Club to receive an international publication which understands the truth of the matter and, moreover, makes particular note of it.

It is in the last issue of Harmsworth's "New Atlas" that the truth is made known to an "ignorant" world. This issue is filled with maps of Canada, among them one of Alberta and British Columbia. In the latter, not content with marking Victoria prominently at the south of Vancouver Island, the editors have inserted a separate map of the city itself showing the main streets, the parks and other points of interests. This map at present in possession of T. J. Goodlake, Secretary of the Rotary Club, who is showing it, with considerable satisfaction, to all the Victoria Rotarians.

SCHOONER WILL BE ENTRY FROM BOARD

Ambitious Project Planned by Board of Trade For Big Parade

The float which the Board of Trade is preparing as its contribution to the success of the Hudson's Bay Company's Celebration parade, will be one of the most pretentious in the line, according to Architect Percy Fox, who has in hand the preparation of the entry.

The scheme will be one of the largest as well as one of the most striking, for the platform which is being prepared, for mounting on the large truck of the Kirk Coal Co., is twenty feet long and nine feet wide.

On this base will be placed a ten-foot model of the schooners which are to be built here, by the Victoria Shipowners Ltd., with all sails set and surging through blue waves. The border of the float will be decorated with rocks and broom, and sitting around the central vessel will be eight little girls attired as sea nymphs in green and gold vestures.

Leading from the bowsprit of the vessel will sit a young lady attired as Victoria, and she will bear the banner of the Victoria Board of Trade.

At the forefront of the whole conception will recline Father Neptune, in a bower of green, and the motto "Sailing Ahead 1920" will be given prominence at the front of the whole design.

The costumes and arrangements of the participants is in the care of Major and Mrs. Tayler.

ARMY AND NAVY VETERANS IN CONCERT

Tom Obee Again Rendered Yeoman Service to Function

A record attendance, resulting in "Standing Room Only," marked the last concert to be given in the present quarters of the Army and Navy Veterans on Saturday night. The next entertainment will be in the nature of a house-warming to celebrate the entry into the new accommodation to be provided in the Hamley Block, Government Street, whither a move will be made early next month.

With Major Seymour Rowlinson in the chair and Mr. H. Herd officiating at the piano and with a long programme ahead the concert opened at 8 p.m. A feature of the evening was the amount of new talent displayed and the number of new songs contributed by the regular "standbys." Thus Comrade McVie led off with two comics which struck a fresh note and "Parson" Blair followed his example by an excellent rendering in costume of "Our Tango Tea."

Secretary, orator and songster, Comrade H. J. Young gave a fine rendering of "Dear Little Boy of Mine" and later in the evening responded to repeated calls by making a spirited speech. Later still, with the aid of "Ernie" Down he introduced the members to the new club song, which is far more appropriate to Victoria than was "The Prairie Flower." Briefly stating the case, the new song may be said to be an eulogy of Victorias temperate climate and the audience seized upon it with some "vim." "Tom" Rooney was well to the fore with his piccolo, but his talent is by no means instrumental only, as he proved in the second part of the programme with song and dance. Comrades H. Longley, R. Webb and P. Critchard are all fine singers who may be relied on to supply the more solid part of a concert in the shape of well-known songs of the first class order, and in "Let the Rest of the World Go By," "Mandalay" and "The Deathless Army," rendered by this trio respectively, they scored heavily. Comrade Pat Kelly made a big hit with an Irish comic.

The concert was held to celebrate the entry into the ranks of the Army and Navy Veterans of twenty-five members of the Mechanical Transport Drivers Section (Imperial) and in honor of the event Guy Manners kindly consented to recite an original ode dedicated to this section of the forces. Comrade Burke, of Regina was also a speaker during the evening's entertainment, and so was "Bob" Cooney, but the latter doesn't merely speak, he recites and acts and infects his audience all at the same time and is an A1 drawing card.

One performer has not yet been mentioned, he had no stable position on the programme, he just permeated the whole concert. Tom Obee was the reserve force throughout the evening and the members of the Army and Navy have absolutely no hesitation in calling on their reserves. "Tom" introduced a couple of coster songs which had not been heard by the A. and N. before, and in addition he good-naturedly came forward whenever a lull seemed to be impending, owing to one or two disappointments, and brought down the house with the old favorites.

DRIVE FOR FUNDS REACHES OBJECTIVE

Development Association Cannot Issue Statement in Chairman Warren's Absence

Although Mr. George I. Warren, the chief of the committee in charge of the drive for funds for the Victoria and Island Development Association, is at present out of town, there is every indication that the objective has been attained, according to President Carl Pendray. There are a number of the workers who have not yet turned in their statements, and this delay is the main factor which at present prevents the issuance of an interim statement as to the success of the campaign.

GEN. ROSS INSPECTS BOYS' NAVAL BRIGADE

On Sunday at 12.50 p.m. the Boys' Naval Brigade were inspected by Brig.-Gen. Ross, D.S.O., in the Stadium grounds. Quite a number of supporters of the Boys' Naval Brigade attended to witness this very interesting ceremony.

The General was welcomed on arrival by Mr. H. T. Ravenhill, Chairman, Commander Slingsby, R.N., on behalf of the Boys' Naval Brigade, and Mrs. Moore, Vice-Regent of the Navy League Chapter.

After inspection the General addressed the boys. He remarked that he had seen them on many occasions in the streets of Victoria, he complimented them on their smart appearance, and said he would be very pleased to do all in his power to assist them along in their organization.

TO OPEN BELVEDERE DANCING PAVILION

Professor Helman will open this evening a special open air dancing pavilion, to be known as the Belvedere, at the Stadium, at 8.30 o'clock, and thereafter at the same hour daily.

He announces that any local society will be able to secure either the Gorge Park or Belvedere Dancing Pavilions for dances during the Summer. He has a very liberal proposition to offer. Each society will have the privilege of running two dances during the season.

Prof. Helman states he is arranging a number of special attractions, and he will assist any society desiring his help.

Prof. Helman may be seen any afternoon at his office in the Belmont House.

BOYS' NAVAL BRIGADE

Weekly Orders.

Monday, May 17, 6.30 p.m., ship's office: Fife band practice; Lieut. Finlayson in charge, 5.45 pm., ship's office: Maintopmen boat exercise in second cutter in upper harbor; Chief Instructor in charge. Dress: No. 3's, without gaiters.

Flannels will now be worn at all parades and drills in lieu of blue jerseys.

W. M. HOTHAM,
Lieut, R.N.V.R., C.O.B.N.B., V.D.

FINE ATTENDANCE AT ANNUAL SESSION

Junior Branches of Columbia Women's Auxiliary Held Meeting

There was a splendid attendance at the Junior Columbia W. A. annual meeting, held on Saturday afternoon in Christ Chuch Cathedral Schools, 275 members attending from the various branches.

In addition forty members of the Kindergarten and Sunday Schools of the Anglican Chinese Mission were welcomed as visitors, and given the front seats at the meeting.

Other visitors were Rev. N. L. Ward, and the newly priested Rev. Lun Yuen from Vancouver and Mr. Sam Chung the catechist, who assisted Mrs. Gilbert Cook in her charge of the children.

The Diocesan President, Mrs. Belson was in the chair. The minutes were read by Mrs. John Harvey, Diocesan Junior Secretary, to whom great credit is due for the splendid spirit and progress shown by the branches.

Thirteen branches reported, Christ Church Cathedral, St. John's, St. Savior's, St. Mary's, St. Matthias, St. James, St. Jude's, St. Mark's, St. Mary Magdalene, St. Michael's, Royal Oak, St. Andrew's, Sidney, St. Columbia and the Boys' Branch in the Diocese at Nanaimo, under Mrs. Skinner.

Chinese Mission Needs.

The Diocesan President congratulated the members on the work done during the past year, and suggested that special efforts should be made this year for the betterment of the Chinese Mission, and support of the workers there. A short programme was given, recitations by Miss Edna Ashton of St. Mary Magdalene Branch, and by Miss Bessie Chafe of St. John's Branch, and exercises by the little Chinese visitors, who said a prayer in their native tongue and sang three hymns in English, one small boy singing the verse solo, and the others joining very heartily in the chorus, and also a kindergarten song, all of which met with hearty applause.

Life Membership.

On behalf of the members of the Cathedral Junior W. A., Mrs. Wollaston presented a life membership to Miss Maude Lettice, secretary-treasurer of the branch, with certificate and gold badge, as a mark of their appreciation of her valuable help and interest. This branch received the banner for the year's best attendance, and silver W. A. Pins were presented by Mrs. Chrow to the Misses Ella and Winnifred Abbott, for five years regular attendance at their branch meetings. Miss Gladys Chambers was presented by Mrs. Hiscocks with a special prize for bringing the largest number of new scholars to the Sunday School of which she is a member.

Rev. G. A. Wells gave a short, but impressive closing address, and pronounced the benediction, after which a bounteous afternoon tea was served to the children and a happy hour spent, bringing the annual meeting to a close.

DIES AFTER BEING HIT BY STREET CAR

David McNeil Killed on Saturday Night; Inquest Being Held This Afternoon

David McNeil, of 766 Market Street, died in the St. Joseph's Hospital at 2.30 o'clock yesterday morning of a fractured skull sustained as the result of being run down some three hours earlier by a northbound Douglas Street street car. He never regained consciousness.

According to the motorman of the street car, P. Leech, McNeil stepped out from the west side of the street as the car was nearing Discovery Street shortly before 11 o'clock, apparently with intent to board the car, but as the street car almost came up with him he stepped directly in front, being knocked down before the brakes could stop the momentum.

The call for the police was responded to by Sergt. Fry, Detective Sergt. O'Leary, and Constable Burnett, and the injured man was rushed to St. Joseph's Hospital in the patrol.

Dr. E. C. Hart the Coroner will hold an inquest into the circumstances at 4 o'clock this afternoon in the Thomson Funeral Home.

VICTORIA TO HAVE DRIVE FOR RELIEF

S. H. Anschell, Campaign Director of Canadian Jewish Relief Committee, Here

Organizing Vancouver Island for the drive on behalf of the suffering Jewish colonies in Eastern Europe S. H. Anschell, of Vancouver, is in the city to-day.

Mr. Anschell is in charge of the drive in British Columbia. While the organization was called into existence expressly for the purpose of sufferers from the war of the Hebrew Faith, and is known as the Canadian Jewish Relief Committee, not more than 65 per cent. of the widows and orphans to be aided in the stricken countries are of the ancient faith, as the balance are of all religious beliefs. There are 1,000,000 widows and 1,500,000 orphans to which the organization seeks to give relief.

Mr. Anschell has recently conducted a successful drive for funds in Vancouver and district. Victoria will be the headquarters for the drive here.

Will be Heard in Victoria This Week
Mme. Winifred Lugrin Fahey
Those who take pleasure in hearing an artist of exceptional capabilities, will not want to miss this recital of Mme. Fahey's at the Royal Victoria Theatre next Thursday evening. It promises to be the outstanding musical event of the season in Victoria, for, since her last appearance here, Mme. Fahey has sung in recital in New York, and elsewhere, and has been the recipient of praise unstinted and sincere.
As always, Mme. Fahey will use the
Steinway Piano
for accompaniment purposes. Her choice of this instrument is but natural, for it is the preferred piano of the world's greatest singers and musicians.
Tickets for Mme. Fahey's recital are on sale at this store to-day. Theatre Box Office opens Tuesday.

Fans Are All Set For Opening Baseball Game

Victoria and Vancouver Open Season Here To-morrow Afternoon at 3.30 o'Clock; Tremendous Demand For Tickets; Capital Will More Than Likely Break Vancouver Attendance Record.

Ball fans are all hoping that old Jupiter Pluvius got all the showers out of his army of clouds last night and that Old Sol will succeed in dispelling the gloom before to-morrow afternoon so that the town can put on its holiday clothes and usher in the 1920 baseball season. The officials of the local club are proceeding with their arrangements for the opening and only a deluge to-morrow will make it necessary to postpone the game until Wednesday afternoon.

There has become an intensifying of interest in the opening game here of the Pacific International League. The fans have been following with keen delight the success of the Capitals on the road and are convinced that with a few thousand fans yelling encouragement in their ears that they will just about make a clean sweep of the series with Bob Brown's yearlings.

Premier to Twirl.

No opening game would be complete without a couple of the dignitaries of the town showing the players and fans just how a baseball should be thrown and caught. To-morrow afternoon Hon. John Oliver, provided he is not called upon to leave town, will stand with his foot upon the rubber, talk to the spheroid, wind up and throw a new curve to Mayor Robert J. Porter, who will attempt to repeat his signal success of last season, when his hands retained a fast ball thrown by Major-General Leckie. In the event of the Premier being unable to act, Hon. William Sloan, Minister of Mines, will toss the first ball. Mr. Sloan was once a ball player and heaved from the port-side. Provided he is called upon to go into the box special precautions will be taken to protect Mayor Porter.

Harry Brown, the intrepid pilot of Pathfinder II., will be a feature in the opening ceremonies. He will cut up in his bus above the ball field and swoop down to within fifty feet of the ground, at which point of his flight L. A. Smith, the passenger, will throw out baseballs, which the players will attempt to catch. Any player catching a ball will receive a new $10 hat.

Start at 3.30 o'Clock.

The ball game will commence at 3.30 o'clock. At 2.30 o'clock a parade of motor cars will start from the Parliament Buildings and proceed through the main streets of the city. President O'Brien announces that owners of cars driving in the parade need not worry about their seats in the grandstand, as a section will be specially roped off and guarded for them.

For the benefit of many people who wish to evade the heavy jam at the box offices the club has put reserved and grandstand seats on sale at the following stores: O'Connell's, Straith's, Tighe & Wheeler's, Levy Cigar Stand, Two Jack's Dope, Club Cafe, St. James Hotel and Frank LeRoy's Cigar Stand.

Heavy Demand For Tickets.

There has been an exceptionally heavy demand for tickets for the game. The directors are quite confident that Vancouver's attendance record of 6,006 will be shattered by the Victoria fans, who are anxious to show that the Capital is a very bright sporting town and far more alive than lots of outsiders give her credit for being.

TORONTO CYCLIST BEATS U. S. CHAMP

Newark, N. J., May 17.—Arthur Spencer, the speedy Toronto cycle star, defeated Ray Eaton, the professional champion, in two straight heats of a mile match yesterday. First heat, time 2.43; second heat, 2,47 3-5.

Willie Spencer, a brother of Arthur, and Orlando Piani, the Italian champion, defeated Harry Kaiser, of New York, and Reggie McNamara, of Australia, in two straight matches of a mile each. Piani won the first heat and Spencer took the second. It was Spencer's first appearance on the track this season.

He recently returned from Australia. Time, first heat, 2.45 3-5; second heat, 2.39 4-5.

PHILLIES BROKE UP LONG LOSING STREAK

Beat Cincinnati Yesterday; Great "Alex" Wins His 7th Straight Game

NATIONAL LEAGUE.

Cincinnati, May 17.—Philadelphia broke its losing streak by winning a fifteen-inning game yesterday. Ring and Rixey both pitched fine ball. All of the Cincinnati scoring was done in the fourth, when the Reds bunched their hits and sacrificed for the two earned runs. In the fifteen inning R. Miller walked, went to third when Kopf muffed Allen's throw, and scored on Rixey's long fly to centre.

Score—	R.	H.	E.
Philadelphia	2	12	1
Cincinnati	2	13	2

Batteries: Rixey, and Withrow; Ring and Rariden, Allen.

Wins Seventh Straight.

Chicago, May 17.—Alexander won his seventh straight game to-day when Chicago defeated Boston, 5 to 1, giving the Cubs their seventh consecutive victory.

Score—	R.	H.	E.
Boston	1	6	1
Chicago	5	9	1

Batteries: Hearne and O'Neill; Alexander and Killifer.

AMERICAN LEAGUE.

New York, May 17.—Before the largest crowd at the Polo grounds this season, Cleveland defeated New York yesterday, 8 to 2. Mays was driven from the box in the first innings when the visitors scored five runs by clean hitting.

Score—	R.	H.	E.
Cleveland	8	13	1
New York	2	8	4

Batteries: Bagby and O'Neill; Mays, Thormahlen, Mogridge and Hannah.

Johnson Beaten.

Washington, May 17.—St. Louis evened up the series by taking the second game from Washington yesterday, 4 to 2.

Score—	R.	H.	E.
St. Louis	4	12	1
Washington	2	7	1

Batteries: Wellman and Billings; Johnson and Picinich.

INTERNATIONAL LEAGUE.

(Sunday Game).

At Buffalo—	R.	H.	E.
Buffalo	1	5	1
Reading	6	15	2

Batteries: Heitman, Jaynes and Bengough; Barnhardt and Konnick.

At Rochester—	R.	H.	E.
Rochester	7	12	1
Baltimore	6	12	2

Batteries: Garton, Acosta and Byers; Ogden, Konisch and Egan.

At Akron—	R.	H.	E.
Akron	6	10	0
Syracuse	1	4	4

Batteries: Enmann and Niebergall; Finneran and Walker.

WESTERN CANADA LEAGUE.

(Saturday Games).

At Calgary:

First Game—	R.	H.	E.
Regina	10	17	1
Calgary	4	10	0

Batteries: Dalley and Whaling; Thollander, Grimes and Wirtz.

Second—	R.	H.	E.
Regina	5	9	1
Calgary	10	16	1

Batteries: Illette, Zweifu l and Fuhrmen; Cline and Kilhullen.

At Edmonton:

First Game—	R.	H.	E.
Winnipeg	4	10	0
Edmonton	3	6	1

Batteries: Sciffert and Dixon; Standridge and Ritchie.

Second Game—	R.	H.	E.
Winnipeg	2	5	0
Edmonton	1	6	3

Batteries: Henion and Newmann; Reppy and Ritchie.

At Moose Jaw—	R.	H.	E.
Saskatoon	8	13	0
Moose Jaw	10	14	0

Batteries: Stoltz, Beer and Olson; Webb, Machold, Schwartz and Marshall.

WANTS ALL MEMBERS OF I. A. A. IN PARADE

President G. D. Christie, of the Island Automobile Association, has issued an appeal to all members of the association to have their cars in the parade, which will precede the opening of the baseball game to-morrow afternoon. The parade will leave the Parliament Buildings at 2.30 o'clock. Special arrangements have been made to provide seating accommodation at the Stadium for those who take part in the parade.

Pitches No-Hit No-Run Game Against Victoria

Hill Pitched Almost Perfect Game Against Capitals at Yakima Yesterday; Kelly Gave Fine Performance In Box for Victoria; Slugging Bee Saturday Won By Capitals.

Saturday Game—Victoria, 12; Yakima, 11.
Sunday Game—Yakima, 1; Victoria, 0.

Yakima, Wash., May 17.—Hill pitched a no-hit no-run game against Victoria yesterday afternoon before a record-breaking crowd and Yakima won by a score of 1 to 0. Kelly, of Victoria, pitched good ball, allowing but seven scattered base hits. Only twenty-nine Victoria batsmen faced Hill.

Both teams played airtight ball until the eighth innings, when Gorman scored a run on a single and a double.

Hill had the Capitals under his control during the entire game and allowed only one player to reach second base. Cunningham got to first in the third inning when he was hit by a pitched ball. In the sixth inning Cunningham reached first when Lillie fumbled a short bouncer down the third base line. Cunningham then stole second.

The box scores follow:

Yakima—	AB.	R.	H.	PO.	A.	E.
Hesse, r.f.	4	0	1	0	0	0
Gorman, 2b.	3	1	0	3	3	0
Strand, c.f.	4	0	1	1	0	0
Lafayette, 1b.	3	0	1	14	0	0
Barnabe, l.f.	3	0	0	1	0	0
Harrigan, ss.	3	0	2	1	2	0
Lillie, 3b.	4	0	0	0	1	1
Cadman, c.	2	0	1	6	2	0
Hill, p.	2	0	1	1	2	0
Totals	28	1	7	27	10	1

Victoria—	AB.	R.	H.	PO.	A.	E.
Leard, 2b.	4	0	0	4	4	0
Church, 3b.	4	0	0	0	0	0
Brown, l.f.	3	0	0	0	0	0
Carman, r.f.	3	0	0	0	0	0

Struck out—By Hill 6, by Kelly 5. Bases on balls—Off Hill 0, off Kelly 4. Hit by pitched ball—Cunningham, by hill. Time of game, 1 hour 30 minutes. Umpire, Vanschafer.

Yakima, Wash., May 17.—Victoria won from Yakima on Saturday afternoon in a slugging bee, 12 to 11. Both teams juggled the ball at critical times and allowed numerous runs to cross the plate. Both teams were forced to send in three pitchers to stem the tide of hits. Kelly, the Capital catcher, knocked the first homer in the park with Cunningham on first base. Morton proved the most difficult for the Braves to hit in the final frames and it was through his efforts that the Yakima hitters were stopped.

Beavers Win Series.

Tacoma, May 17.—More than 3,000 fans saw the Vancouver Beavers snatch the odd game of the series here yesterday, 4 to 3. It was a thriller all the way, with Dame Fortune favoring the Brownies.

Oscar Hougland, the young right-hander whom Bob Brown declares is ticketed for the big leagues, won his second game of the series and his third straight for the season. He pitched no-hit ball for the first five innings, but weakened in the closing stanzas and airtight support saved him. He got away to a four-run lead but the Tigers crept up to within one market of the Canucks. Hougland's hitting was also a feature.

The wildness of Killeen and Abrams, coupled with a bit of loose playing, was responsible for the Beaver markers.

Score—	R.	H.	E.
Vancouver	4	9	1
Tacoma	3	5	2

Batteries: Hougland and Tobin; Killeen, Abrams, Brakie and Stevens.

At Seattle—Spokane 5, Seattle 2.

DAY'S CREW PULLS GOOD OAR AND WINS

Splendid Work by Novice Oarsmen in Spring Regatta Held by J. B.A.A.

Pulling evenly and strongly the shell, stroked by W. Day, shot across the finishing line nearly a length ahead of Maclaren's boat in the final heat of the Spring regatta held over the harbor course on Saturday afternoon by the J.B.A.A. Day's crew became the possessor of The Times' Cup.

Good rowing was shown by the various crews. A number of the oarsmen were pulling in their first race and there were flaws in their work, but Coach Dan O'Sullivan was particularly gratified with the way the novices worked.

In the first round Day's crew beat McLachlan's crew by 1¼ length, and Bendrodt's crew beat De Carteret's, the decision being given on a foul about a hundred yards from the line. Maclaren's crew beat Johnson's crew by a length, and Ablett's crew beat Travis' crew by three-quarters of a length.

In the semi-final round, Day beat Bendrodt by half a length, and Maclaren beat Ablett by two lengths.

The final heat was won by Day's crew, composed of Pauline (bow), McLean (2), Gregg (3), Day (str.), this crew winning by a length from Kent (bow), Scott (2), Monteith (3), Maclaren (str.), after a good race.

The Bays will now get down to serious training for the N.P.A.A.O. regatta which will be held at Shawnigan Lake in the middle of July.

GRUMPY SPRING SHOT THE WINNING TALLY

Sensational Opening Lacrosse Game Between Vancouver and Westminster

Vancouver, May 17.—Athletic Park on Saturday afternoon was the scene of one of the greatest opening day lacrosse battles in the history of Canada's national game on the Pacific coast, when the Westminster Minto Cup holders nosed ou the Terminals by a score of 3 to 2. At the end of the regulation period of play the score was tied with each team having counted twice. It was decided to play additional periods of ten minutes, the first goal scored to count. The first ten-minute session went by without either team scoring and then the warriors went into the second. Just 9 minutes and 58 seconds had been played, and the players were thinking of another period, when Grumpy Spring, the heavyweight inside home man of the Royals, romped through for the winning goal, less than two seconds before time would be called.

The game was watched by nearly 4,000 fans. For an opening game it was filled with exciting moments, both teams taking desperate chances to break into the lead. First one goal-tender would pull off a sensational save, then the ball would be transferred to the other end of the field and the opposing net-minder would thrill the fans.

Youngsters Look Good.

Both clubs trotted out some new men. Haddie Stoddart and George Feeney, brother of the veteran Pat, played a fine game and promised to show the old-timers a few things about the game before the season is very old. Jake Davis played his first game in pro company and he played a wonderful game in the Terminal net, stopping shots that looked good for counters. Everett McLaren celebrated his return to the game by putting up a useful game at centre. In the second period he received a bad crack on the nose from Huff's stick but he returned to the fray a few minutes later and kept the opposing defense busy. Johnny Howard played a steady game on the local defense and with a few more games should be almost as good as ever.

Summary.

First period—Goals: Westminster, Pat Feeney, from J. Gifford, 2.10. Penalties, none. Substitutions: Westminster, Stoddard for Nelson.

Second period—Goal score: Westminster, Nelson, 3.53. Vancouver, Macdonal, 4.56. Penalties, none. Substitutions: Westminster, Nelson for Stoddard, Geo. Feeney for Nelson, Stoddard for Rennie. Vancouver, W. Davis for McLeod.

Third period—Goals: Vancouver, McDonogh, 9.32. Penalties — Stoddard, Westminster, and Macdonald, Vancouver, 10 minutes for fighting. Marshall, Westminster, 3 minutes. Substitutions—Vancouver: McLeod for Davis, Davis for Macdonald, Peacock for McLaren, Macdonald for Davis. Westminster: Nelson for Stoddard, Stoddard for Nelson, Nelson for George Feeney.

First overtime—Goals, none. Penalties, none. Substitutions — Westminster, Geo. Feeney for Nelson. Vancouver: Davis for McLeod.

Second overtime—Goals: Westminster, G. Spring, 19.53. Penalties, none. Substitutions—Westminster: Nelson for Stoddard, Stoddard for G. Feeney. Vancouver: Peacock for Davis, McLeod for Macdonald.

WESTS SUCCEED IN WINNING BROWN CUP

Beat Harbor Marine in Close Game; Ladysmith and K. of C. Played Fine Game

Victoria Wests won the Brown Cup on Saturday afternoon at the Central Park by defeating the Harbor Marine two goals to one. It was a very listless game and many of the players were adverse to extending themselves. The deciding of this series brings to a conclusion the football season, which has been one of the longest and most successful in the annals of the Old Country sport.

Harbor Marine tried hard to bring off a tie in the series but the Wests were too strong with one goal. In the first half the champions were kicking down hill with both the sun and wind in their favor. The shipyard backs kept the West forwards out until ten minutes before half time, when Plump drove the ball into the net. In the second period Harbor Marine, pressed strongly, were successful in equalizing the score on a pretty shot from the outside left. Three minutes later the Wests annexed the goal that gave them the cup. Mulcahey took the ball the length of the field and shot. Bridges saved, but Tucker James retrieved the ball quickly and shot it between the posts.

The teams lined up as follows:

Victoria West.— Goal, Shandley; full-backs, Chester and Whyte; half-backs, Baker, Copas and S. Sherritt; forwards, Mulcahy, J. Peden, James, Plump and J. Sherritt.

Harbor Marine—Goal, T. Bridges; full-backs, Haines and H. Ord; half-backs, Rowe, Miller and Brown; forwards, Ackroyd, Brewster, Owen, Swann and Hanford; reserve, Macdonald.

Ladysmith played a very brilliant game at the Beacon Hill grounds on Saturday afternoon against the Knights of Columbus. The game resulted in a draw, one goal each, and it produced some of the neatest football seen here in many days. There was a large crowd of spectators and they frequently broke into long cheering over the pretty rushes and passes of the players.

Ladysmith showed splendid form and the work of each player proved him a star at his position. The Knights fought hard against the strong up-Island team and the fact that they held them to a draw reflects much credit upon their work.

The miners were the first to score, Farley beating Shrimpton with a wicked shot after the game had gone fifteen minutes in the second period. Ten minutes later the Knights were awarded a penalty kick when one of the miners' backs handled the ball in the prohibited zone. Whittaker took the shot and drove the ball over the bar. Immediately afterwards Whittaker got the ball at his feet and scored one of the most thrilling goals seen here. He lifted the ball straight at Johnny Morgan and followed up. Morgan, Whittaker and the ball rolled into the net. Morgan was knocked out by the force of the impact.

The Knights were assisted in their stand by Rickinson and Sloan, the full-backs of the Metropolis team. They withstood the attack of the Ladysmith forwards in great style.

The teams lined up as follows:

Ladysmith—Goal, Morgan; full-backs, Lepas and Benny; half-backs, Battye, Strang and Gourley; forwards, Conti, Farley, Nyboski, Raster and Heyland.

K. of C.—Goal, Shrimpton; full-backs, Rickinson and Sloan; half-backs, J. Allan, Wright and McKinnon; forwards, Whittaker, Muir, Roberts, G. Allan and Caskie.

EDDIE BROWN GIVES YARROWS FIRST WIN

Pitched Fine Game Against Elks; Collieries-G.W.V.A. Wins From K. of C.

Eddie Brown, the midget twirler of Yarrows, was the hero of the opening of the amateur baseball season at the Royal Athletic Park on Saturday afternoon. He pitched last year's tail-enders to a 6-4 victory over the Elks, one of the new babies in the league. Eddie used his fast-breaking curve ball very effectively and thirteen of the slugging antlered monarchs were retired via the strike-out route. To round out a good afternoon's work the young pitcher clouted out a three-base hit.

About 1,000 fans gathered to watch the amateurs disport themselves. In the first game Dave Macfarlane's newly created Collieries-G. W. V. A. team scored a win over the Knights of Columbus by 9 runs to 5. The Knights lost two of their players at the eleventh hour and a hasty switch had to be made. However, the Knights played well and plugged along over the whole route. The Vets touched up Fortin in the first and sixth innings for seven runs and gathered their other two in the third and fifth.

A Close Game.

Yarrows' win was quite a surprise, as the Elks were reported to have a strong team. Eddie Brown, however, has so much on the ball that Walter Lorimer's pets could do nothing. Brown was exceptionally good in the pinches. Doc Balcom pitched a nice game, but a bunch of errors got him in wrong.

The box score follows:

Yarrows—	AB.	R.	H.	PO.	A.	E.
Gandy, 3b.	5	0	2	0	1	0
Williams, 2b.	3	3	1	3	1	0

WILLIE SMITH IS NEW PRO BILLIARD CHAMP

London, May 17.—(By Canadian Associated Press) — The final heat of the professional billiards championship, 16,000 up, was won by Willie Smith, who had not previously competed for the championship. The previous holder, Inman, did not enter.

MANY FUNCTIONS IN HONOR OF FALCONS

Receptions Tendered World's Hockey Champions at Montreal and Toronto

Montreal, May 15.—The Winnipeg Falcons, amateur hockey champions of the world, arrived here Saturday night on the steamer Grampian. A reception committee, including J. J. Merrick, chairman of the Olympic, Toronto; N. H. Crowe, secretary of the Amateur Athletic Union of Canada, and W. Northey, Allan Cup trustee, went aboard and welcomed the team.

Yesterday the team was dined at the Montreal Hunt Club and later entrained for Toronto.

Toronto, May 17.—A big reception was given in this city to-day for the Falcons, of Winnipeg, winners of the world hockey championship at Antwerp.

The Falcons arrived at 7.30 o'clock this morning. A reception was held on the city hall steps here at noon, followed by a provincial reception in the Parliament Buildings, then luncheon at the National Club, a motor boat trip around the harbor, banquet at the King Edward Hotel and special seats at a boxing tournament at night.

WILKINSON BOWLS IN BRILLIANT FORM

Took 9 of Victoria's Wickets For 16 Runs; Congos and Five C's Winners

(By Veritas.)

It is a long time since the Victoria Cricket team were so quickly dismissed as they were on Saturday, when the Five C's disposed of them for 30 runs in the first innings. The feature of this game at the Jubilee Hospital was the remarkably fine bowling performance of Wilkinson for the Five C's who took nine of Victoria's wickets for 16 runs. As Five C's scored 104 runs they were 74 to the good at the end of the first innings, Dean Quainton being top scorer with 25 to his credit, while Sharpe with 23 was a close second. A more even display was seen in the second innings, Five C's scoring exactly 100, while Victoria reached 94. The Five C's thus won their first League game this season by the comfortable margin of 80 runs on the two innings, and this is no mean performance against a team of Victoria calibre.

The Albion for the second time tasted defeat. This time it was the Congos who administered the coup de grace. The Albions started well, having 77 runs up for 3 wickets, but subsequently they collapsed before the fine bowling of George Wells and E. R. Lock, the former took three wickets for 15 runs, and the latter 4 for 29. Walton and Loden with 36 and 25 respectively were the only batters on the Albion side to do themselves justice. Collett opened the Congo's innings, and he made 45, Charman was playing well when he turned a ball from Freeman on to his wickets, and so was dismissed with only 11 to his credit. It was rather unfortunate, but it is all in the luck of the game. Tucker contributed 25 to his side's total before he was caught out by Hoggarth from Jordan's bowling. The feature of this game, however, was the fine last wicket partnership of Erickson and Gardler, who with some free hitting put on 46 before Gardler was bowled by Jordan, after making 21 runs. Erickson was 39 not out when the innings came to a close.

Bossom and Jordan were the bowlers with the best averages for the losers, the former taking 3 wickets for 33 runs, and the latter two for 38.

OPEN FIGHTING WAS FEATURE OF BOUTS

All Boxers in Saturday Night's Tournament Showed Willingness to Mix Things

On Saturday night, at the Crystal Theatre, Matchmaker Billy Davies, of the V. A. B. C., fully maintained his reputation for "delivering the goods" in the fisticuff world, by staging a rapid succession of excellent boxing turns, with a couple of stellar bouts, which hugely delighted the assembled fans.

Dave and Hughie Burnett, as flyweights, opened the proceedings with willingness, and Hughie had the better of the contest. Frank Matthews and Bob Woods, also flyweights, then mixed things for a bout which went to an extra round, Woods making the pace in the last two stanzas and getting the decision.

Fine Open Boxing.

The contest between Billy Jones, of Tacoma, and Ted Yates, of the V. I. A. A., was possibly the most exciting bout of the evening. The Tacoma lad showed that he had lots of stuff. He is a solidly built youth with a willingness to mix things in a nice open fighting style, and it was a stroke of masterly strategy which matched him against Yates.

The local lad showed strongly in the first round, and amid strong exchanges often forced the heavier visitor to the ropes, gaining an edge on points, though Jones landed heavily on occasion. In the second round the Tacoma boy showed up better, Yates saving himself, and making a whirlwind finish in the third round, especially in the last half minute. The win was popular, but as Jones climbed out of the ring he was greeted with much applause and calls of "good boy" for his excellent showing.

A Stylish Mainlander.

Roy Bakes went down to defeat before J. Coleclough, of the Gilmore Club, of Vancouver, the visitor vindicating his claim to the B. C. Championship of the 125-pound class in great style. His open fighting system and hard boring in was the subject of much favorable comment, and his quickness was such that Baker's heavy swings rarely connected. Coleclough got a big hand after the bout.

Another Gilmore entry from Vancouver, J. Gann, met Johnny Morgan, of the V. I. A. A. in the 158 pound class, and here again the matching was excellent, referee Boyd giving the unusual decision of a draw after the pair had shown, through all three rounds, that both fancied close-up stuff with heavy short arm work to the body.

Local Heavy Wins.

Ben McDonald, of the Gilmore Club, light heavy champion, went down before Happy Ted Beales, the fans being highly pleased with the work of both lads.

The first round was even, the second was Beales, and the local lad was going strongly at the close, McDonald being quite groggy after some heavy punishing.

Pacific Northwest Champion Claude Fortner's cool ringcraft easily brought him a win over Jack Riley, of San Francisco, the Seattle detective having much the better of the second round. Riley carries a heavy punch, but could only rarely get it through the champ's guard.

Pat. Regan, of Seattle, met up with Charlie Martin in the 135-opund class and the two mixed things right willingly, the decision going to Regan after a whirlwind showing in the third round.

Irving Blyth and Bob Colpitts staged an interesting bit of wrestling, Colpitts getting the first fall and Blyth the next two.

Harry Boyd refereed the bouts, the judges being Tom Saunders and F. Merrifield.

HOT TIMES EXPECTED IN WINNIPEG SOCCER

Winnipeg, May 17. — United Westons were awarded the 1919 championship of the Manitoba Football Association when Scottish defaulted in the final, scheduled for Saturday, which had been postponed from last season. Scottish were unable to field a team of eligible players, owing to injuries and sickness, but have been threatened with suspension by the association.

Fireworks are expected when the subject is reached at a special meeting called for Monday night.

Leading Canadian Industries—Granby Mining and Smelting Co., Anyox, B. C.—The annual mineral production of British Columbia in 1918 was $42,080,741 an increase of practically 100% over 1908

Get all the Tire Mileage You Buy!

THE average motorist is only getting about 60 to 80 per cent. of the mileage which is built into his tires at the factory.

This is the basic reason behind the Goodyear Service Station policy and Goodyear Tire Savers.

Many tires are ruined by poor tubes and lack of tube care.

Buy good tubes and give them the best of care.

Clean the rust from rims when you change a tire.

Be sure the inside of the casing is clean before you insert the tube.

Learn to use a sprinkle of Goodyear French Talc to prevent chafing and friction.

Keep your valves clean and air-tight, and the air-pressure up.

Carry spare tubes in Goodyear Tube bags to prevent injury by loose tools and from chafing.

Let your Goodyear Service Station Dealer show you the advantages of Goodyear Heavy Tourist Tubes, and how to use the Goodyear Tube Repair Kit.

He is glad to do this, and many other things that save tires, to increase your mileage. He knows that long mileage tires bring customers to him.

He is taught by Goodyear that low-cost-per-mile has built for Goodyears the largest sale of any tire in the world.

To supplement his work, we will gladly send you, free, our Tire Conservation Course. Write us at Toronto for this course.

NATURAL VAMP IS MAKER OF TROUBLE

Constance Talmadge Is Star in Royal Victoria Theatre Feature

How a modest girl with a captivating smile lured a Manhattan Insurance Company into a work-shop of love-lorn wretches forms the oasis for the next Constance Talmadge picture which will be seen at the Royal Victoria theatre, commencing to-night, and showing to Wednesday only.

When Nobility Becomes Commercial

"A Virtuous Vamp," .. the title of this attraction, which is based on Clyde Fitch's play, "The Bachelor." John Emerson and Anita Loos, the screen's foremost satirists, are responsible for the adaptation and eastern critics have showered high praise on their effort.

As Nellie Jones, Miss Talmadge takes the part of a girl who found it convenient to cast aside her aristocratic name of Gwendolyn Diana Beaufort Armitage, in order to gain a place in the insurance office of James Crowninshield, a bachelor who hated to mix social affairs with business.

Nellie is a steady stenographer until Gilda Gray, a Broadway shimmie dancer, makes application for a $50,000 policy on her shoulders. Then it becomes necessary for the winsome typist to escort the staid Mr. Crowninshield to a jazz parlor for an investigation of this matter.

It is then that Crowninshield decides to stop being a bachelor, and this makes the beginning of Nellie's vampiest attempts to win the only man who refuses to be captivated by her "innocent" wiles.

VARIETY PRESENTS "THE GLORIOUS LADY"

Point-to-Point Steeplechase Illustrated in Film This Week

It is not frequent that theatre audiences are furnished the tit-bit of seeing society people play roles in a picture play, but this is the case in Olive Thomas' third Selznick picture, "The Glorious Lady," which comes to the Variety theatre this week.

A feature of the play is an old-time steeplechase, known as a "point to point' race, an English classic that is foremost among the events of each year After an exhaustive search the Fairfax and Westchester Club, near the Rockfeller estate at Greenwich, Conn., was secured for the scene.

The action of the play is laid in England and the jumping course at the club fitted perfectly into the picture. There is no spot more characteristically English in all this country. The club's grounds include lake, hills and a rolling country, as if they were providentially transplanted from Yorkshire itself.

To feature them as contestants in the "point to point' race with Olive Thomas riding against them, members of the club were enlisted. The idea of taking hurdle and jumps before a motion picture camera met with instant appeal and the race that resulted was an earnest and hotly-contested one.

Other club members and many of society's best form Greenwich and neighboring social centres were induced to attend the race with the result that the scene is as realistic and colorful as if it had actually transpired in England.

"The Courage of Marge O'Doone," Vitagraph's big spectacular production of James Oliver Curwood's novel of the same title, is now ready for release. Arrangements have been completed for the premier of this attraction at a big Broadway, New York, motion picture theatre.

WHY PALE RUN-DOWN THIN WOMEN NEED VINOL

It Enriches the Blood and Creates Strength

Recommended By Physicians and Guaranteed By Druggists

If you are not feeling up to the mark, are run-down, overworked, feel listless and as though you could hardly drag around, do not hesitate to go to your druggist and get a bottle of VINOL, the non-secret cod liver and iron tonic without oil, combined with beef peptones and hypophosphites.

In a natural manner it creates a hearty appetite, adds digestion, enriches the blood, and strengthens and energizes the entire system.

There are thousands of women in Canada, once pale, thin, run-down and sickly, who are now strong, well and healthy owing to VINOL.

For all run-down, nervous, anaemic conditions, for thin, overworked men and women, we guarantee VINOL will build up health, strength and energy more quickly than anything else.

It is sold on a Guarantee by all Druggists.

TWO FEATURES AT COLUMBIA FOR WEEK

Jack Dempsey in "Dare-Devil Jack"; Blind Husbands

Whenever story-writers put down a title for their works they do not mark it "subject to change," for that is unnecessary since it is generally understood that a change may be made without ceremony. Usually it is changed before it reaches the public, and in this single item "Daredevil Jack," the thrilling fifteen-episode Pathe serial starring the world renowned Jack Dempsey which will be shown at the Columbia theatre all this week, does not deviate from the rule of most photo-play stories.

"Daredevil Jack" had two other names before its finished title, admittedly a most appropriate and truly descriptive one, was decided upon. And when the final name under which the Dempsey starring vehicle was to be brought before the motion picture audiences Jack Dempsey confided to an old friend of his that he thought it was "some good title."

"For," said Jack, "I play the part of the man that picture is named after and I ought to know just a little better than most people whether these film people have any regard for the truth when they start in to donate names to the children they grow in these studios of theirs."

Eric Stroheim is featured as a super-villian in "Blind Husbands," the Universal photodrama which is the added attraction at the Columbia theatre this week. The Austrian nobleman resented keenly the criminal conduct of his country, renounced the land of the Hapsburgs and produced "Blind Husbands" as a crushing indictment of the Hun officer, both in peace and war.

MUSIC HALL STAR TOPS AT PANTAGES

Miss Laurie Ordway Is One of Three Headliners on Excellent Programme

"You'd Be Surprised" at the Pantages this week. Formerly vaudeville was called "variety," and if ever there was a bill assembled that boasted variety it is the one offering at the Pantages Theatre this week, opening with the matinee performance this afternoon. There are three excellent headline acts and three supporting turns which maintain for sustained success. In addition, the fourth episode of "The Adventures of Ruth" is a mation picture serial that gets into the blood. Comedy, singing and dancing, with emphasis on brightness, for a programme of distinctly pleasing entertainment; that's what Pantages is offering this week.

Right among the top features of the bill is found the name of Miss Laurie Ordway, a popular English music hall star who is not altogether unknown in this city. She is dintinctly a comedienne with refreshing originality and the art of creating a charming sense of familiarity with the audiences. She offers two characterizations that are particularly a delight with their broad, subtle comedy. She has the art of presenting her act in interesting settings and introduces her own accompanist, Miss Irene Fisher, who is an acquisition to the number.

"You'd Be Surprised" is a miniature musical farce, bright, sparkling and very funny, with really pretty girls in the chorus and a distinctive plot. It is beautifully staged and the costuming reflects credit on the taste of the producers. This act is presented by Emile de Recat and gained popularity on Broadway before being secured for a tour of the Pantages circuit.

The other headliner is the appearance of the Danube Four, who finish a splendid programme with a thrilling and outstanding exhibition of aerial gymnastics. They feature some of the greatest twisters in mid-air ever seen on the local stage.

Howard and Helen Savage combine some comedy with remarkable sharp-shooting. They are both such experts that it is not possible to say, from the point of view of the audience, which is the better shot. "Fifty-fifty" is breezy and musical and full of expert dancing, and the two exponents, Ed. Lowrie and Irene Prince, have a most novel way of opening their act, and a most engaging way of carrying it on. They are bound to be favorites this week. It remains for Rucker and Winnifred to show what happens when a funny "dinge" and a serious Chinaman meet with a slight dispute over the payment of a small sum of money. They are artists in the portrayal of these characters.

Five Hundred straw hats were used in one of the scenes of Gouverneur Morris' new Goldwyn picture, "The Penalty."

VANCOUVER SOPRANO TO GIVE RECITAL

Mrs. Elizabeth Douglass, Pupil of Mme. Sembrich, Here on May 27

Victoria is to have the opportunity of hearing a singer new to this city but well-known in Vancouver for on Thursday, May 27, Mrs. Elizabeth Douglass, of the mainland city will give a recital at the Empress Hotel ball-room.

Mrs. Douglass has studied for several years in New York as a pupil of the great Madame Marcelle Sembrich and during the whole of her period of study she has refrained from singing in public, except on one or two occasions in Vancouver, so that her voice retains its pristine freshness. Critics who have heard her pay exceptional tribute to the beauty of her organ and declare that her interpretative faculty is finely developed, so that music-lovers are assured of a great treat on Thursday week.

Mrs. Douglass will be assisted in her recital by Mrs. Gladys Bezeau Phillips, the well-known pianist of Vancouver.

Al Christie, famous for his comedies, has just endorsed a campaign being launched in Los Angeles against fake "movie schools" which offer in advertisements in the papers to make film actors of anyone for varying sums of money. About all the school does is get the money. They usually advertise that they are starting pictures of their own and will use their pupils in their own productions.

According to Christie, who has been directing and producing pictures for nine years, about the only school which can get you anywhere is the school of experience.

HUCKLEBERRY FINN ON DOMINION SCREEN

Paramount-Aircraft Feature Based on Mark Twain's Story

Huckleberry Finn has reached the screen. Mark Twain's immortal boy hero is the leading figure in an elaborate motion picture version of his adventures, which will be shown at the Dominion theatre for six days, commencing to-day.

The cinema "Huckleberry Finn" is declared to follow the text of the original faithfully, taking up the story when Huck and Tom Sawyer discover the robber's treasure in the cave and following the adventures of Huck through the efforts of Widow Douglas to reform him to his abduction by his no-account father and subsequent encounters with the broken-down actors, the "Duke" and the "King." As far as possible, the inimitable flavor of Mark Twain has been retained and it is said to be a production of which the great humorist, were he living, would surely approve.

The role of Huck Finn is in the capable hands of Lewis Sargent, a boy actor of unusual talent. Gordon Griffith plays Tom Sawyer and the other performers in the large cast are said to be thoroughly competent. William D. Taylor, who also directed the two previous Mark Twain pictures, "Tom Sawyer" and "Huck and Tom," handled the screening. This is a Paramount-Artcraft picture that no admirer of the works of Samuel Clemens can afford to miss.

LIFE STORY OF A BAFFIN ESQUIMO

One Feature From Picture to Be Presented Next Week

Among the features of the Hudson's Bay Company's pictures, to be presented here on May 24 and 25 will be the life story of a Baffin Island Esquimo.

Ingmilikuk, the teller of the story; Ooyaraluk, his mother; Innotseak, his sweetheart; Nooyeout, her mother.

The white man to whom the story is told, the missionary priest, the villagers, etc.

The story teller is shown smoking a pipe beside the fire, telling his story to the white man, which fades into scenes of his childhood, boyhood, courtship days, when he wood and won Innotseak, the trysting place in Baffin Land where they plighted they troth, close-up pictures showing how it looks to be told "I love you," in Esquimo.

The wedding ceremony consisting merely of the bridegroom's mother going to the house of the bride elect and leading her by the ear to her new home.

Following the wedding are dancing scenes where one Espuimo woman trys to make herself so grotesque that the other one, imitating her movements, breaks down with laughter, unable to stand the strain of merriment.

A kyack race follows and a very comical cartoon of how sealing wax is made gives a humorous touch to the story.

Many thousands of dollars worth of white fox are shown being prepared and shipped by the Esquimo, and at this point the old story teller knocks the ashes from his pipe saying it is time for him to leave and the curtain drops on a very interesting story of Esquimo life.

WOULD ALTER PUBLIC SCHOOL CURRICULUM

Would Eliminate Discrepancy Between Lower and High School Work

Revision of the public school curriculum with the idea of making the transition from lower schools into the High School less sudden and disconcerting to the student is being advocated by members of the City School Board at present. This idea probably will be advanced at a meeting which the Board will hold soon to consider a report on conditions prevailing in the High School submitted to the Trustees at their last meeting by Principal A. G. Smith, of the High School.

Principal Smith claims, and a number of Trustees agree with him, that when a pupil leaves the lower school and enters the High School he takes a "plunge into the unknown." For this reason, says Mr. Smith, the majority of pupils who leave the school leave during the first or preliminary year in High School. Indeed fifty per cent. of the students who leave, discontinue their studies in this year.

"The average age of pupils entering High School is a little over 14 years," he wrote the board. "If a pupil enters school at 6 years, it means that the pupil spends eight years in the elementary school to prepare for High School, and is expected to qualify for the university in three years. The balance of time will strike even the casual observer as unequal. Further, the pupil entering High School is immediately confronted with four or five new subjects which must be carried along concurrently, with the result that only the fittest mentally can survive, and those not so well equipped must go to the wall. On the other hand, a pupil in High School carries practically all the subjects which are necessary to the completion of a university course. In passing from the elementary to the High School, it is a plunge into the unknown, while the course through the university is a natural evolution from the High School course."

The Trustees who have given this matter consideration are agreed that some radical changes in the curriculum are needed if students are to be kept at school. They feel that the entry of the student into the High School from the lower school should be a "natural evolution" as is the entry into the university from the High School.

As a matter of fact, among teachers it has been generally agreed for years past that some change is necessary. One of the solutions most generally favored is the commencement of studies which now begin in the High School in the last year or two years of the lower school. Thus it is claimed by some that the study of a modern language might well commence in the last two years of the lower school. By some such rearrangement, it is felt, the "plunge into the unknown" could be avoided and the pupil would not be confronted, on entering High School, with so large a number of entirely new subjects.

Mr. Smith, in his report to the Board, states that there is no reason for alarm over the number of students who are leaving the High School at present as compared to the number who usually drop out. As a matter of fact, se says, the percentage compared to other years is considerably lower.

He states in this connection, that during this year:

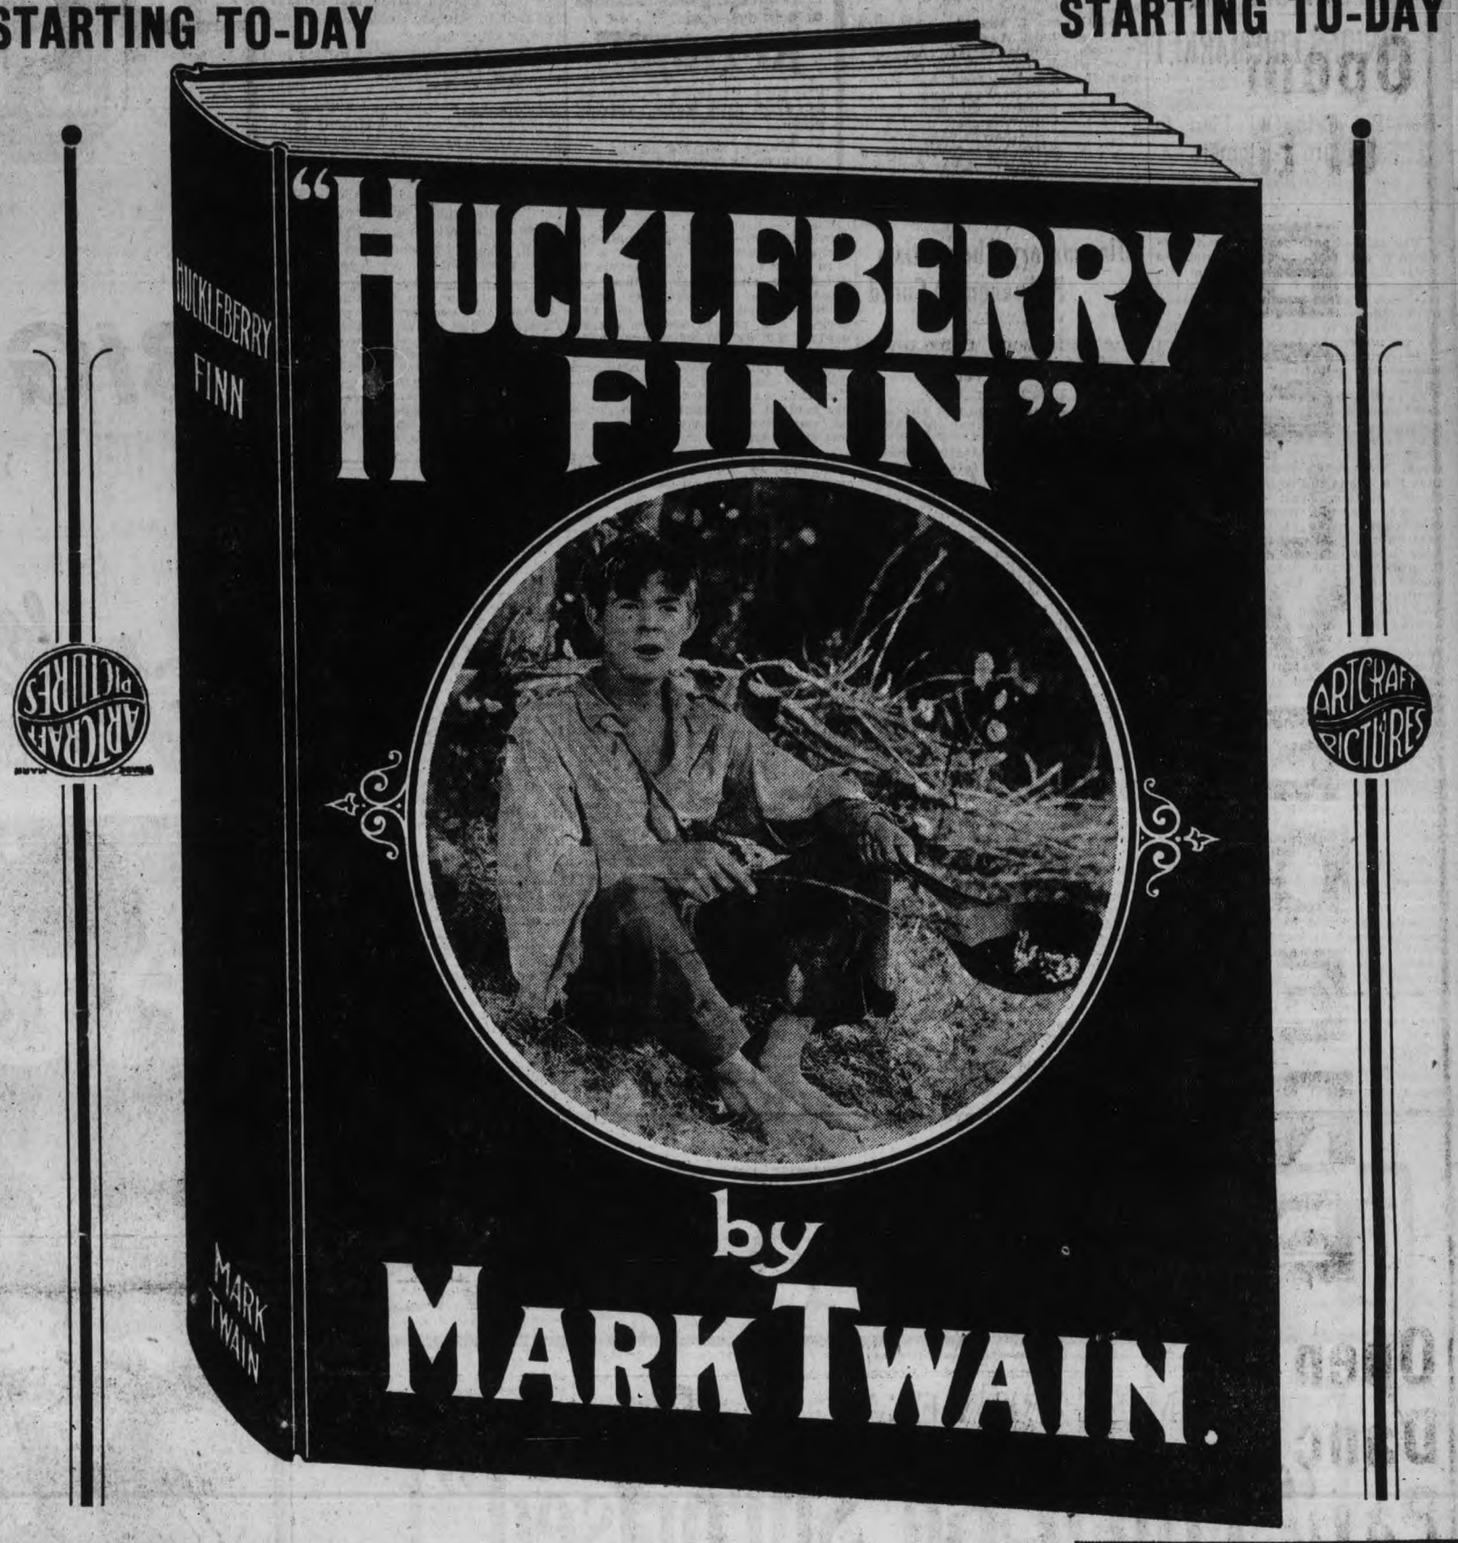
"Seven left the High School to attend other schools; twenty-nine left to work; thirty-three left the city; three died, and one married; making a total of one hundred and fifty-three. Among those who left, 22 per cent. were from the first year arts course, 19 per cent. from the first year science course, 17 per cent. from the first year commercial course, 16 per cent. from the second year High School, 11 per cent. from the second year and partials and third year High School, and 4 per cent. from the fourth year.

"Our greatest attendance was 840," states Mr. Smith, "and the present is 730, which is not a serious decrease in view of economic conditions, as, they have existed in Victoria during the past six months. Only seven pupils have left the school to attend other institutions, and in the majority of cases their work has been unsatisfactory, as can be shown by reference to their monthly record."

In conclusion Mr. Smith deplores the "persistent and irresponsible criticism," which, he declares, has been levelled at the High School of late and which is getting "somewhat wearisome."

A New Mark Twain Paramount–Artcraft Picture

STARTING TO-DAY STARTING TO-DAY



Through All the Years They Live!

AS real, as fresh, as appealingly human to-day as when Mark Twain—his eyes a-twinkle—called them from his heart and wrote them down forever in the world's greatest romance of youth.

Freckle-faced Huck Finn; Tom Sawyer, with his marvelous plans; "Pap" Finn and his jug of rum; those seedy old rapscallions, the "King" and the "Duke"; Black Jim and sweet-faced Mary Jane.

Now, in this irresistible photoplay, they live before your very eyes—with all their charm, their escapades, their lovable, laughable ways.

A tale of other days on the Mississippi—Pulsing with a hundred immortal adventures—Mellowed with much laughter—Softened by a few tears.

PROPOSED GRADING OF POTATOES AND ONIONS FOR MARKET

New Bill Sets Out Plan to Safeguard Customers in Grades

The sale of potatoes has been governed in this country for the past two years by an amendment of the Inspection and Sale Act, and now a bill has been drafted which will be made applicable to potatoes and onions.

In place of the Nos. 1 and 2 grades set up under the present regulations it is proposed to establish three classes for potatoes, and four for onions.

In both cases a tag with the growers' name will be required, and a designation of the grade.

In expressing his accord with the proposed measure, R. C. Abbott, Coast Market Commissioner, states that the bill is the draft prepared by C. W. Baxter, Fruit Commissioner, Ottawa, Canada, from the recommendations made at the conference held February 24 and 25, 1920, in Ottawa, and which was attended by R. C. Abbott, Coast Markets Commissioner, R. G. L. Clarke, Dominion Fruit Inspector, and E. Fraser, Manager Oscar Brown, Limited, representing the wholesale dealers, of Vancouver; C. E. Barnes, Walhachin, representing the B. C. Fruit Growers' Association; G. T. Mutrie, representing the Potato and Onion Growers, and R. M. Winslow, representing the B. C. Traffic Association, of Vernon, all delegates from British Columbia.

Potato Grades Proposed.

(a) Canada A quality unless such potatoes consist of sound reasonably mature potatoes of similar varietal characteristics which are practically free (a) from dirt or other foreign matter, frost injury, sunburn, abnormal growth, growth cracks, cuts, scab, blight, soft rot, dry rot, and damage caused by disease, insects or mechanical or other means. The diameter (b) of potatoes of the round varieties shall not be less than one and seven-eighths inch, and of potatoes of the long varieties one and three-fourths inches, provided that not over twenty per cent. by weight of any lot shall be less than two and one-quarter inches in diameter.

In order to allow for variations incident to commercial grading and handling five per centum by weight of any lot may be under the prescribed size, and in addition six per centum by weight of any such lot may be below the remaining requirements of this grade; but not more than one-third of six per centum, that is to say, not more than two per centum by weight of the entire lot, may have the flesh injured by soft rot.

(b) Canada B quality unless such potatoes consist of reasonably mature potatoes of similar varietal characteristics, which are practically free from frost injury and soft rot, and which are free form serious damage (c) caused by sunburn, cuts, scab, blight, dry rot or other diseases, insects, or mechanical or other means.

The diameter (b) of potatoes of this grade shall be not less than one and one-half inches provided that not over twenty per cent. of the specified minimum size (one and one-half inches) be included.

In order to allow for variations incident to commercial grading and handling five per centum by weight of any lot may be under the prescribed size, and in addition six per centum by weight of any such lot may be below the remaining requirements of this grade; but not more than one-third of such six per centum, that is to say, not more than two per centum by weight of the entire lot, may have the flesh injured by soft rot. (d).

(c) Canada C. "Ungraded" unless such potatoes are not less than one and one-half inches in diameter.

Proposed Onion Grades.

(a) Fancy quality unless such onions consist of onions of similar varietal characteristics, sound, well cured, free from doubles, scullions, sprouted, peeled onions or root growth, and are not less than three inches in diameter and parctically free from dirt, leaves, or other foreign matter, and damage caused by disease, insects, mechanical or other means.

In order to allow for variations incidental to commercial grading and handling five per centum by weight of any lot may be under the prescribed size, and in addition three per centum of any lot may be under the remaining requirements of this grade.

(b) Choice quality unless such onions consist of onions of similar varietal characteristics which are sound, well cured, free from doubles, scullions, sprouted, peeled onions or root growth, and are not less than two inches in diameter, and practically free from dirt, leaves or other foreign matter, and damage caused by disease, insects, mechanical or other means.

In order to allow for variations incidental to commercial grading and handling five per centum by weight of any lot may be under the prescribed size, and in addition three per centum by weight of any lot may be under the remaining requirements of this grade.

(c) Standard quality unless such onions consist of onions of similar varietal characteristics which are sound, well cured, free from doubles, scullions, sprouted, peeled onions, or root growth, and not less than one and one-quarter inches in diameter, and practically free from dirt, leaves or other foreign matter and damage caused by disease, insects, mechanical or other means.

In order to allow for variations incidental to commercial grading and handling five per centum by weight of any lot may be under the prescribed size, and in addition three per centum by weight of any lot may be under the remaining requirements of this grade.

(d) The quality known as "Boilers" unless such onions consist of onions of similar varietal characteristic which are sound, well cured, free from doubles, scullions, sprouted, peeled onions, or root growth, and may be below one and one-quarter inches in diameter and practically free from dirt leaves or other foreign matter, and damage caused by disease, insects, mechanical or other means.

In order to allow for variations incidental to commercial grading and handling three per centum by weight of any lot may be under the requirements of this grade.

Inflammatory Rheumatism Permanently Cured

NEW BRUNSWICK LADY GIVES FULL PARTICULARS OF HER RECOVERY.

There are many types of rheumatism, but none worse than inflammatory.

It was this kind that almost killed Mrs. Edw. Warman, of Kent Jct., N. B.

Every known remedy she tried, different doctors gave their advice, but the disease increased.

Weak and despairing, she was at her wits' end when the remarkable cure of Thos. Cullen was published. This gentleman was cured of rheumatism by "Ferrozone." Consequently Mrs. Warman used the same remedy. Here is her statement:

"For five years I have been rheumatic. I tried various forms of relief without success. The disease increased, settled in my joints and muscles; these swelled, caused excruciating pain and kept me from sleeping. My limbs and arms stiffened, my shoulders were lame and prevented me from working. Week by week I was losing strength and despaired of finding a cure. It was a happy day I heard of Ferrozone. Every day I took Ferrozone I felt better; it eased the painful joints, gave me energy and a feeling of new life. Ferrozone cured my rheumatism, cured it so that not an ache has ever returned. Even damp weather no longer affects me."

Ferrozone has power to destroy Uric Acid, neutralize and enrich the blood, and therefore does cure the worst cases. Mrs. Warman's statement proves this.

By removing the cause of the disease and building up a reserve of energy, Ferrozone is certain to cure. Sufferer, isn't it about time to stop experimenting? Ferrozone is a CURE, order to-day, 50c. per box, or six for $2.50, sold by all dealers or direct from The Catarrhozone Co., Kingston, Ont.

HEARTBURN

Suffered With Boils Last 5 Years

Boils are simply a breaking out of bad blood, and anyone who has suffered from them, knows how sick and miserable they make you feel. Just when you think you are cured of one, another seems ready to take its place and prolong your misery. All the poulticing and lancing you can do will not get rid of them.

While the skin appears to be the cause of the irritation the real disease is rooted in the blood, and to get rid of these painful pests it is necessary to get right at the seat of the trouble.

When the blood is purified, cleansed and vitalized, by Burdock Blood Bitters, the boils will quickly disappear, your misery is at an end, and health and strength come back again.

Mr. Robt. Johnson, Barkway, Ont., writes:—"I have suffered very much, during the last five years from boils, having as many as five at once. I tried different remedies without any relief. I was advised to try Burdock Blood Bitters, which I did, and after taking just one bottle I have had no more boils."

B. B. B. has been on the market for over forty years and is manufactured only by The T. Milburn Co., Limited, Toronto, Ont.

Wonder-Play
The Most Enthralling Motion Picture Drama that the Art has ever produced
Presented by Carl Laemmle

"BLIND HUSBANDS"

HERE is a photodrama which is at once an absorbing love story—a gripping portrayal of human passions—a thrilling adventure picture—and a marvelous, glorious scenic—with a splendid surprise at the end that sends you away in a glow of happiness. To tell you one word of the plot would spoil the most tremendous hour of dramatic entertainment you've ever known. We'll simply say that as the action unfolds you will grow powerless to leave your seat. It will be as if you, yourself, were one of the actors. You will pass through their trials and temptations, make your great decision in the moment of crisis, reap what you have sown. And when all is over you will be uplifted as never before by any moving picture. On no account fail to see the wonderplay, "BLIND HUSBANDS." Now playing—the picture you'll never forget.

HARRISONS BUY CROWN STEAMSHIPS

Vessels Known in This Service Purchased to Augment Fleet

The fleet of steamships formerly controlled by the Crown Steamship Company, Ltd., (Prentice Service & Henderson has been acquired by T. and J. Harrison, operators of the Harrison Direct Line.

The Crown ships have been running from Glasgow to Victoria and Vancouver in conjunction with the Harrison boats ever since the inception of the Harrison Direct Service to the North Pacific coast.

The fleet includes the Crown of Galicia, Crown of Toledo, Crown of Arragon, Crown of Cordova, Crown of Granada, Crown of Leon and Crown of Navarre.

By the acquisition of this fleet the Harrison Line has largely augmented its tonnage which was seriously depleted by enemy submarine operations during the war. The Harrison Company now has fifty-six vessels.

Botanist Wrecked.

The Harrison recently lost one of its finest ships, the Botanist, which was wrecked on the Ceylon coast while plying in the United Kingdom-Indian trade. The Botanist was built on the Clyde in 1911 and was a vessel of 7,688 gross tons. She is reported to be a total loss.

CAPTAIN RUSSELL IS HERE WITH MAGICIAN

Was Last in Victoria With S.S. Professor; Torpedoed in Command of Commodore

After over a year's absence from the North Pacific route, Captain Herbert Russell, one of the best known of the Harrison Line skippers, is in port to-day in command of the British freighter Magician.

Captain Russell was last here in March, 1919, with the steamship Professor, when the command of that ship was turned over to him owing to the sudden illness of Captain Retherton.

Since that time Captain Russell has been roving the high seas on various Harrison routes. He likes the Pacific Coast run, however, and is glad to be back.

Was Torpedoed.

While master of the Harrison freighter Commodore, Captain Russell had his ship torpedoed under him while operating in the Mediterranean. The Commodore was one of the first of the Allied ships to be sunk after the "sink and leave no trace" order of the German Government. The enemy fired into the crew of the Commodore after the men had been forced into the ship's boats and one was killed outright and seven others wounded. Despite the attempt to annihilate them, however, Captain Russell and his men succeeded in reaching safety, but only after a harrowing experience.

The Magician is one of the oldest freighters of the Harrison, Line, having been built at Belfast in 1896. She is a vessel of 5,066 tons gross.

Heavy Weather.

An average run was made from Liverpool and the first port of call on the Pacific was San Pedro. After clearing from San Francisco the Magician headed into heavy weather but continued to log 12 knots. The steamship left San Francisco on Thursday night and reached port at 9 o'clock this morning.

After discharging here the Magician will go on to Vancouver to-night and later to Seattle. She will fill her bunkers at Comox and outward will load lumber at Genoa Bay.

MINISTERS KEEP MOVING

Only Two at Home Over Whole Week-end; Cover Province to Keep in Touch With Work.

This is the wanderlust season for members of the Provincial Government. Only two of the members of the cabinet were home over the whole week-end.

Premier Oliver is in Vancouver on P. G. E. business, the Hon. T. D. Pattullo, Minister of Lands, is in his constituency in the North, Hon. Dr. MacLean is on the Mainland on educational business, and Attorney-General Farris has also been on the Mainland.

Hon. Dr. King, Minister of Public Works, spent the week-end preparing for his three weeks' inspection tour in the interior. The Hon. William Sloan, Minister of Mines, is not planning to travel far for a few days, at least. Hon. E. D. Barrow, Minister of Agriculture, arrived home after his tour of the interior.

EASTERN TOURIST PARTIES WILL PASS THROUGH VICTORIA

On a vacation tour a party of one hundred residents of Cincinnati and Louisville will pass through here in July, en route to Seattle and will take passage aboard the Admiral liner President scheduled to sail from this port July 17 for California ports. The party will come West over the Canadian Pacific Railway.

Other organized tourist parties will pass through Victoria this Summer from New York and New Orleans.

MAIL SUBSIDIES ON BOTH COASTS

Provision Made in Dominion Estimates for the Current Year

Mail subsidies included in the Dominion estimates for the year ending March 31, 1921, contain, among others, the following: Canada, Japan and China, $200,000; Canada, New Zealand or Australia, or both, Pacific route, $130,509; Canadian Atlantic ports and Australia and New Zealand, $140,000; Canada and West Indies or South America, or both, $340,666; Canada and South Africa, $146,000; Canada and Newfoundland, $35,000; Victoria, Vancouver and way ports to Skagway, $12,500; Victoria and west coast of Vancouver Island, $5,000; Victoria and San Francisco, $3,000; Vancouver and Northern ports of British Columbia, $16,800; Vancouver and ports on Howe Sound, $5,000; Prince Rupert, B. C., and Queen Charlotte Islands, $21,000.

Marine Estimates.

Marine estimates for the year ending March 31, 1921, also contain the following items: Maintenance and repairs to Dominion steamships and ice-breakers, $1,500,000; examiners of masters and mates, $18,000; investigations into wrecks, $12,300; expenses of schools of navigation, $8,000; provision for temporary relief of distressed seamen and covering expenses of shipping forms, $3,000; registration of shipping, $6,000; removal of obstructions in navigable waters, $5,000; inspection of live-stock shipments, $3,000; continuance of subsidies for wrecking plants, Quebec and British Columbia, $5,000; two motor patrol ships for buoy and lighthouse service in British Columbia, $50,000.

STEWARDS ON CUNARD LINER K. A. VICTORIA WERE DISSATISFIED

Liverpool, May 17.—The steamer Kaisenin Auguste Victoria, managed by the Cunard Line, had to postpone sailing Saturday because 250 stewards and cooks refused to sign articles for the voyage expressing dissatisfaction with their accommodations.

Three hundred cabin and nine hundred steerage passengers are booked to sail on the liner.

CARMANIA SAILED WITH FULL CABINS

The Cunarder Carmania sailed from New York on Saturday for Liverpool via Queenstown with 320 first-class, 250 second-class and 1,100 third-class passengers. Among her passengers were:

F. A. Appleby, N. Y. agent Union Bank of Canada; Mrs. Alex. Balfour, Mr. and Mrs. E. A. Bevan, British Ministry of Food; Mr. and Mrs. Arthur Bowring, Oscar Cosulich, Mr. and Mrs. D. L. Lindsay Crawford, Rev. W. H. Drummond, Gilbert Fox, British Sugar Commission; Percival S. Hill, W. H. Hurst, Stock Quote Tel. Co.; J. Slater Johnson, Major Evelyn Wranch.

The liner Mauretania docked at New York yesterday.

NOTHING TO NEGOTIATE

Attitude of Port Arthur Shipbuilding Co. When Employees Strike.

Port Arthur, Ont., May 17.—A number of employees of the Port Arthur Shipbuilding Company went on strike Saturday as a result of the company's refusal to grant a wage increase.

The company refused to accept a board of conciliation, claiming there was nothing to negotiate, as they were absolutely unable to make any further raise in the wage schedule.

TRAMONTANA SAILS ON ADVENTURE CRUISE

With a number of well-known Victoria salts aboard, the power schooner Tramontana cleared from Vancouver on Saturday bound for the Behring Sea on a lion-hunting expedition. Captain H. Blackstad, formerly identified with the sealing business out of this port, is in command of the Tramontana. The expedition is expected to bring back hidden treasures which are said to exist on the coast of Siberia. The Tramontana was built as a yacht and is partially constructed of hardwood.

ATLANTIC MOVEMENTS.

Red Star S.S. Kroonland arrived Southampton May 12.

American Line S.S. St. Paul, Southampton, May 14.

White Star S.S. Baltic, New York, May 17.

American Line S.S. Mongolia, New York, May 14.

American Line S.S. New York sailed from Southampton, May 12.

American Line S.S. New York will sail from New York May 25 instead of May 22.

American Line S.S. St Paul will sail from New York June 1 instead of May 29.

Master and Owner of Lady Mine Was Torpedoed in War

Captain W. H. Smith, who purchased the schooner Lady Mine from Andy Bechtel, and who will operate the vessel on the northern B. C. freighting business, is a native of New Brunswick, and started going to sea at the early age of fourteen in coasters of about the same size and rig as the Lady Mine.

Since then he has been master of both sail and steam, and one of the vessels commanded by him was torpedoed during the war. Captain Smith was master of the C. P. O. S. steel freighter Milwaukee, plying the Atlantic for ten years, and at the age of 68 years lost his first ship when a German submarine sent a torpedo into the Milwaukee on the outward voyage from Liverpool.

SHIP WELCOMED BY THIRSTY ONES

Harrison Freighter Magician Brings Whisky Shipments From Scotland

Favorite brands from the famous distilleries of Scotland form the chief items of interest on the manifest of the British steamship Magician which made port this morning from Glasgow and Liverpool. While Victoria is the port of destination of part of the whisky consignment from the Clyde, Vancouver claims the lion's share.

Part of the liquor is for private consignees and it may be somewhat superfluous to state that its arrival has doubtless been awaited with anxiety. Officers of the Magician consider the report that Scotland "may go dry" as the greatest joke yet perpetrated. It is inferred that the only danger of the country "going dry" in in supplying Canada with wet goods.

At San Pedro and San Francisco the "dry squads" are very active in boarding ocean arrivals from the United Kingdom. The official seal was placed over the Magician's wet freight at the Golden Gate and San Franciscans are said to have enviously followed the subsequent course of the British freighter.

In pre-prohibition days the regular freighters of the Harrison Direct Line brought large cargoes of liquor out to this coast. The shipments, which fell off considerably during the war, are increasing with the repeal of the War Measures Act.

CUNARD HAS BIG SHIP PROGRAMME

Nearly 500,000 Tons of Shipping Under Construction For Various Routes

Apart from tonnage lost during the war recent extensions of the Cunard and its associated lines have demanded a large building programme.

To meet this necessity close upon 500,000 tons of new shipping are under construction. The Cunard Line alone have some 200,000 tons represented in 12 big passenger and cargo steamers which are building at various yards in Barrow-in-Furness, Birkenhead, Clydebank, Dalmuir, Greenock, Heburn, Newcastle and Wallsend. The R. M. S. Scythia, which is the first of these Cunard liners to be launched since the termination of the war, is one of the four steamers belonging to the 600 feet class to be built—the other three being the Samaria, Franconia and Laconia. There will be one of 550 feet—the Tiburnia—and seven of 520 feet. These will be the Alaunia, Andania, Aurania, Ausonia, Ascania, Albania and Antonia. Each of these ships will have spacious accommodation for passengers, and will also be able to carry large quantities of cargo. With the exception of two, the Tiburnia and Antonia, the names recall famous Cunard ships of the past, and include some which distinguished themselves on war service and were lost through enemy action.

R. M. S. Scythia.

The leading particulars of the new Cunarder Scythia, launched at the Barrow shipyard of Vickers, Ltd., March 23, are: Length extreme, 625 ft., breadth extreme, 74 ft., depth moulded to shelter deck "D," 45 ft., depth from keel to top of funnel, 140 ft., draft, 30 ft., displacement, 27,000 tons, speed average at sea 16 knots.

She is classed 100 A1 at Lloyd's. Shelter deck, with freeboard, special survey, and will pass the survey of the British Board of Trade and American authorities in all respects as a passenger steamer. The ship has eight decks, two steel pole masts, one large funnel, and the graceful outlines so well known and associated with the Cunard Company's vessels. She will be fitted with a wireless installation of great power and a submarine signalling apparatus. The vessel will be driven by twin screws operated by turbines through double reduction gear, with the ensuing well-known economies together with an almost entire absence of vibration. The watertight subdivision of the vessel has received very careful consideration and complies with the international convention regulations on Safety of Life at Sea. The double bottom is carried well out up the bilge, and where doors are fitted in watertight bulkheads, these are operated both by hand and on the Stone-Lloyd hydraulic power system, and can be operated at the doors, on either side of the bulkhead, or from the navigating bridge.

Fire Precautions.

She is further divided above the bulkhead deck by fire screen bulkheads as a precaution against fire. In the event of fire in any portion of the ship, that particular part can be isolated from the rest of the vessel by closing the fire-proof doors in the fire-screen bulkheads bounding that compartment, and so prevent the fire from spreading to other parts of the ship. The actual extinguishing of the fire is accomplished by the use of carbon di-oxide, which is stored in cylinders and operated on the "Gronwald" system, and also by a good supply of fire hydrants and hose. The life-saving appliances have had all the attention bestowed upon them that this important subject demands. There will be 42 lifeboats supplied, which number will be sufficient to carry every individual aboard. These boats will be worked by "Welin's" patent quadrant davits, ensuring quick handling of the boats. In addition there are six electro-hyraulic boat winches which can be operated entirely independent of the main boilers of the ship, by receiving current from the emergency oil-driven motor generator which is situated on one of the top decks. This generator can also supply current for the wireless and lighting and steering gear in the event of the main electric generators being out of action through accident. Owing to the great advantages and efficiency of oil fuel over coal, the Cunard Company have decided to instal oil fired boilers, thus avoiding dirt and coal dust, which is very objectionable in passenger vessels. Oil fuel is very quickly and easily shipped. The ventilation of the holds will be by natural and the passenger accommodation by mechanical means. The thermo-tank system will be employed for third-class rooms, whereby a supply of ordinary fresh air or heated fresh air can be supplied to any compartment or cabin, with means of regulating at will by the passengers. In addition, cabins, corridors, and public rooms will be fitted with radiators. There is set apart a large compartment suitably divided and insulated for the carriage of perishable foods, such as beef, mutton, poultry, fish, milk, butter, etc., and kept at the required temperature by the electrically-driven C.,O. 2 refrigerating machinery situated in the engine room.

Electro-Hydraulic Power.

The arrangements for handling the cargo, manoeuvring the ship, and working cables are upon the very latest systems, viz.: Variable speed gear winches, capstan and windless on the electro-hydraulic principle, which have been designed and installed by the shipbuilders.

Advertising Phone No. 1090

RATES FOR CLASSIFIED ADVERTISING

Situations Vacant, Situations Wanted, To Rent, Articles for Sale, Lost or Found, etc., 1c. per word per insertion. Contract rates on application.

No advertisement for less than 25c. No advertisement charged for less than one dollar.

In computing the number of words in an advertisement, estimate groups of three or less figures as one word. Dollar marks and all abbreviations count as one word.

Advertisers who so desire may have replies addressed to a box at The Times Office and forwarded to their private address. A charge of 10c. is made for this service.

Birth Notices, 50c. per insertion: Marriage, Death and Funeral Notices, $1.00 per insertion.

Births, Marriages and Deaths

DIED.

GARDNER—On May 15, at St. Joseph's Hospital, Peter Gardner, beloved husband of Mrs. Mary Gardner, of 1083 Chamberlain Street, age 50 years; born in Glasgow, Scotland, and a resident of this city for the past 11 years. The deceased is survived by, besides his widow, of this city, one brother in Toronto, two brothers in Scotland, and one sister in Glasgow, Scotland.

The remains will repose at the Sands Funeral Chapel until to-morrow noon, when the casket will be removed to his late residence, 1083 Chamberlain Street, where the funeral will take place at 2 o'clock, May 18. Rev. J. G. Inkster will officiate. Interment at Ross Bay Cemetery. No flowers, by request.

ASTLE—On May 15, 1920, Joseph Victor Astle, of 68 Burnside Road, aged 24 years; born at Liverpool, England.

The remains are reposing at the B. C. Funeral Chapel, from whence the funeral will take place, on Tuesday at 2 p. m., where service will be held. Interment in Ross Bay Cemetery.

FOR SALE MISCELLANEOUS (Continued).

Agents for Phoenix Assurance Co., Ltd., of London, England.

SMALL ACREAGE LOW PRICES.

6¼ ACRES at Gordon Head, on main road, mostly good soil; a splendid building site and view of sea. Price, on good terms, only $5,000.

25 ACRES, within six miles of Victoria by good paved road, about one-third under cultivation; considerable amount of this land is good for fruit growing, while the balance is well adapted for mixed farming; handy to railway station on the B. C. E. Railway. Price $4,500. Can be handled with a cash payment of $1,500.

5 ACRES—A 5-acre block near Mt. Douglas Park; excellent proposition for fruit; partially cleared; access to city by two roads; adjoining acreage can be purchased if desired. Price for the whole thing $850.

4.58 ACRES at Westwood Vale, on the B. C. E. R.; choice fruit land and partially cleared. Price $1,100.

5 ACRES at Elk Lake, overlooking Cordova Bay. All excellent fruit land and convenient to paved road. Price for the whole thing only $1,250, terms.

5½ ACRES at Gordon Head, all under cultivation and excellent land; view of sea. Would make an ideal fruit farm. Prices, per acre, $450, on good terms.

1¼ ACRES at Mt. Tolmie, nearly all under cultivation; good land. A proposition for the growing of loganberries. Water laid on; electric light and telephone pass the door. Price for the whole, $1,200. Third cash.

4 AND 5 ACRE BLOCKS at Eberts Station, along the line of the B.C.E. Railway. Ideal location for poultry and small fruits. Very convenient to station. Prices, per acre, range from $75 and we'll give you terms at that.

CAMPING SITES FOR SALE FOR RENT.

WE HAVE A NUMBER of waterfront lots for sale and for rent at Cordova Bay and adjoining bays near Victoria. For camping or homesites these lots are undoubtedly the pick of the suburbs.

Furnished Bungalow For Sale

THIS WILL PLEASE the party who wants something "a little different." It is a very pretty home, practically new, nothing shabby or faded about it. The house from the outside appeals to one at once. There is a nice large drawing room, with an open fireplace; dining room, pass pantry and kitchen; full cement basement, with plenty of head room. Two good lots, 50 x 125 each, all planted in garden, some well cared for fruit trees, loganberries, etc. The house is comfortably furnished and everything goes with the place except the piano, a desk and a few nicknacks. One special feature there is and one found in very few houses on the market, and that is a beautiful electric range ready installed. Price, complete with garden tools, $4,300, terms.

Robert Grubb

Mahon Block (over 15c. Store).

4163—A real snap, 6 rooms and hall, pass pantry and small trunk room; full cement basement with good furnace; large lot, 50 x 142, and fine garden. This house is well built and has gas in house and is situated in the nicest part of James Bay, 121 Government Street. Price only $4,500.

4164—129 acres bush land, with about 1,000,000 feet good timber, easily logged. A skid road is built to the water, about one mile distance. This land is located close to Victoria and is a fine proposition for a couple of men to log off the timber at a very small cost. A good wagon road runs through the property. Plenty of good water and a large portion of the land is good soil, level and easily cleared.

AUCTION SALE.

COMBINED LATH MILL AND BOLTER WITH SAWS AND ACCESSORIES.

Under and by virtue of the powers contained in a certain Indenture of Chattel Mortgage made between Paul Holker of the one part, and Frederick Saunders of the other part, dated the 27th day of April, 1920, to secure payment of the sum of $1,227.82 and interest, I have seized and taken possession of one Combined Lath Mill and Bolter, one 24 in. Bolter Saw, three 18 in. Lath Saws, one 15 in. Lath Saw, one Simon Set Saw and quantity of Saw Files, etc., and will offer the same for sale at Public Auction at 484 Chatham Street, Victoria, on Thursday, May 20th, 1920, at eleven o'clock in the forenoon. Terms of sale, cash. The goods can be seen on application to the undersigned.

F. G. RICHARDS,
Sheriff, County of Victoria,
Bailiff for Mortgagee.

Sheriff's Office, Victoria, B. C., May 14th, 1920. No. 8776

NOTICE

CORPORATION OF THE CITY OF VICTORIA.

GOLF COURSE REFERENDUM

TAKE NOTICE that, pursuant to a Resolution adopted by the Municipal Council of the Corporation on the 7th day of May, 1920, the opinion of those Municipal Electors of the City of Victoria qualified to vote on money by-laws will be taken by ballot, pursuant to the "Victoria City Act, 1920," on

Friday, May 28, 1920

between the hours of 9 o'clock in the forenoon and 7 o'clock in the afternoon, on the following question, namely:

QUESTION

ARE YOU IN FAVOR of the Corporation paying from its current revenue any amount up to the sum of $6,666.66 in each of the years 1920, 1921 and 1922, toward the construction, development and equipment of a Municipal Golf Course, such Golf Course to be situated on the Hudson's Bay Company's property in the vicinity of the Uplands, subject to agreements that may be entered into by the Corporation with another Municipality, or other Municipalities, and with a duly incorporated Municipal Golf Links Association?

VOTERS ARE REQUIRED to express their opinion on the above question by marking a cross (X) on their ballots opposite "YES" or "NO" (as the case may be).

THAT THE PLACE at which the Polls for the said vote shall be opened and the vote of the said electors taken shall be at the building known as the VICTORIA PUBLIC MARKET BUILDING, Cormorant Street, in the City of Victoria, and that by the said Resolution William W. Northcott was appointed Returning Officer to take the said vote.

AND FURTHER TAKE NOTICE that the payments herein specified shall not be made until a referendum has been submitted to the electors of the Corporation authorized to vote on money by-laws and has received a majority vote of the persons that shall vote on such referendum.

WM. W. NORTHCOTT,
Returning Officer.

May 15th, 1920.

No. 8791

NAVIGABLE WATERS PROTECTION ACT

R. S. C. Chapter 115

The Corporation of the City of Victoria hereby gives notice that it has, under section 7 of the said Act, deposited with the Minister of Public Works at Ottawa and in the office of the Registrar-General of Titles for the Land Registry District of the County of Victoria at the City of Victoria, Province of British Columbia, a description of the site and the plans for a Railway and Traffic Bridge proposed to be constructed across a portion of Victoria harbor from the foot of Johnson Street to the lands formerly known as the Songhees Indian Reserve.

AND TAKE NOTICE that after the expiration of one month from the date of the first publication of this notice, the Corporation of the City of Victoria will, under Section 7 of the said Act, apply to the Minister of Public Works at his office in the City of Ottawa for approval of the said site and plans and for leave to construct the said bridge.

Dated at Victoria, British Columbia, this twenty-seventh day of April, 1920.

THE CORPORATION OF THE CITY OF VICTORIA

By H. S. Pringle, City Solicitor.

GRAIN GROWS WHERE BATTLES RAGED

French Are Busy Reclaiming Devastated Areas in the Somme Region

Paris, May 17.—Great progress has been achieved by the inhabitants of the devasted regions of the Somme during the eighteen months which have followed the first efforts at restoring something like normal conditions.

Of 400,000 acres in a completely useless state, statistics show nearly half has been placed in cultivation and this year's harvest will yield a crop of more than 3,000,000 bushels. At the end of the year, it is expected there will remain only 70,000 acres unreclaimed.

Twenty-seven million of the 60,000,000 square yards of trenches and shell holes have been filled in, and 11,000,000 square yards of barbed wire removed.

Houses Repaired.

At the time of the armistice there were 235 towns and villages more or less demolished, giving an area of 4,500,000 square yards of debris to be cleared. About a quarter of this has been done. The towns of Amiens, Corbie, Ham, Nestle, Boves and Ailly-sur-Noye and a number of neighboring villages have been almost entirely cleared and more than 8,000 of the 20,000 damaged houses repaired and made habitable.

Ten thousand huts have been built and of the 1,200 industrial plants more or less demolished, 230 are in full and 406 in partial operation.

In addition, rivers and canals have been repaired and are being used. Wells and ponds, which were filled up with refuse, have been cleaned, and railroads, both main lines and sidings, restored.

PREMIER OF GREECE WAS ACCLAIMED

London, May 17.—The Greek Chamber of Deputies received the announcment of the terms of the Turkish peace treaty with great enthusiasm when they were presented by Premier Venizelos, says a dispatch to The London Times from Athens dated May 11. After the session of the Chahber, all the Deputies escorted the Premier to his home. Along the route the populace acclaimed Premier Venizelos.

INDIAN COMMITTEE IS WORKING AGAINST GOVERNMENT NOW

Bombay, India, May 16.—Resolutions to adopt a policy of non-cooperation with the Indian Government because of the terms of settlement proposed for Turkey have been adopted by a special meeting here of the All-Indian Caliphate Committee. A sub-committee to organize the non-co-operative movement was formed.

Men and Women, you now have a chance of regaining your health since the importation of

MANAGEMENT OF AID HOME ASKS INVESTIGATION

Request Probe to Clear All Doubts; Refuse to "Adjust Matters"

To clear up all doubts and allegations regarding its management of the institution, the Children's Aid Society will request Hon. J. W. de B. Farris, Attorney-General, immediately, to authorize a "thorough investigation" into the conditions prevailing at the Victoria Children's Aid Home.

Recently David B. Brankin, Superintendent of Dependent and Neglected Children, acting on instructions from Mr. Farris, inspected the Home with a view to recommending to the Attorney-General whether an official investigation should be held or not. Mr. Brankin conferred on the matter with Mayor Porter, President of the Children's Aid Society, which has charge of the Home, later the Mayor wrote the following letter to Mr. Brankin, it was learned today:

"I beg to inform you that at a meeting of the Directors of the Children's Aid Society held yesterday your communication in reference to a settlement of the matters in dispute between the management of the Home and certain individuals was considered and the following resolution was adopted; namely:

"'That Mr. Brankin be notified that the Children's Aid Society cannot agree to any meeting with the complainants to adjust matters, and that nothing short of a thorough investigation, under oath, will settle the case, and that the Attorney-General will be requested to authorize the same without delay.'"

"Our desire is simply to clear up the whole matter and settle all doubts once and for all," His Worship stated in making public this correspondence.

GOUIN PREDICTS BIG BOOM SOON

Quebec Premier on Way Back to Canada From Britain

London, May 17.—(Canadian Associated Press)—Sir Lomer Gouin, Premier of Quebec, is at sea on the Minnedosa, having sailed Saturday for Canada.

He said before leaving that on no previous visit had he realized so fully the breadth and vision of British statesmen. He had good reason to anticipate as a result of the visit that immediate steps would be taken to develop some of Canada's great natural resources.

"We are, I believe, on the eve of a great boom," he said. "The world is crying for more manufactured goods and we have an inexhaustible raw material supply which we want worked by British capital."

The Agent-General's office in London, he added, was proving increasing valuable and the Quebec Government would extend its usefulness.

PRAIRIES CALL FOR MANY MORE SETTLERS

Montreal, May 17.—A delegation headed by Mayor M. A. Brown, of Medicine Hat, has arrived here, representing the organization known as the Western Canada Colonization Association, whose object is to promote the population of Western Canada, where it is stated there are 20,000,000 acres of vacant lands.

SOME OF ANTIPODEAN ENTRIES IN OLYMPIED

London, May 17.—(By Canadian Associated Press)—The football Association has made a preliminary choice of thirty-eight players from whom the Association's amateur team for the Olympic games will be made.

Australian advices say that some Australian Olympic representatives will leave on Monday, and the New Zealand party early in June. The former includes Miss Lilly Beaurepaire, Kirkland, Herald and Steadman, swimmers; Halpin and King, cyclists; Hewatt, Marathoner; Baynes, sculling; Hunt and Parker, athletes.

The New Zealanders also include a woman swimmer, Miss Walrond; Davidson, sprinter; Wilson, hurdler, and Hadfield, sculling.

COOLIE DOG WINS FOURTEEN PRIZES

Winnipeg, May 17.—The sensation of the western Coolie Club's show here on Saturday was the eleven months old puppy, Windsor Beach Jerry, owned by W. McLuckie, of Chicago, Ills., and Dryden, Ontario, which won seven firsts and seven specials, including the silver trophy for best collie in the show, defeating the international winner, C. H. Heatherbell's Radnor Chief. Entries totalled 192, representing 56 dogs, believed to be the largest entry of collies ever benched in Canada.

CORNELL WINS

Princeton, N.J., May 17.—Cornell swept Lake Carnegie in the Cornell-Princeton-Yale regatta on Saturday, winning both the varsity and freshman races. Princeton won the junior varsity race from Yale who finished last in all three of the afternoon events after coming to the start, the favorite in every one.

NANSEN LOOKS INTO PRISONER PROBLEM IN SIBERIAN AREA

Rome, May 17.—Signor Tittoni, the Italian representative, announced at Saturday's meeting of the League of Nations Council that Dr. Fridjof Nansen had agreed to the Council's request that he investigate the question of the Siberian prisoners and make suggestions with a view to saving these unfortunate men from spending another winter in exile.

STATES AND OIL POLICY OF BRITAIN

U. S. Officials Believe Britain Trying to Secure All Resources Possible

Washington, May 17.—Great Britain's policy with reference to world petroleum supplies is reported to be to exclude aliens from the control of petroleum supplies within the Empire, and to endeavor to obtain some measure of control over all properties in foreign countries, the Senate was informed to-day in a State Department report transmitted by President Wilson.

The report, signed by Under-Secretary Frank L. Polk, was furnished in response to a resolution by Senator Gore, Democrat, Oklahoma, asking what disabilities were being imposed upon American exploitation of world oil resources by other countries.

NEWS AND NOTES OF THE MINES

Gold Discovery

Reports of the discovery of gold in Northestern Siberia have reached Nome and many boats are awaiting the opening of navigation in deadiness to carry "stampeders" to the new fields. Ice is reported broken five miles out in Bering Strait from Nome, and the schooner Polar Bear has already been hauled out a considerable distance. Holes are being cut in the ice for her launching so that she may get an early start for Siberia.

The Nome Chamber of Commerce and other commercial bodies have appealed to the government to reestablish press and commercial wireless communication between the station here and Anadyr, Siberia, suspended by departmental orders when the United States entered the war.

American Oil Drillers.

According to E. P. Connolly, an American oil driller who returned, on the Katori Maru, from Burma, where he had a contract with the Burmahan Oil Company, of Glasgow, Scotland, the life of the American oil man in Burma is not one of pleasure, nor is it one of profit. American "coolies" is the term by which American oil men are designated by the British of Burma, said Mr. Connolly, and as there are at present some 200 of American drillers there, the discontent is general. All difficulties between the oil company and employees are to be adjusted in Burma courts, which are controlled or operated by the oil company, so the festive oil driller of American birth gets his; get it going or coming.

Utica Mines

At the annual meeting of the Utica Mines, Ltd., held at Kaslo, it was decided, in view of the optimistic report of the lessees as to the amount of ore in sight in the Utica mine, not to accept an offer recently made, for a controlling interest in the company.

The following directors were elected: President, J. D. Chaplin, St. Catharine, Ont.; vice-president and manager, C. F. Caldwell, Kaslo; Alex. Grant, Frank T. Abey, Oswald McDougall, A. S. Caldwell, and T. R. French, directors.

A rich find of ore was made many months ago by lessees of the old workings, by raising toward the surface, A. J. Poyntz and Mr. McDougall being two of the leasing syndicate.

Unuk River

Impressed with the possibilities of mineral development in the area lying between Portland Canal and Alice Arm and Atlin, a party of returned soldiers, headed by Captain T. F. Harper Reed, is preparing to head north when the condition of the snow and flood waters is just right for entry. The ground the party intends to acquire lies at the head waters of the Unuk River, where it is alleged that the mineral showings rival those of the Portland Canal.

The Unuk River is impassable at this season of the year and most of the prospectors are going over the divide from Stewart. It is the opinion of Capt. Reed that it is impossible to pack over the divide sufficient supplies and equipment to make it feasible to explore the Unuk Basin, but he thinks that if one knows intimately the channels, sandbars and currents of the Unuk a high-powered motorboat can make it about June 1, and it is his plan to take his party in by that route.

Capt. Reed knows the country well, having been associated with Dr. D. D. Cairns on the Dominion geological survey and international boundary survey, which made maps of the whole country from Stewart northward to Atlin district, and worked out the geology and mineral resources. Members of the survey were not entitled to stake any mineral properties discovered.

Associated with the party is F. E. Mitchell, M.E., formerly examination engineer for the Consolidated Mining Company, of Idaho, and late of the C.E.F., who, with Capt. Reed, will direct the party of returned men in the work of locating and opening up of prospects. The party is financed by a semi-private company composed of business men and known as the Lode Prospecting & Development Co., Limited.

Coal at Chu Chua

Mr. Glenville A. Collins, of Seattle, the well-known American mining engineer and president of the International Mining convention in Seattle this Spring, is spending this week in the Kamloops district reporting on a number of well-known properties for Seattle capitalists. He was recently appointed consulting engineer for the Queen Bess mines at Blackpool and the Chu Chua coal mines.

Mr. Collins is preparing plans for a washing and screening plant which will be installed at the coal property next month. The coal will be graded by the new plant into steaming, furnace and nut sizes. More extensive shipments will be made from the mines after July 1.

More extensive general development is to take place at the Queen Bess this season and a tunnel will be driven to cut the ore body at a depth of about 900 feet below the present workings.

FINANCIAL NEWS

UNCERTAIN MARKET IN WALL STREET

(By Burdick Brothers, Ltd.)

New York, May 17.—The stock market here to-day displayed very little excitement with the exception of Texas Pacific Coal & Oil Co. which had a drop of 18 points, closing at 59. Also on reports that plans are now being made to extend United Retail Stores throughout Europe, this stock had an advence of 4 points, closing at 75¼. The buying in the rest of the stock list was very thin and scattered liquidation and fresh bear advices made quite an impression on prices. However, shortly before closing time the money rate was reduced to 6 per cent., causing a slight rally.

TO-DAY'S TRADING IN WINNIPEG MARKET

Winnipeg, May 17.—Business was greatly curtailed because of the extreme lightness of offerings. All grades of oats were in demand, with spreads unchanged to 2 cents better. There was also an excellent demand for barley, with spreads unchanged to 1 cent better for No. 3 C. W. The flax and rye markets were quiet and featureless.

Oats closed ⅛ cent higher for May, 1¼ cents down for July and unchanged for October; barley 1½ cents lower for May and 1⅜ cents down for July; flax closed 11½ cents lower for May and 4 cents down for July, rye 3 cents higher for May.

DEFEATED BY DAZZLE DESIGNS.

Tricking German submarines by camouflage is a game we played very successfully during the war. Dazzle designs were involved which completely deceived the Germans, and the manner in which this was done is described by Lieutenant-Commander N. Wilkinson, who was responsible for much of the work.

In the first place, a small wooden model of each ship was made to scale, on which was painted a dazzle design. This was carefully studied in a prepared theatre through a submarine periscope, and when the design had been altered and arranged that it gave the maximum distortion the model was handed to a trained planmaker, who fitted that design to scale for the particular ship it was intended. The plan was then dispatched to the port at which the particular ship was lying, and transferred to the vessel.

Thus a model and plan were made for every ship. For each type a number of designs were made, so that on arrival at port any ship requiring a dazzle plan could be immediately camouflaged. Sometimes as many as 100 vessels were being painted at the same time in one port.—Tit-Bits.

THE PRESENT PRICES OF

— CANADA'S — VICTORY BONDS

Make these securities exceptionally attractive to purchasers. It is now possible to secure yields as high as 6%, and as they are free of normal income tax, with the exception of the last issue, Victories offer the logical opportunity for the investment of large sums, either for short or long terms, when quick convertability is absolutely essential.

For the small investor Victories are safest. Owing to the present low prices, there are good possibilities of an increase in principal invested, in addition to the excellent interest return. Consult our Bond Department for latest quotations.

SIR R. M. KINDERSLEY HAS REACHED COAST

Governor of Hudson's Bay Company Will Be Here With Party Thursday

Reservations for Sir Robert Molesworth Kindersley and his party have been taken at the Empress Hotel. Arriving Saturday in Vancouver for the functions there, the Governor of the Hudson's Bay Company will reach here on Thursday and stay over until the holiday.

For the staff dinner at Vancouver to the Governor, C. H. French, local manager, and Victoria staff left yesterday, and under the circumstances the local offices were closed to-day.

Sir Robert's party includes Lady Kindersley, Miss Margaret Kindersley and Hugh Kindersley, daughter and son, respectively; Edward Fitzgerald, deputy chairman of the Canadian advisory committee of the Hudson's Bay Company; L. E. Wilson, of London; Capt. R. Forster, of Edmonton; H. M. Wycoff, of New York, and Mr. Malabar, of Winnipeg. Sir Augustus Nanton, chairman of the Canadian advisory committee, and G. F. Galt, a member of the committee, also of the party, stopped over in Calgary and arrived in Vancouver to-day.

Sir Robert and party were met at the station by H. E. Burbidge, stores commissioner; H. T. Lockyer, general manager of the Vancouver stores, and other officials of the company.

Sir Robert, in addition to occupying the position of chief executive of the Hudson's Bay Company, is also a director of the Bank of England, a member of the Court of Fishmongers Company, a lieutenant of the city of London, and the head of Lazard Bros. & Company, a great international banking firm corresponding in the old world to the position held by J. P. Morgan & Company in America. The New York branch of this famous banking house is known as Lazard Freres.

During the war Sir Robert was chairman of the National War Savings Committee, and has just received the G. B. E. for services in that regard. A week before sailing for Canada he gave up the chairmanship and was appointed president of the committee.

His son, Hugh Kindersley, will remain in Canada for another eleven or twelve months, and will probably visit the Mackenzie River district. Mr. Kindersley will then join the firm of Lazard Freres in New York.

Sir Robert expects to sail from Montreal for England on July 14.

WELCOME RAIN FELL LAST EVENING

The general rainfall from 5 o'clock last night to 5 o'clock this morning, was 1.03 inches. Compared with the average rainfall for the month it exceeded it by .4 inches. Victoria has been subjected to a rather long dry spell, for the last rain she had was on April 28. This rain was much needed by the gardeners of the surrounding district.
